Dear Sir:

Reference your letter dated 31 January 1974.

Re: Permit No. 98-7034 we are at a loss as to how to proceed. In our application for permit par 7 a. we indicated five (5) years were required for completion of works and in par 4 we indicated the period of use would be from 1 May to 1 October.

Since filing the application, winter weather and road washouts have prevented any work or use in utilizing water filed on. We therefore, request an extension of time to file the beneficial use affidavit.

We have not received an approved permit as indicated we should have in reference letter.

Sincerely,

David S. Short

Gentlemen:

One of the conditions of approval of your water Permit No. 98-7034 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

ATTENTION: Merle Olsen, President

Dear Mr. Olsen:

We are returning the application for permit that you have submitted in the behalf of the Kootenai Kattle Grazing Association and the check #92-142 in the amount of \$5.00.

We find in reviewing the application that several of the items need clarification before we could process it. Please note under item 3a, you have listed the point of diversion as being in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, Township 65 N, Range 1 W, but on the map that you have submitted on page three, the point of diversion is listed in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of the same Section, Township and Range. Under item 8a,1, you have listed the place of use as being in the SW $\frac{1}{4}$ of Section 13, NW $\frac{1}{4}$ of Section 13, SE $\frac{1}{4}$ of Section 12, SW $\frac{1}{4}$ of Section 12, and the SE $\frac{1}{4}$ of Section 11, all of Township 65 N, Range 1 W. In reviewing the map again, we find that only a portion of this description is shown.

As soon as you have made the necessary clarifications and re-submitted the application with the minimum \$10.00 filing fee, we shall begin its processing.

If we may be of any further assistance in this matter, please feel free to contact us.

Very truly yours,

Dorian Clay
