

**NOTICE OF APPROVED
APPLICATION FOR WATER**

Notice is hereby given that John Severson, Star Route No. 2, Bonners Ferry, Idaho has received an approved permit No. 33066 to divert 7 cubic feet per second of water from the Kootenai River, tributary of the Columbia River. The priority to be established under this permit is August 4, 1966. Water will be diverted by a pump, motor, and sprinklers within Lot 2, Sec. 28, T. 62 N, R. 1 E, B.M., Boundary County and is to be used for irrigation in the SW 1/4 SE 1/4, sec. 21; Lot 2, sec. 28, T. 62 N, R. 1 E, B.M.

Any protests against the intent of the permit must be filed with the Department of Reclamation within ten days from the last date of publication of this notice.

License of Water Right No. 33066/98-2131 Priority August 4, 1966 Amount 0.46 cfs

THIS IS TO CERTIFY, that JOHN SEVERSON
of Bonnors Ferry, Idaho, has complied with the terms and conditions of Permit
No. 33066/98-2131 issued pursuant to Application for Permit dated August 4, 1966,
and has submitted proof to the Department of Water Administration on August 14, 1969,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 0.46 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from the Kootenai River
tributary of the Columbia River, is hereby confirmed in the following amounts:

Amount 0.46 cfs for Irrigation from May 15 to Oct. 1 (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Subject, however, to the condition that no more than 0.46 cfs of water be diverted at
any one time, said waters to be diverted within ~~the~~ Lot # 2 of Sec. 28,

Twp. 62 N, Rge. 1 E, B.M.

in the county of Boundary; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 105 acre feet per year or _____
3.0 acre feet per acre.

OF THE

STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 33066)

in the name of John Severson, Star Route 2)

Bonnors, Ferry, Idaho)

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. 33066 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.
2. The conditions of the above-numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit holders expense for two weekly issues in the official newspaper of the county in which the point of diversion lies.
 - b. The permittee will not be required to submit proof of completion of works as originally specified, but will be required to submit proof to the Department of Reclamation of the application of the water to beneficial use on or before August 15, 1969. The permit holder should be aware that failure to complete one-fifth (1/5) of the works within one-half (1/2) of the time originally set for Completion of Works may be grounds for cancellation at the instance of the Department.

Dated this 22 day of Oct., 1968.

Dear Mr. Severson:

A representative of this Department has made an examination of the works covered by your Permit No. 33066/98-2131 and has found the following:

Quantity of water diverted: 0.46 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.46 cfs

The maximum quantity diverted shall not exceed 105 acre feet per year.

Beneficial use: Irrigation of 35 acres within the SW1/4SE1/4, Sec. 21, Twp. 62 N, Rge. 1 E, B.M.

Point of diversion: Lot #2 Sec. 28, Twp. 62 N, Rge. 1 E, B.M.
Source: Kootenai River

Priority date established: August 4, 1966

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth above.

Sincerely,

Bobby D. Fleenor

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

October 18, 1968

Re: Permit No. 33066

Mr. John Severson
Star Route #2
Bonners Ferry, Idaho 83805

Dear Mr. Severson:

Thank you for your letter of August 23, 1968. During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. These procedures and amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

Therefore, the department feels that in your case it would be better if your completion of works requirements were relieved rather than approving an extension of time. This will allow you to complete your works and submit proof of beneficial use on your permit up to the date of August 15, 1969. If, at this time you feel that you require an additional length of time you may submit an extension of time form prior to the proof due date of August 15, 1968.

The enclosed order modifies your permit to comply with the rules and regulations that the department adopted. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. This must be completed and you must submit the affidavit of publication to the department before your proof will be considered complete.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Star Route # 2
Bonners Ferry, Idaho
August 23, 1968

AUG 26 1968

Department of Reclamation
Room 107, State House
Bozeman, Idaho
Department of Reclamation

Dear Sir:

Some time ago I received forms from your office to be returned as proof of completion of work on water diversion, Permit No. 33066. I neglected to return the forms in hopes of completing the entire project by this time. Now I am unable to locate the forms.

With regards to the project, I have been irrigating approximately 30 of the 35 acres for which I applied for water since August, 1966. This work was done in accordance with the plans which were submitted with my original application.

However, I encountered considerable more work, expense, and technicalities in putting water onto the land which lies across the county road and a branch of the Great Northern Railroad(said branch known as the K V Railroad) than I had anticipated. At the present time I have only a temporary means of bringing water to that land. I believe that I have Plans now which will meet with the approval of the Railroad and which I can afford.

I am hoping that your office can grant me an extension of time in completing this part of the project. I need the water on this land in part for irrigation, but also for additional fire protection in the unusually dry seasons such as we had last summer and for some time this summer. If you can grant me an extra year for this project I would appreciate it greatly. If you cannot extend it more than sixty days, I will put forth every effort to complete it in that time.

I am including with this letter a copy of the map of the entire project on which I have indicated the location of the road and railroad crossing as proposed and also the land which will be served by this crossing.

In the meantime I will return the forms which you sent me, if I can locate them, or if you will send me new forms I will return them immediately.

Thank you.

Sincerely,

John Severson

DEPARTMENT OF RECLAMATION

Boise, Idaho

June 3, 1968

Re: Permit No. 33066

John Severson
Star Route # 2
Bonners Ferry, Idaho

Dear Mr. Severson:

Under the terms of your Permit No. 33066 you are required to complete your diversion works on or before August 15, 1968. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the said permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

R. KEITH HIGGINSON
State Reclamation Engineer

Bonners Ferry, Idaho

Dear Mr. Severson:

We enclose Permit No. 33066 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. 53338 which was issued covering payment in the amount of \$ 5.00 for the filing fee of the above mentioned permit.

Very truly yours,

Enc. permit
