RECEIVED
OCT 2 1963

Department of Reclamation

I hope this will be of help in locating the spring. My property is outlined in red. The spring is two to three feet over the line on my place. The two places have been farmed together for at least 15 yrs. by the owners of my place. The lady who owned the adjoining place passed away & it was sold to another party. I don't know that there would ever be any trouble or argument over it but I thought it best to file on it as it does run onto the other place.

Application For Permit To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 39523
PERMIT No. 31414
DISTRICT No.

Assigned to C. C. Hauck
Rt. #1, Bonners Ferry, Ida.

1. Name of Applicant: Clarence H. Boatman
R. R. #1

Postoffice address: Bonners Ferry,

County: Boundary

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: .02 cubic feet per second.

3. Source of water supply: Spring which is a tributary of

4. Location of point of diversion: 19 rods S; 19 rods E; 12 1/4' SE feet distant from the W 1/4 corner of Section 23, T. 61 N, R. 1 E, B.M., and is in the NW 1/4 SW 1/4 of section 23, T. 61 N, R. 1 E, B. M., County of Boundary

5. Water is to be used for Stockwater

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: 400 SE feet distant from W 1/4 corner of Section 23 T. 61 N, R. 1 E, B.M., in the NW 1/4 SW 1/4 of Section 23, T. 61 N, R. 1 E, B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.

7. Estimated cost of works: \$ 55.00

8. Kind of works: Pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe 4 inches; length of conduit 60 ft. miles.

Average grade per mile feet.

12. The time required for the completion of such work is 1 years.

13. The time required for the complete application of the water to the proposed use is 1 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that C. C. Hauck, Route No. 1, Bonners Ferry, Idaho has received an approved Permit No. 31414/98-2114 issued by the Idaho Department of Water Administration authorizing the diversion of 0.02 cubic feet per second of water from a spring. The priority to be established under this permit is November 28, 1968 and the permit was approved October 4, 1968.

Water is to be diverted by pipe from a point within the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, T. 61N, R. 1E, B.M., Boundary County to be used for stock-watering purposes in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, T. 61N, R. 1E, B.M.

Proof of the application of the water to beneficial use was submitted to the Department on November 30, 1970. Any protest against the issuance of the license for the above referenced permit should be filed with the Idaho Department of Water Administration within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit.

Dear Mr. Hauck:

A representative of this Department has made an examination of the works covered by your Permit No. 31414/98-2114 and has found the following:

Quantity of water diverted: 0.02 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 1.07 acre feet per season.

Beneficial use: Stockwater purposes within the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 61 N, Rge. 1 E, B.M.

Point of diversion: Same as above

The priority date established is: Nov. 28, 1968 (late proof)

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR

Re: Permit No. 31414/98-2114

Mr. C. C. Hauck
Route #1
Bonners Ferry, Idaho 83805

Dear Mr. Hauck:

We acknowledge receipt of the affidavit of beneficial use submitted in connection with permit no. 31414/98-2114. Please find enclosed a copy of the assignment and the permit sheet in connection with the above referenced permit.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed yellow advertising form, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Re: Permit No. 98-2114

Mr. Clarence H. Boatman
Naples, Idaho 83847

Dear Mr. Boatman:

We are enclosing a beneficial use affidavit and instructions, which you may use to complete your permit. We are also enclosing an assignment form that you may use to convey your permit to the new property owners with. Remember that we must be in receipt of your beneficial use form and assignment form on or before November 30, 1970.

If you have any questions in the matter, please feel free to contact us.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Dept. of Water Administration

Dear Sirs,

I received a Certified letter regarding Permit 31414 / 98-2114 a few days ago. As I lacked a little having the water put to beneficial use in the required length of time I thought the permit would be automatically cancelled. However I did go ahead and complete the installation of my line and tank and put it into use.

I seem to have misplaced my application papers as I am unable to find them. 98-2114

I sold the farm last June
but if possible I would like
to complete this for the
protection of the new owner.

Would you please let
me know if I can complete
it and if my permit
application papers can be
replaced.

Sincerely

Clarence H. Boatman

Re: Permit No. 31414 (New No. 98-2114)

Mr. Clarence H. Boatman
R. R. # 1
Bonners Ferry, Idaho 83805

Dear Mr. Boatman:

It appearing to the Department of Water Administration that the terms and conditions of Permit 31414/98-2114 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit proof of beneficial use of water due on October 4, 1965,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before November 30, 1970, why said permit should not be cancelled.

Permit 31414/98-2114 claims the use of .02 cubic feet per second of water, the point of diversion was to be located within the NW 1/4 Sec. 23, T. 61N, R. 1E, B.M. and the permit was approved October 4, 1963.

R. KEITH HIGGINSON
Director

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Re: Permit No. 31414

Date:

Aug. 2, 1965

Clarence H. Boatman
Route #1
Bonners Ferry, Idaho

Dear Mr. Boatman:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 31414 is due not later than Oct. 4, 1965. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated -- by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho

July 31, 1964

RE: Permit No. 31414

Clarence H. Boatman
Rt 1
Bonners Ferry, Idaho

Dear Mr. Boatman:

Under the terms of your Permit No. 31414 you are required to complete your diversion works on or before October 4, 1964. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

State Reclamation Engineer

I hope this will be of help in locating the spring. My property is outlined in red. The spring is two to three feet over the line on my place. The two places have been farmed together for at least 15 yrs. by the owners of my place. The lady who owned the adjoining place passed away & it was sold to another party. I don't know that there would ever be any trouble or argument over it but I thought it best to file on it as it does run onto the other place.

Re: Application for Permit

Clarence H. Boatman
Route #1
Bonners Ferry, Idaho

Dear Mr. Boatman:

Returned herewith is your application to divert water from a spring with attached check for \$5.00 filing fee.

Water from the spring is private water and can only be appropriated by the owner or the owner's permission.

Kindly show under remarks who owns the land at the spring and if it is not in your name, the owner must complete the affidavit of permission at the bottom of the page.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer
