Dear Mr. & Mrs. Tinkess:

One of the conditions of approval of your water Permit No. 98-7062 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1975. Dear Mr. Heggins

Re: your letter of December 5-73. I did not get the necessary improvements done due to financial problems. I was hospitalized three times from Spring till June.

At which time I was able to work at logging till the fire season demanded that. In the fall my wife was blessed with the same misfortune, and I just didn't have the finances to have the machinery necessary to finish the job. I'm hoping for weather and health conditions as I really need to get water in that area for my stock.

Hoping this meets with your satisfaction

Dear Mr. & Mrs. Tinkess:

One of the conditions of approval of your water Permit No. 98-7062 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Director
