INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Fish & Game Dept.
Building

Boise, Idaho

September 3, 1946

Dear Sir:-

Under the terms of your permit No. ~~R-735~~-----you are required to complete your ~~storage~~ ^{diversion} works on or before---~~November 3, 1946~~-. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Dear Mr. Kulp:

Mr. John J. Boyle was in your office last week and submitted plans for the construction of dams at the Boundary County Refuge and Elk River Refuge. At that time you gave him verbal approval of plans.

In order to submit these projects to the U. S. Fish and Wildlife Service we must have two letters from you, (one each for the Boundary County Refuge and Elk River Refuge) stating that you examined the plans for the dam construction and that they met with your approval.

Thanking you in advance, we are
