INSTRUCTIONS

Your claim should set forth all necessary information to describe your claimed right. Failure to give enough information may make your claim of little value. Some of the items in the form may not apply to your situation. Please use additional sheets if space provided is not sufficient to fully answer the questions.

Paragraph No.

1. Give full name and post office address of person or company making the claim.
2. Describe the point of diversion by 40-acre subdivision. Give the name of the source, the drainage to which it is tributary if surface water, and the county in which the point of diversion is located. If there is more than one point of diversion, list others in the remarks section.
3. Give the priority dates and the quantities of water that you claim. You should accurately list the dates that you initiated each new use of the water. List separately the dates and amounts of water involved in each enlargement of the diversion. (Example: if you diverted 0.8 c.f.s. of water for irrigation on May 18, 1871, for the first time for use on 40 acres of land, and then later you enlarged the diversion by diverting an additional 0.4 c.f.s. of water to irrigate an additional 20 acres of land on June 1, 1901, your right should be described as follows:

Date of priority claimed:	May 18, 1871	amount:	0.8 c.f.s. or	acre feet
	June 1, 1901	amount:	0.4 c.f.s. or	acre feet
Total claimed:	1.2 c.f.s. or			acre feet

- Since the water was used for irrigation between April 1 and October 31 on that particular farm, part b. would be completed as follows:
- use irrigation period of use from April 1 to October 31 (both dates inclusive). If the water had been used for any other purpose, you would have described the priority date, amount, use, and period of use in a similar manner.
4. Describe the diversion works and explain any changes since the right was first initiated.
 5. If the water is used for irrigation, give the total acreage and list the lands irrigated by 40-acre subdivisions and complete the other questions.
 - 6, 7, & 8. Describe any other uses of water.

9. In the remarks section, give any information or details that you feel are not fully covered or that need clarifying. You might explain your operation, where the water is returned to if for an industrial or non-consumptive right, the condition and temperature of the returned water, and any other information to help explain your claim.

You may wish to include as a part of your claim, affidavits of witnesses who are familiar with your right and who have a personal knowledge of the circumstances which you have described in your claim. You may submit maps, drawings, certified copies of posted notices which may have been filed in the county courthouse, water measurement records, or any other document which you feel will support your claim.

Your claim will be advertised in a county newspaper for two weeks. Exceptions to your claim which dispute the water right that you have described may be received by the Department of Reclamation and you will be provided a copy of such exceptions.

The fee for filing a Claim to a Water Right is \$10.00. Your claim and fee may be submitted to one of the following offices:

I recieved your letter dated 4 Apr, 1974 and as you suggested I did some more checking and according to the county assors office Round Prairie creek is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec 30.

My property description reads as follows;

According to the assors office Lot Four is in the SW $\frac{1}{4}$ and also Round Praire Creek is in the SW $\frac{1}{4}$.

Thank You for the Trouble

Mr. Loren E. Mathis
Star Route 2
Bonners Ferry, ID 83805

Dear Mr. Mathis:

Thank you for your letter of March 29, 1974, bringing to our attention the discrepancy in the legal description of your Claim.

The point of diversion was recorded as the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ on your original Claim; therefore, we have typed an Amended Claim for your review and signature. However, according to our maps (see back of Claim), Round Prairie Creek does not enter the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 30. Perhaps you should check the location further before submitting the Amended Claim to our office. If we are in error, please have your signature notarized on the Claim and return it to our office for processing.

There is no additional filing fee for the Amended Claim. If we may be of any further assistance, feel free to contact us.

Very truly yours,

FRED EISENBARTH
