BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 27623

This proof is for Completion of Works & Beneficial Use In Water District No. _____1. Name of applicant State Dep't. of Fish & Game2. Source of water supply: Gillon Creek3. Location of point of diversion: Is in the _____ Lot 5 of Section 21T. 65 N R. 2 E.B.M. County of Boundary

4. Describe works as they exist, giving dimensions and capacities of same: _____

An 18" highway culvert with h = 20" above top of pipe controls flow of dam with 18" x 13" culvert controls flow. Actually takes nearly all of Gillon Creek for 100-200 yds at this time of year.

_____ of the propagation of fish and wildlife and for recreational use.

5. Water is used for: Storage, maintenance and replacement of the waters of Robinson Lake/6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lot 5, Sec. 21., Twp. 65 N., Rge. 2 E.B.M.

Gillon creek is practically dry for a short distance

h on culvert = approx 2 1/2 feet. h differential = approx 1 1/2'

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

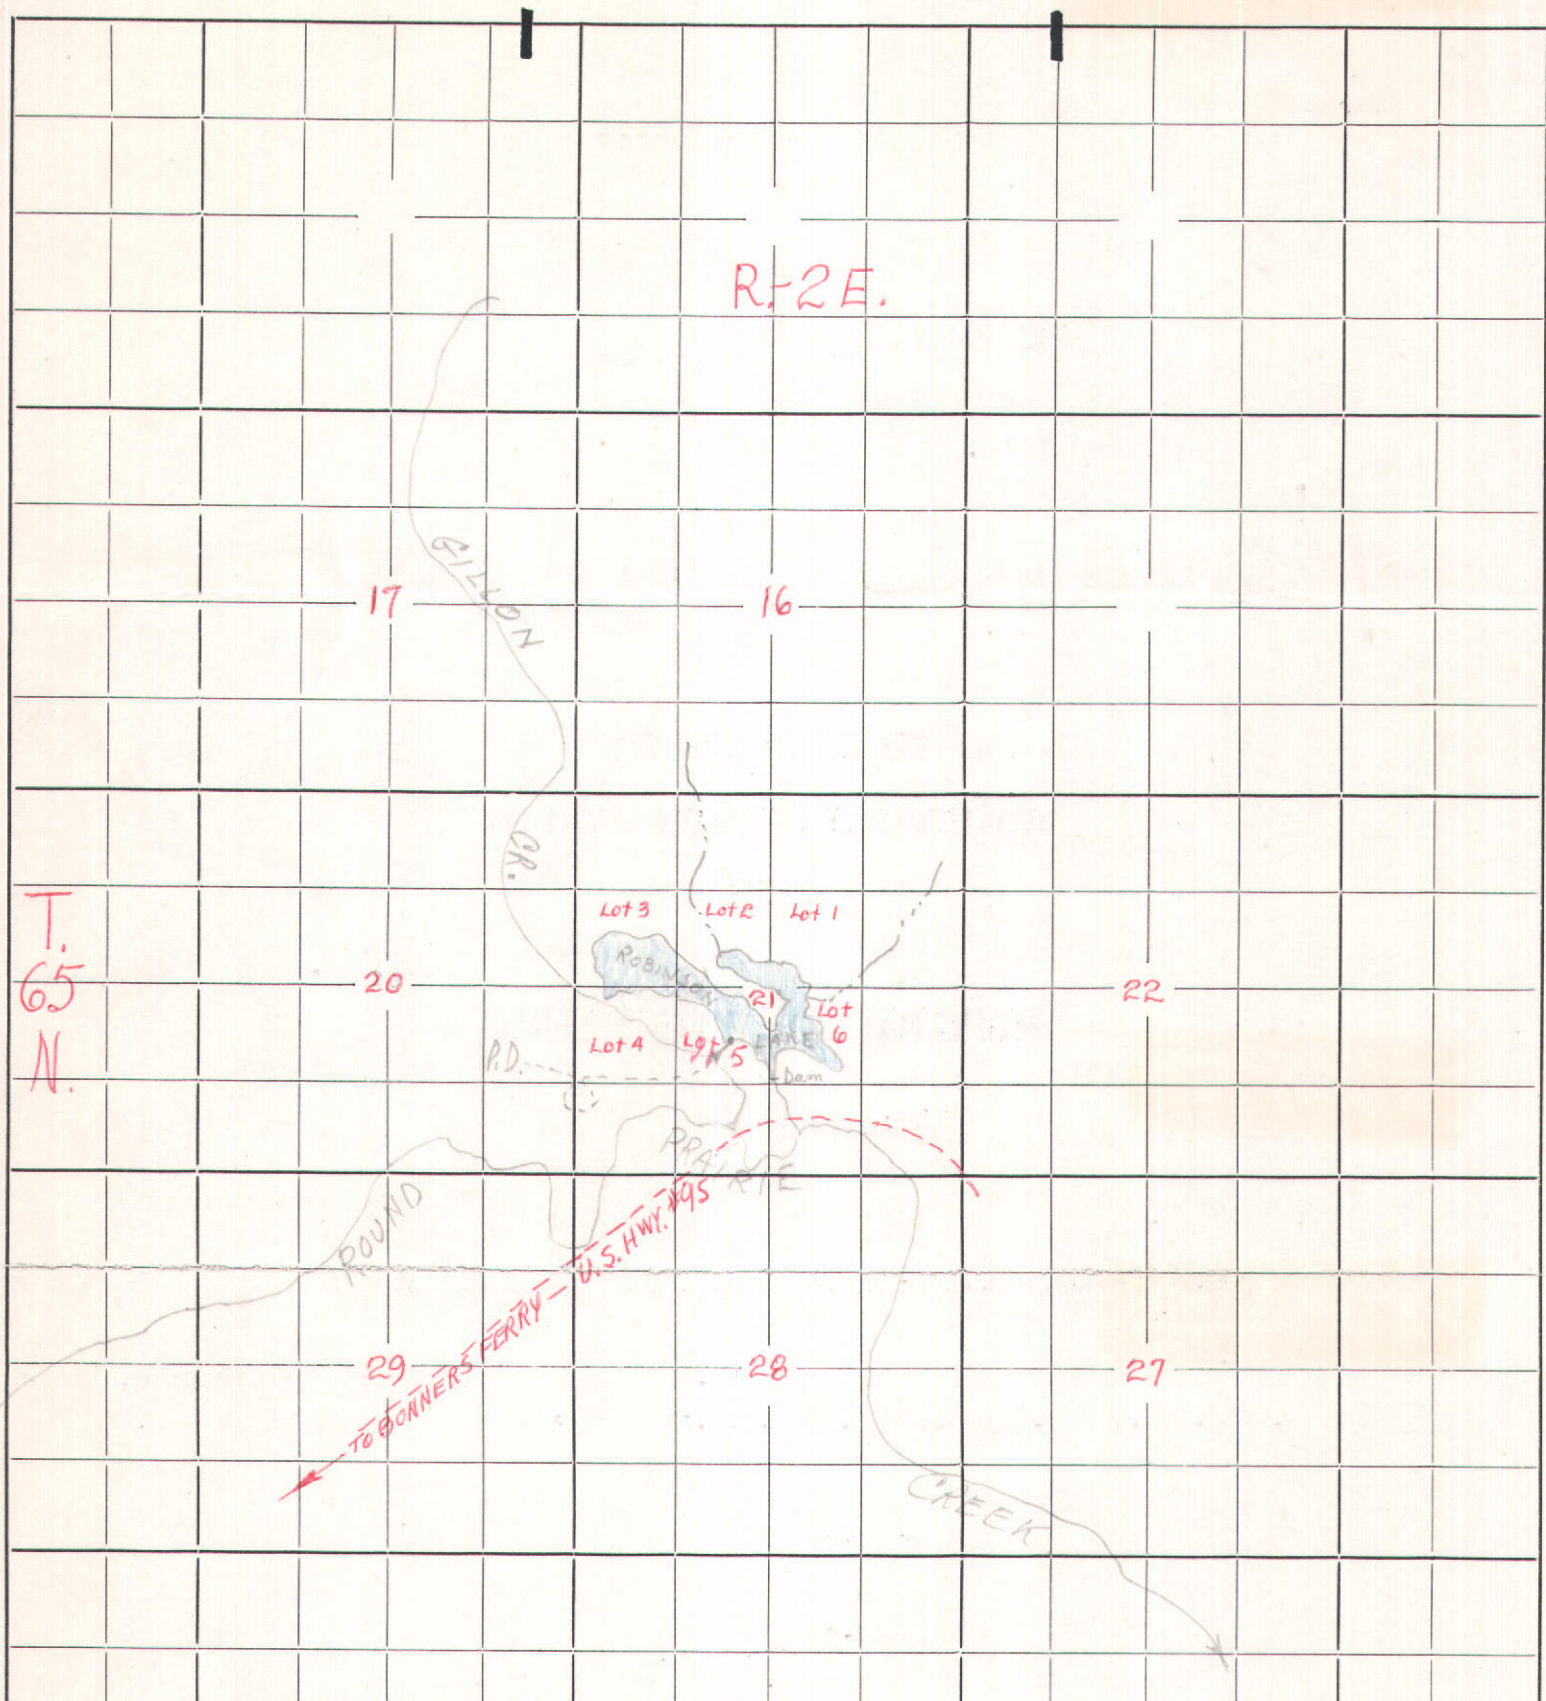

Remarks: *Paul Jepperson (Fish & Game Dept from Eagle) along. He is Fish Biologist for N. Idaho.*

Mr. J. says they actually use only about one half this amount.

*(owner of dam)
Mr. Monk says they close it down to prevent overflow of dam at mouth of lake.*

This examination was made on the 24 day of August, 1960(Signed) E. N. Humphrey Examiner.

27623

Use = maintain fresh water in Robinson L.
 $Q = 7.5 \text{ cfs}$ amt of filling.

Culvert pipe will carry more
 water than requested.

**NOTICE FOR PUBLICATION
FOR COMPLETION OF WORKS
AND BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M., on the 14th day of December, 1959, at 518 Front Street, Boise, County of Ada, State of Idaho, before Anna Mastro, proof will be submitted of the completion of works and application to beneficial use of 7.5 cubic feet per second of the waters of Gillon Creek and storage of 750 acre feet per annum of the waters of Gillon Creek within Robinson Lake in accordance with the terms and conditions of Permits Nos. 27623 and R-1033 heretofore issued by the State Reclamation Engineer, Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are State of Idaho, Department of Fish and Game, 513 Front Street, Boise, Idaho.

The use to which said water has been applied is storage, maintenance and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational use.

The amount applied to beneficial use is 7.5 c.f.s. of the waters of Gillon Creek and 750 acre feet per annum of the waters of Robinson Lake.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Robinson Lake located within Section 21, Township 65 North, Range 2 East, Boise Meridian. The diversion point of Gillon Creek is located within Lot 5, Section 21, Township 65 North, Range 2 East, Boise Meridian.

The name of the canal or ditch or other works by which said water is

conducted to such place of use is Private ditch.

The right to take water from such works is based upon Permit Nos. 27623 and R-1033.

The source of supply from which such water is diverted is Gillon Creek.

The date of priority which said user is prepared to establish is November 7, 1958 for diversion of waters from Gillon Creek and September 22, 1958 for storage of waters in Robinson Lake.

GEO. N. CARTER
State Reclamation Engineer.

Application For Permit To Appropriate the Public Waters of the State of Idaho

98-2104

APPLICATION No. 35559
PERMIT No. 27623
DISTRICT No.

Idaho Fish & Game Department
518 Front St.,
Boise, Idaho

1. Name of Applicant: STATE OF IDAHO, DEPARTMENT OF FISH & GAME

Postoffice address: 518 Front St., Boise,

County: Ada

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 7.5 cubic feet per second.

3. Source of water supply: Gillon Creek, which is a tributary ~~which is a tributary of~~ of Round Prairie Creek which is a tributary of Moyie River

4. Location of point of diversion: Approximately 1980 feet distant from the south quarter corner of Section 21, T. 65 N., R. 2 E., B.M., and is in ~~the~~ Lot 5 of section 21, T. 65 N., R. 2 E., B. M., County of Boundary

5. Water is to be used for Storage, maintenance and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational use.

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T. , R. , B.M., in the of Section of , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 500.00

8. Kind of works: Bank of the stream edge was cut and an 18-inch culvert installed therein, culvert permits diversion of waters into a canal for carriage to Robinson Lake.

9. Height of dam None feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width 18" culvert feet; height feet.

11. Ditch: Width at bottom 8 feet; width at water line 10 feet; depth of water 1 feet; dimensions of flume:

Diameter of pipe 18 inches; length of ~~canal~~ canal 330 feet miles.

Average grade per mile 2 feet.

12. The time required for the completion of such work is one years.
improved in July, 1958

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? Yes, Robinson Lake If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit: Robinson Lake, R-1033
 (c) Date of filing of Application for Storage Permit and Name of Applicant: September 29, 1958, State of Idaho, Dept. of

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
			<u>REMARKS:</u> Robinson Lake is a natural lake with a small watershed with intermittent drainage into the lake. During the summer months the lake level without diversion waters drops to that elevation of the outlet and the oxygen content of the water becomes depleted and will not support fish life at that period of time and during the winter months. In 1914 the adjacent waters of Gillon Creek were diverted into Robinson Lake by the owners of the land on which the diversion is located. This fresh flow of waters into the lake raises the oxygen content of the waters of the lake sufficient to support fish life. Waters have been diverted from Gillon Creek since that time, except for occasional periods when the diversion canal was not maintained. In 1958 the Idaho Department of Fish and Game improved the Gillon diversion point and improved the diversion canal. Use of the waters is a non-consumptive use and maintains the water level of Robinson Lake at the level of its natural outlet.																

Permit No. 27623
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that STATE OF IDAHO, DEPARTMENT OF FISH AND GAME, of Boise, County of Ada, and State of Idaho, the holder of permit 27623, issued upon Application No. 35559, bearing date of priority of November 7, 1958, authorizing the diversion of 7.5 second feet of waters of Gillon Creek, County of Boundary, State of Idaho, for maintenance of water level of Robinson Lake has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said permit; that said works are adequate for diverting and conveying to the place of intended use 7.5 second feet of the waters of Gillon Creek, tributary of Round Prairie Creek; that the point of diversion of said waters is Lot 5, Section 21, T. 65 N., R. 2 E., B. M.; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: To maintain the water level of Robinson Lake for propagation of fish and wildlife and for recreation.

Witness my hand this 15 day of September, A. D., 1960.

Re: Permits No. 27623 - R-1033

Idaho Department of Fish and Game
518 Front Street

Attn: Ross Leonard, Director

Dear Mr. Leonard:

An analysis of the water sought to be appropriated under Permit No. 27623, and stored under Permit No. R-1033 does not indicate there is actually any storage of water. The purpose of filing No. 27623 appears to be for the diversion of enough water from Gillon Creek to maintain a normal pool level in Robinson Lake, but not to divert a storage release from said lake.

It appears that all that is necessary would be to complete Permit No. 27623 for a certificate of completion of works permitting the diversion of 7.5 cubic feet per second from Gillon Creek and relinquish Permit No. R-1033.

If such procedure is satisfactory to your department a license can be issued on the information contained in the deposition of the holder and two witnesses.

Enclosed is a relinquishment form to be used in connection with Permit No. R-1033.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

**NOTICE FOR PUBLICATION
FOR COMPLETION OF WORKS
AND BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M., on the 14th day of December, 1959, at 518 Front Street, Boise, County of Ada, State of Idaho, before Anna Mastro, proof will be submitted of the completion of works and application to beneficial use of 7.5 cubic feet per second of the waters of Gillon Creek and storage of 750 acre feet per annum of the waters of Gillon Creek within Robinson Lake in accordance with the terms and conditions of Permits Nos. 27623 and R-1033 heretofore issued by the State Reclamation Engineer, Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are State of Idaho, Department of Fish and Game, 518 Front Street, Boise, Idaho.

The use to which said water has been applied is storage, maintenance and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational use.

The amount applied to beneficial use is 7.5 c.f.s. of the waters of Gillon Creek and 750 acre feet per annum of the waters of Robinson Lake.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Robinson Lake located within Section 21, Township 65 North, Range 2 East, Boise Meridian. The diversion point of Gillon Creek is located within Lot 5, Section 21, Township 65 North, Range 2 East, Boise Meridian.

The name of the canal or ditch or other works by which said water is

conducted to such place of use is Project 1033.

The right to take water from such works is based upon Permit Nos. 27623 and R-1033.

The source of supply from which such water is diverted is Gillon Creek.

It is hereby established that said water was first diverted on September 22, 1958 for storage of waters in Robinson Lake.

GEO. N. CARTER

State Reclamation Engineer.

Bonnars Ferry, Idaho

Gentlemen:

On October 15, 1959, Notice of Publication was mailed to you on the above numbered permits. First publication was made on November 5, 1959 and final publication on November 26, 1959.

To date we have not received an affidavit of publication and as this is a very important part of the files on these permits, we are requesting you mail this affidavit as soon as possible.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. R-1033
Permit No. 27623

Mr. Ross Leonard, Director
Idaho Dept. of Fish and Game
518 Front Street
Boise, Idaho

Dear Mr. Leonard:

We acknowledge receipt of depositions of holder and witnesses of completion of works and beneficial use of water under Permits No. 1033 and 27623, diversion of Gillon Creek to Robinson Lake, Kootenai County.

The affidavit of publication, which was not enclosed is necessary to complete the file.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact you at the time he makes the examination in order that you may arrange to show him over the ground.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ross Leonard, Director, State of Idaho Department of Fish and Game,
 518 Front Street, Boise, Idaho. Residence, Boise, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for and in behalf of the State of Idaho Department of Fish and Game as its Director.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit #27623 dated Nov. 7, 1958; 7.5 c.f.s. from Gillon Creek, diverted N. 24°25' W. 1980 feet distance from the south quarter corner, Sec. 21, T. 65 N., R. 2 E., B.M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Water is diverted from Gillon Cr. into Robinson Lake and is used in Robinson Lake for the purposes of storage, maintenance, and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational purposes. Robinson Lake is located within Sec. 21, T. 65 N., R. 2 E., B.M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Waters have been diverted from Gillon Cr. under the terms and conditions of Permit #R-1033 and Permit #27623 since July, 1958. Waters have been diverted into the lake in the amount of 7.5 c.f.s. & stored in the lake in the amount of 750 acre feet per annum continuously since that date.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. In part

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. Natural stream bank of Gillon Cr. was cut and an 18" culvert installed within the cut and back filled. Water flows through to the extent of the culvert's capacity. Overflow continued to flow down the natural stream bed of Gillon Creek.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Refer to question 7.

DEPOSITION OF WITNESS

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. T. D. Biladeau, of legal age, 2802 W. Bannock, employed by State of Idaho Department of Fish and Game, 518 Front St., Boise, Idaho.

Ques. 2. Are you acquainted with Ross Leonard, the holder of Permit No. 27623, authorizing the diversion of 7.5 second-feet of the waters of Gillon Creek, at for storage purposes? How long have you known him, and where does he reside?

Ans. I have known him for approximately twelve years. He resides in Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 27623, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. The place of use of 7.5 c.f.s. diverted from Gillon Creek is Robinson Lake for the purposes of storage, maintenance and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational purposes. 750 acre feet per annum of waters are required.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. The natural stream bed of Gillon Creek was cut and 18" metal culvert was installed in the cut and back filled. The waters of Gillon Creek flow through the culvert to the extent of its capacity, being 7.5 c.f.s. The overflow continues down the natural stream bed of Gillon Creek.

PERMIT NO. 27623

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T. D. Biladeau, of legal age, 2802 W. Bannock, employed by State of Idaho
Department of Fish and Game, 518 Front St., Boise, Idaho.

Ques. 2. Are you acquainted with Ross Leonard, the
holder of Permit No. 27623? How long have you known him and where does
he reside?

Ans. I have known him for approximately twelve years. He resides in Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 27623, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Source of water supply is Gillon Creek. Point of diversion is N. 24°25' W.
1980 feet distance from the south quarter corner of Sec. 21, T. 65 N., R. 2 E., B.M.,
and is in Lot 5 of Sec. 21, T. 65 N., R. 2 E., B.M.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 7.5 c.f.s. water diverted from Gillon Cr. and 750 acre feet per annum stored
in Robinson Lake.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Waters are diverted from Gillon Cr. into Robinson Lake and are used in Robinson
Lake for the purposes of storage, maintenance, and replacement of the waters of
Robinson Lake for the propagation of fish and wildlife and for recreational purposes.
Robinson Lake is located within Sec. 21, T. 65 N., R. 2 E., B.M.

27623

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Waters are used for irrigation of aquatic plants in Robinson Lake.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In November of 1959 I observed waters stored within Robinson Lake in the amount of 750 acre feet and diversion of 7.5 c.f.s. of the waters of Gillon Creek for maintenance of Robinson Lake.

Boise, Idaho.

Attention: Mr. Ross Leonard, Director

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 27623 & R-1033. The proofs are to be made at 10:00 o'clock A.M., on the 30th day of November, 1959, before Anna Mastro, 518 Front St., Boise, Idaho, Notary Public.

As of this date we have mailed the Notice to the Bonnars Ferry Herald with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

27623

NOTICE FOR PUBLICATION

~~NOTICE FOR PUBLICATION OF WATER~~~~RIGHTS OF PRIVATE USE~~

FOR COMPLETION OF WORKS AND BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 30th day of November, 1959,
 at 518 Front Street, Boise, County of Ada, State of Idaho, before
Anna Mastro, proof will be submitted of the
 completion of works and
 application to beneficial use of 7.5 cubic feet per second of the waters of Gillon Creek and storage
of 750 acre feet per annum of the waters of Gillon Creek within Robinson Lake
 in accordance with the terms and conditions of Permit No.s. 27623 and R-1033
 heretofore issued by the State Reclamation Engineer, Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are State of Idaho,

Department of Fish and Game, 518 Front Street, Boise, Idaho

The use to which said water has been applied is storage, maintenance and replacement of the waters
of Robinson Lake for the propagation of fish and wildlife and for recreational use.

The amount applied to beneficial use is 7.5 c.f.s. of the waters of Gillon Creek and 750 acre
feet per annum of the waters of Robinson Lake.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

Robinson Lake located within Section 21, Township 65 North, Range 2 East, Boise Meridian.

The diversion point of Gillon Creek is located within Lot 5, Section 21, Township 65 North,
Range 2 East, Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is _____

Private ditch.

The right to take water from such works is based upon Permit No.s. 27623 and R-1033.

The source of supply from which such water is diverted is Gillon Creek

The date of priority which said user is prepared to establish is November 7, 1958 for diversion of
waters from Gillon Creek and September 22, 1958 for storage of waters in Robinson Lake.

Geo. H. Learter

State Reclamation Engineer.

Re: Permit No. 27623

Idaho Department of Fish and Game
518 Front Street
Boise, Idaho

Attn: Ted Biladeau

Dear Mr. Biladeau:

Under the terms of your Permit No. 27623, Department of Fish & Game, you are required to make proofs of completion of works and application of water to beneficial use on or before December 2, 1959.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication) the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purposes it is used, the point or points of diversion and the location of use, or lands which are irrigated - by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

**NOTICE FOR PUBLICATION
FOR COMPLETION OF WORKS
AND BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M., on the 14th day of December, 1959, at 518 Front Street, Boise, County of Ada, State of Idaho, before Anna Mastro, proof will be submitted of the completion of works and application to beneficial use of 7.5 cubic feet per second of the waters of Gillon Creek and storage of 750 acre feet per annum of the waters of Gillon Creek within Robinson Lake in accordance with the terms and conditions of Permits Nos. 27623 and R-1033 heretofore issued by the State Reclamation Engineer, Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are State of Idaho, Department of Fish and Game, 518 Front Street, Boise, Idaho.

The use to which said water has been applied is storage, maintenance and replacement of the waters of Robinson Lake for the propagation of fish and wildlife and for recreational use.

The amount applied to beneficial use is 7.5 c.f.s. of the waters of Gillon Creek and 750 acre feet per annum of the waters of Robinson Lake.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Robinson Lake located within Section 21, Township 65 North, Range 2 East, Boise Meridian. The diversion point of Gillon Creek is located within Lot 5, Section 21, Township 65 North, Range 2 East, Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch.

The right to take water from such works is based upon Permit Nos. 27623 and R-1033.

The source of supply from which such water is diverted is Gillon Creek.

The date of priority which said user is prepared to establish is November 7, 1958 for diversion of waters from Gillon Creek and September 22, 1958 for storage of waters in Robinson Lake.

GEO. N. CARTER

State Reclamation Engineer.
