WATER RIGHT LICENSE

License of Water Right No. 98-7028 Priority August 21, 1970 Amount 0.02 cfs

THIS IS TO CERTIFY, that HOWARD I. MONKS, JR.
of North Bend, Oregon, has complied with the terms and conditions of Permit
No. 98-7028 issued pursuant to Application for Permit dated August 21, 1970,
and has submitted proof to the Department of Water Resources on June 18, 1973,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.02 cfs of water from an unnamed stream, locally
known as Ruth Creek,
tributary to Robinson Lake, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.02</u> cfs and	<u>0.6</u> acre feet
	from _____ to _____	at _____ cfs and	
	from _____ to _____	at _____ cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 0.02 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
0.6 acre feet per year, said waters to be diverted within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 21,
Twp. 65 N, Rge. 2 E, B. M. in the County of Boundary

Dear Mr. Monks:

Your assumption that a field inspection has not been made of your system is correct. We have the examination report in our office; however, we have not gotten to your area to perform the examination.

The date of October 1, 1975, is for submitting the proof of construction of works and application of the water to a beneficial use. Since you have already submitted this proof, your permit will remain in effect until one of the following happens:

1. The examination is made and a Water License is issued.
2. You abandon the system for a five-year period.

We have your father's address and will make the examination as soon as we are in the area. Feel free to contact us if there are any questions in this matter.

Gentlemen:

I communicated with your office as per the attached correspondence in 1973 but to the best of my knowledge the field inspection of our water system has not yet been made. At least I assume it has not since I have not received the license mentioned in the June 7, 1973 letter.

Could you please let me know the status of my permit at this time? I am concerned since it expires on October 1, 1975.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

Donald W. McEldowney

O Dear Mr. Pace:

P We have reviewed your letter of August 3, 1970, and in as much as Permit No. 32914 has been licensed, the only way an additional water right can be established is by means of a new permit. We have partially prepared a new application for permit that can be submitted by either yourself or Mr. Monks or under a combination interest. Please review this application and enter the additional information as required. We are enclosing a set of instructions that will assist you in this matter. The fee for 0.02 c.f.s. of water is \$10.

Very truly yours,

Y Donald W. McEldowney

RE: WATER LICENSE 32914
APPLICATION FOR INCREASE

Gentlemen:

In July we connected another user to our water system at Robinson Lake. The second residence, a summer home, is owned by Howard I. Monks, Jr. of Coos Bay, Oregon. The Monks own the remainder of the private property around the lake and the source of the diversion is on their property.

We have a $1\frac{1}{2}$ inch plastic pipe which leads from the source out into the lake. We have a T at the end of the $1\frac{1}{2}$ inch pipe and both of our places are now supplied by a one inch plastic pipe off of the T.

Your engineer reduced my application for 0.05 cu. feet per second to 0.02 cu. feet per second. Now that there is another user on the system, we would like to double the permit to 0.04 cu. ft./sec. and also double the acre feet per season.

If you need a special application form completed for this, please advise.

Very truly yours,

Robert M. Pace
