Re: 98-4095

Dear Ms. Matz:

This letter is to provide written verification of our telephone conversation of July 9, 1986.

The water right identified by Claim No. 98-4095 is for one home. It is physically impossible to split a water right for one home since you would then be using water in two or more homes and that would constitute an expansion of use.

I hope this letter is of some value to you and if I can be of further service in this matter, please do not hesitate to contact me.

Sincerely,

TOM D. KING

Dear Mr Stackhouse,

The Department of Water Resources has completed the processing of your claim to a water right, and no further action is authorized under Section 42-225a and 42-225b, Idaho Code. Your claim will be retained in our files and will be available at any time for use by you or the court.

As you are aware, the filing of a claim does not, in itself, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim file, you may have that information or evidence added at any time. Please refer to your claim number when corresponding with our office.

We are enclosing, for your records, a copy of your claim. If you have any questions, or if we may be of any further assistance, please contact us.

Sincerely,
