Bonners Ferry, Idaho 83805

Dear Mr. Wilson:

The subject permit number was licensed to Mr. Peter DeBoer for 0.25 c.f.s. from Mission Creek with a priority of 12-26-44, with point of diversion in the S $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, T. 64 N., R. 1 E., B. M. Water to be used on 5 acres on SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, Same Township and Range.

The names of Albert Amoth and his wife do not appear in our files. Probably because we do not enter transactions under a permit that has been licensed in our records. The water right being appurtenant to the irrigated land shall pass with a conveyance of such land, Idaho Code 42-220.

Therefore, the recording of the Amoth conveyance should be recorded in the Boundary County records, and we are returning the copy to you herewith.

Dear Mr. DeBoer:

We have received from Mr. Owen Critchfield, Notary Public, the depositions of yourself and two witnesses, also affidavit of publication in the Bonners Ferry Herald, all in proof of beneficial use under your Permit No. 19582.

Before final action can be taken in the matter the law requires that an examination be made by a field engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field engineer for this department, will try to contact you at the time he makes the examination, so that you may arrange to show him over the grounds.

Dear Mr. Critchfield:

We have not yet received the depositions
in proof of beneficial use under the above
numbered permit, in the name of Peter deBoer.

These proofs were to have been made on May 31,
1946, and the forms were sent you on May 20th.

Please advise if the proofs were made, as advertised,
on that date, and if so, please forward us the
depositions.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19582

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On May 31, 1946, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Bonners Ferry, Idaho before Owen Critchfield, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

Re: Permit No. 19582

I examined the May 2 issue of the Bonners Ferry Herald and found that the Notice of Hearing in the above application was not published. I called the office and found that they had the notice but had neglected to insert it.

I took the liberty of changing the notice, setting the hearing for May 31. I felt that this was necessary in order to get in the four publications, which was not possible and have the hearing on May 27. The notice will appear in the issues of May 9, 16, 23, and 30. I hope that this will be satisfactory, and that you will change your records accordingly.

Gentlemen:

We are in receipt of your letter of May 6th, advising that through an oversight the publication of notice of beneficial use proof under the above numbered permit was not made on May 8th, but would have to commence on May 9th- and for that reason you have changed the date of proof from May 27th to May 31st.

If that date is agreeable to Mr. Nixon, Attorney for the applicant, it will be satisfactory to this Department.

Please send us a copy of your first issue containing this notice.

Mr. W. J. Nixon

Bonners Ferry, Idaho

Dear Mr. Nixon:

We acknowledge receipt of your letter of April 16th, enclosing duplicate notice of beneficial use proof to be made by Peter DeBoer under the above numbered permit on May 27th, and also authorization for us to have the notice published in the Bonners Ferry Herald.

We note that this notice only gives the amount as 1/10 of a second foot, whereas the permit calls for 1/4 of a second foot- and we have changed the notice accordingly, as 1/10 of a second foot would be only half an inch to the acre for the 10 acres of land described.

We have also changed the priority date to be established, as the priority date under a permit is the date the application is filed in this Department, which in this case is December 26, 1944.

A copy of the notice has been sent to the Bonners Ferry Herald, with instructions to publish it once a week for four consecutive weeks prior to May 27th, and to send the affidavit of publication, together with statement of cost, to Mr. DeBoer.

About ten days prior to the date set we shall send to the Notary Public, Owen Critchfield, forms of deposition for the permit holder and two witnesses, so that he may have them in ample time for the proof.

On the date set Mr. DeBoer should appear at Mr. Critchfield's office, with two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

A copy of this letter is being sent Mr. DeBoer for his information.

Very truly yours,

Re: Permit No. 19582

Mr. Peter DeBoer
Bonners Ferry, Idaho

Dear Mr. De Boer:

We return the enclosed affidavit, which appears to be offered in proof of completion of works under your Permit No. 19582, for the reason that proof of completion of works under this permit was made by you under date of January 13, 1945, by affidavit executed before J. H. Cave, who forwarded same to this Department, and to whom your Certificate of Completion of Works was sent on January 18, 1945.

The proof that is now due, as per notice sent you on January 2, 1946, is the proof of beneficial use.

In order to make this proof notice must be published once a week for four consecutive weeks in a county newspaper, after which the proof is made by yourself and two disinterested witnesses before the Notary Public named in the notice.

In case you have misplaced the forms enclosed in the notice of January 2nd; we are enclosing others. Form No. 10 must be made out in duplicate, naming the Notary Public before whom the proof will be made, and setting a date- which must be sufficiently far ahead to allow for the four weeks' publication.

Both copies of the notice to be returned to this Department, together with Form No. 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing same.

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19582. This should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make proof, in order to allow time for the four weeks' publication required by law.

The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than March 29, 1946, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.
