RE: Permit No. 21636

Mr. William Eddy, Secretary
Moravia Water System
Route 1
Bonners Ferry, Idaho

Dear Mr. Eddy:

We return your affidavit in proof of completion of works on Permit No. 21636 for the following corrections:

1. Question 3 should give the point of diversion to a 40 acre subdivision, Section, Township and Range.
2. Question 8 should give the approximate location of the place of use as to Section Township and Range.

Form 10 for notice of proof of beneficial use is incomplete in several particulars and we return same with other blanks.

The date should be set far enough ahead to allow for the statutory four weeks publication and should state the place and also the name of the notary public before whom the proof is to be made.

If the water has been beneficially used so that you can make the proof, the priority will be the date your application was filed in this department.

Very truly yours,

RE: Permit No. 21636

Mr. William Eddy, Secretary
Moravia Water System
Route 1
Bonners Ferry, Idaho

Dear Mr. Eddy:

We have your affidavit in proof of completion of works on Permit No. 21636 of the Moravia Water System but are not quite sure as to the place where the water is to be used.

The Permit mentions 25 families in Section 12, Township 61 North, Range 1 West B.M. and Sections 7, 8, 17 and 18, Township 61 North, Range 1 East B.M.

This is a little different from the place described in your affidavit, which mentions land in Section 1, Township 61 North, Range 1 West B.M., also in Section 6, Township 61 North, Range 1 East B.M., which are not included in the original Permit and does not include any land in Section 17, Township 61 North, Range 1 East, B.M.

If there has been a change in the place of use, an application for amendment should be filed on the form enclosed.

We shall await your further advice before issuing Certificate of Completion of Works.

RE: Permit #21636

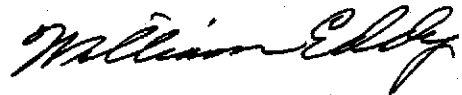

In reply to your letter of February 21, 1955 regarding the affidavit of completion of works the water is being used in Section 12, Twp. 61 North, Range 1 West and Sections 7, 8, 17 and 18 Twp. 61 N, Range 1 East.

There has been no change in the place of use and it is the same as called for in permit 21636 issued to the Moravia Water Association.

We should have checked the permit for legal descriptions before forwarding you the affidavit on proof of completion.

Please advise if this information will enable you to issue certificate on completion of works.

Dear Mr. Eddy:

We have your affidavit in proof of completion of works on Permit No. 21636 of the Moravia Water System but are not quite sure as to the place where the water is to be used.

The Permit mentions 25 families in Section 12, Township 61 North, Range 1 West B.M. and Sections 7, 8, 17 and 18, Township 61 North, Range 1 East B.M.

This is a little different from the place described in your affidavit, which mentions land in Section 1, Township 61 North, Range 1 West B.M., also in Section 6, Township 61 North, Range 1 East B.M., which are not included in the original Permit and does not include any land in Section 17, Township 61 North, Range 1 East, B.M.

If there has been a change in the place of use, an application for amendment should be filed on the form enclosed.

We shall await your further advice before issuing Certificate of Completion of Works.

Moravia Water System
Route # 1
Bonners Ferry, Idaho

Dear Mr. Eddy:

Reference is made to your letter of August 12, 1953, requesting forms and information necessary to secure a license for the Moravia Water System.

According to our records, the Moravia Water System holds Permit No. 21636 for one-tenth (0.1) cubic foot of water from Caribou Creek. Proof of Completion of Works is due on or before August 11, 1955 and proof of Beneficial Use on or before August 11, 1961. However, these proofs may be made at any earlier date.

Proof of Completion of Works may be made on Form 6 enclosed, executed before a Notary Public and returned to this Department with a \$5.00 fee.

The statutes require publication of the notice once a week for four weeks before making proof of Beneficial Use. This notice should be made in duplicate on Form 10 enclosed setting the time and place and naming the Notary Public before whom the proof is to be made. Both copies of Form 10 to be returned to this Department together with Form 11 which is authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper and shall send you the necessary forms of deposition to be used in making the proof.
