Dear Mr. & Mrs. Bornn:

One of the conditions of approval of your water Permit No. 98-7036 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

C Mr. William E. or Dorothy Bornn

Dear Mr. and Mrs. Bornn:

O As we were processing your application, we noticed that the names entered as the applicants on Item 1 do not correspond with the signatures on the third page.

P Also, the map you have drawn on page 3 indicates your point of diversion is within the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 1, which is different than your description in Item 3. The location of the additional points of diversion that are listed under Item 3 are not shown on the map. The additional points of diversion listed appear to be your place of use rather than your diversion points.

P Item 5 should be 0.22 cubic feet per second of water, which is a total of the amounts shown in Item 4, since both of your uses are consumptive uses of the water.

We are returning your application and personal check #92-95 in order that you may make the necessary corrections.

Y Very truly yours,

BOBBY D. FLEENOR
Assistant Director

Dear Mr. or Mrs. Dorothy Bornn:

We are herewith returning your application for permit, and personal check #92-95, in the amount of \$10.00. We find in reviewing this application, that we will need clarification of a few items before we could consider it for approval.

Under item 3a, we note that you listed the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and the S $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 1, Township 60 N, Range 1 W. In reviewing the map on page 3, we note that you have listed only one point of diversion, located within the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 1, Township 60 N, Range 1 W. Under item 4, you have listed 0.05 cubic feet per second for domestic use, but have neglected to list the number of families to be served from this system under item 8a, 4. Under normal circumstances, the maximum quantity that the department could consider for domestic use would be 1 inch or 0.02 cubic feet per second per single domestic unit.

As soon as you have made these necessary clarifications, and re-submitted the application, we shall begin its processing.

If we may be of any further assistance, please do not hesitate to contact us.

Very truly yours,
