License of Water Right No. 98-7094 Priority Oct. 11, 1973 Amount 1.50 cfs

THIS IS TO CERTIFY, that the CITY OF BONNERS FERRY
of Bonnors Ferry, Idaho, has complied with the terms and conditions of Permit
No. 98-7094 issued pursuant to Application for Permit dated October 11, 1973,
and has submitted proof to the Department of Water Resources on November 7, 1975,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.63 cfs of water from an unnamed pond,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Primary source of water shall be water on applicant's own property and utilize water in Drainage District #1 only as a secondary source. To that end, applicant plans on laying a pipe through an existing culvert which crosses under the existing railroad right-of-way into Drainage District #1. Applicant at the present time is securing easements from the Burlington Northern Railroad, the property owners, and from the Commissioners of Drainage District #1.

It is planned to use a 10 h.p. centrifugal pump to pump out of the lower pond to the upper pond. The upper pond is planned to have two pumps: one 7½ h.p. pump for the purpose of keeping the line under pressure, and a 40 h.p. turbine pump for peak irrigation. In addition, there will be a gas-powered pump for pumping out Drainage District #1.

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permits.

Before licenses can be issued, field examinations must be made by a representative of this Department. We cannot tell just which part of the irrigation season these exams will be made in, but our examiner will try to contact you at the time he makes the examinations so that you may show him the systems.

We note that in reviewing this proof affidavit you do not indicate that you have installed measuring devices as required by the conditions of approval of your permits. These measuring devices must be installed by the time our examiner makes the examinations or your water rights cannot be confirmed by the issuance of licenses. We are enclosing a list of the types of measuring devices approved by this office.

If you have any questions regarding the field exams, please contact our District Office in Coeur d'Alene.

Sincerely,

D. Darlene Reich
Water Rights Supervisor

Re: Permit No. 98-7093 and 98-7094

City of Bonners Ferry
Attn: C. A. Eddleman, City Engineer
Bonners Ferry, Idaho 83805

Dear Mr. Eddleman:

One of the conditions of approval of your water Permit No. 98-7093, 98-7094 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
