

State of Idaho

License and Certificate of Water Right

Water License No. 19554

Amount 6.88 second feet

Water District No.

Priority October 21, 1944

THIS IS TO CERTIFY that HAZEL MILES
of Bonners Ferry, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated October 21, 1944; that Permit No. 19554
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
8 second feet, was issued thereunder on November 29, 1950, showing that said works
were completed on the 24th day of October, 1949; and that on the 15th
day of October, 1951,

HAZEL MILES
of Bonners Ferry, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Parker
Creek, a tributary of Kootenai River, for the purpose of irrigation, domestic and peat
fire control, under Use Permit No. 19554 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5046, on the 19th day of January, 1953;
The right hereby confirmed dates from October 21, 1944;

The Point of Diversion is located
in the NW 1/4 NE 1/4 Sec. 8, Tp. 64 N., R. 1 W., B. M. Boundary County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 6.88 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19554

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Hazel Miles, Housewife, Bonners Ferry, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 19554 October 25, 1944 - 10-21-5-4

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. 2650 feet West from N E Corner Sec. 8-64-1W in NW 1/4 NE 1/4 Said Sec.
Source: Parker Creek

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Pipe line 12 inch pipe Diverted from Parker Creek. Rock Dam
Amount of water diverted 8 cubic feet per Second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use and irrigation Sec. 9-64-1W 286 acres.
Sec. 4-64-1W 50 acres. Sec. 8-64-1W 50 acres. Sec. 5-64-1W 20 acres.
Cultivated land. Use of a flume from pipe line to irrigation ditches.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE.**

Notice is hereby given that at 10:00 A. M. on the 15th day of October, 1951, at Bonners Ferry, County of Boundary, State of Idaho, before Owen Critchfield, Notary Public, proof will be submitted of the application to beneficial use of 8 cubic feet per second of the water of Parker Creek in accordance with the terms and conditions of Permit No. 19554 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Hazel Miles, c/o W. J. Nixon, Bonners Ferry, Idaho.

The use to which said water has been applied is irrigation, domestic purposes and control of peat fires. The amount applied to beneficial use is 8 cubic feet.

The place where said water is used NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 5, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Section 8, Township 64 North, Range 1 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is none.

The right to take water from such works is based upon Permit No. 19554.

The source of supply from which such water is diverted is Parker Creek which is a tributary of Kootenai River.

The date of priority which said user is prepared to establish is October 21, 1944.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27067
Permit No. 19554
District No.

W. J. Nixon
Bonners Ferry, Idaho

1. Name of Applicant: HAZEL MILES

Postoffice address: Bonners Ferry

County: Boundary

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: Eight (8) cubic feet per second.

3. Source of water supply: Parker Creek which is a tributary of Kootenai River

4. Location of point of diversion: 2650 feet distant from the Northeast

corner of Section 8, T. 64 N., R. 1 W., B. M., and is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$

of Section 8, T. 64 N., R. 1 W., B. M., County of Boundary

5. Water is to be used for Irrigation, domestic and control of peat fires

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the

of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 5,000.00

8. Kind of works: Concrete headgate, 3000 ft. pipe, balance ditch

9. Height of dam None feet; length of dam at top feet; length of dam at bottom

feet; material used in dam: No dam, except perhaps a few rocks

10. Size of headgate: Width 6 feet; height 10 feet;

11. Ditch: Width at bottom 2 feet; width at water line 3 feet; depth of water 2 feet;

dimensions of flume:

Diameter of pipe 12 inches; length of conduit 3/5 miles.

Average grade per mile 70 feet.

12. The time required for the completion of such work is Three (3) years.

13. The time required for the complete application of the water to the proposed use is Two (2) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

HAZEL MILES Applicant.

By W. J. Nixon Agent.

Date of first receipt at Department of Reclamation: 3:30 P. M. October 21, 1944

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 19554

Recorded in Book 70 Page 19554 Approved October 25, 1944

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before January 25, 1945 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before April 25, 1946

The whole of said work to be completed on or before October 25, 1947

Beneficial use of water appropriated in accordance herewith, to be made on or before October 25, 1949

Witness my hand this 25th day of October, 1944

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. BOTTOLFSSEN, Governor of the State of Idaho, and GEO. H. CURTIS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 25th day of October, 1944.
Countersigned:

(SEAL) By GEO. H. CURTIS, Secretary of State. By C. A. BOTTOLFSSEN, Governor

Permit No. 19554
 CERTIFICATE OF COMPLETION OF WORKS

ALL WHOM IT MAY CONCERN:

This is to certify that HAZEL MILES of Bonners Ferry, County of Boundary, and State of Idaho, the holder of Permit No. 19554, issued upon Application No. 27067 bearing date of priority of October 21, 1944, authorizing the diversion of Eight (8) second feet of the waters of Parker Creek, a tributary of Kootensi River, County of Boundary, State of Idaho, for irrigation, domestic and pest fire control purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use eight (8) second feet of the waters of Parker Creek, that the point of diversion of said waters is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township 64 North, Range 1 West, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9; $\frac{1}{2}$ SW $\frac{1}{4}$ Section 4; N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 8; SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 5; All in Township 64 North, Range 1 West, B.M.

Witness my hand this 29th day of November, A. D. 1950.

MARK R. KULP
 State Reclamation Engineer

RE: Permit No. 19554

Mrs. John Miles
Box 41
McMinnville, Tennessee

Dear Mrs. Miles:

We enclose License and Certificate of Water Right issued under Permit No. 19554, confirming your right to the use of 6.88 second feet of water from Parker Creek with priority of October 21, 1944, and point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township 64 North, Range 1 West, B.M., for irrigation, domestic, and pest fire control on the lands indicated in Sections 4, 5, 8, and 9, Township 64 North, Range 1 West, B.M.

In writing you on October 27, 1952, we overlooked the fact that Certificate of Completion of Works had already been issued under date of November 29, 1950. We therefore enclose departmental receipt No. 25427 for the \$26.00 license fee and return the \$5.00 paid for Certificate of Completion of Works.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 19554

Mrs. Hazel Miles
Box 41
McMinnville, Tennessee

Dear Mrs. Miles:

A letter was sent you on October 27, 1952 to Box 41, McMinnville, Tennessee and a carbon copy of same to Mr. W. J. Nixon. A copy is enclosed in case you did not receive same.

As soon as the fees mentioned in the last paragraph of that letter are received in this office, your Certificate of Completion of Works and license will be issued at once and sent to you.

The license consummates your deal with the State of Idaho and is evidence that you have a water right. A license in relation to water is similar to a deed on land.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Humphrey,
Idaho State Bureau of
Reclamation,
Baino, Idaho.

Dear Mr. Humphrey:

I came thru Baino on my way home to Tenn. but you were out of town.

I stayed at Banners Ferry, until the work on our water right was completed. I believe now we have complied with your requests and I do hope every thing is satisfactory.

Since I am in Idaho until next Fall, but if you have any questions, Mr. F. E. Vinton who rents the farm will be glad to answer them. The land

five hundred feet of
four inch pipe.

I do not suppose you
will inspect the work
until next summer but
did want you to know
I had the work done.

Very truly Yours,
Hazel Miles
(Mrs John Miles).

Mrs. Hazel Miles
Box 41
McMinnville, Tennessee

Dear Mrs. Miles:

We now have on file the report of our field engineer on examination for completion of works and beneficial use under your Permit No. 19554.

Certificate of Completion of Works and License may be issued on this permit for 6.88 second feet of water from Parker Creek for irrigation, domestic and pest fire protection on 344 acres of land, as described in Sections 4, 5, 8, and 9, Township 64 North, Range 1 West, B.M.

The fee for Certificate of Completion of Works is \$5.00, and the License fee amounts to \$26.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

Very truly yours,

MARK R. KULP

MILES BROTHERS, INC.

Coal Stripping

P. O. BOX 41

MCMINNVILLE, TENNESSEE

Aug. 4, 1952.

Mr. Mark Kulp.

Idaho Bureau of Reclamation
 Boise, Idaho.

Dear Mr. Kulp:

Mr. Vinion of Bannock Ferry, Ida
has written me that Mr. Humphrey
from your office called on him
a few days ago checking on our
water right on Parker Creek.

I had told Mr. Humphrey I would
see that the short line of pipe
was laid. Mr. Vinion and I
discussed it and he agreed to
lay the pipe. I assumed he had
and it slipped my mind to
check on the matter further.
Fortunately we have had no
peat fires since the water
right was granted.

I have written Mr. Vinion
to have the pipe laid

19554

MILES BROTHERS, INC.

Coal Stripping

P. O. BOX 41

McMINNVILLE, TENNESSEE

immediately, to hire the
work done as he will be
harvesting soon and perhaps
cannot find the time to
do the work.

I will be in Bannock Ferry
some time this fall.

I hope this will meet with
yours and Mr. Humphreys
approval. I have been to
considerable expense getting
the water and I certainly do
not want to lose it.

Very truly yours,
Hazel Miles
(Mrs John Miles).

REPORT OF ENGINEER

Permit No. 19554

This proof is for Beneficial use In Water District No.

1. Name of applicant Mrs. Hazel Miles, Bonners Ferry, Idaho

2. Source of water supply: Parker Creek

3. Location of point of diversion: Is in the NW¹/₄ NE¹/₄ of Section 8

T. 64 N. R. 1 W. County of Boundary

4. Describe works as they exist, giving dimensions and capacities of same:

5. Water is used for: Irrigation, domestic and control of peat fires.

6. State whether or not water has been turned into works of diversion:

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

130a 60a 72a 24a
NW¹/₄, S¹/₂ NE¹/₄, N¹/₂ SE¹/₄, SE¹/₄ SE¹/₄ Section 9;

W¹/₂ SW¹/₄ Section 4;

SE¹/₄ SE¹/₄ Section 5;

N¹/₂ NE¹/₄ Section 8;

Township 64 North, Range 1 West, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: A sprinkler system on approx 3 acres N. of house has been added since the inspection for completion of works - otherwise everything is the same

This examination was made on the 1st day of Aug, 1952

November 21, 1951

RE: Permit No. 19554

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

We acknowledge receipt of your letter of November 19, 1951, enclosing corrected depositions in proof of beneficial use under Permit No. 19554 in the name of Mrs. Hazel Miles.

This completes the proof but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact Mrs. Miles or someone on the grounds at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

Permit No.....19554.....

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Hazel Miles, Housewife, Bonners Ferry, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 19554 October 25, 1944 - 10-21-54

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. 2650 feet/^{west} from N E Corner Sec. 8-64-1W in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Said Sec.

Source, Parker Creek

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Pipe line 12 inch pipe Diverted from Parker Creek. Rock Dam
Amount of water diverted 8 cubic feet per Second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use and irrigation Sec. 9-64-1W 286 acres.

Sec. 4-64-1W 50 acres. Sec. 8-64-1W 50 acres. Sec. 5-64-1W 20 acres.

More fully described as follows:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SE $\frac{1}{4}$				SW $\frac{1}{4}$				Total
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 8 cubic feet per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 8 cubic feet per second

19554

Ans. Domestic use and irrigation, Sec. 9-64-1W 286 acres, Sec. 4-64-1W 50 acres, Sec. 8-64-1W 50 acres, Sec. 2-64-1W 286 acres.

Estimated 100,000,000 Clams per acre plus up to 10 million oysters.

Total Number of Acres to be Irrigated 406

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

(Signed) F. E. Vinson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Bonnors Ferry, County of Boundary, State of Idaho, on this 15th day of October, A. D. 19 51.

My commission expires.....

Oswen Cuthbert
Notary Public.

Notary Public for the State of Idaho
residing at Bonners Ferry, Idaho
My Commission Expires Aug. 10, 1955

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Peat soil full capacity during dry weather

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Operator and leasee

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. for domestic use and irrigation full capacity

(Signed) F. E. Vinion

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Bonnors Ferry, County of Boundary, State of Idaho, on this 15th day of October, A. RE: Permit No. 19554

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

We return the depositions of Hazel Miles and two witnesses for the following corrections:

Question 4 of Mrs. Miles' deposition should state the source of supply and Question 4 of the two witnesses should state the source of supply and the legal description of the point of diversion.

Question 6 of Mrs. Miles' deposition and Question 7 of the depositions of the two witnesses should give the subdivisions in which the land has been irrigated.

Please have these corrections made and return the depositions to this department.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Affidavit of Publication

NOTICE OF WATER RIGHT
FICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 15th day of October, 1951, at Bonners Ferry, County of Boundary, State of Idaho, before Owen Critchfield, Notary Public, proof will be submitted of the application to beneficial use of 8 cubic feet per second of the water of

State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Hazel Miles, c/o W. J. Nixon, Bonners Ferry, Idaho.

The use to which said water has been applied is irrigation, domestic purposes and control of peat fires. The amount applied to beneficial use is 8 cubic feet.

The place where said water is used NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 5, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Section 8, Township 64 North, Range 1 West, B. M.

The name of the canal or ditch or by which said water is

19554.

The source of supply from which such water is diverted is Parker Creek which is a tributary of Kootenai River.

The date of priority which said user is prepared to establish is October 21, 1944.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 15th day of October, 1951,
at Bonnars Ferry, County of Boundary, State of Idaho, before
Owen Critchfield, Notary Public, proof will be submitted of the
application to beneficial use of 8 cubic feet per second of the waters of Parker Creek
in accordance with the terms and conditions of Permit No. 19554
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Hazel Miles, c/o W. J. Nixon, Bonners Ferry, Idaho

The use to which said water has been applied is Irrigation, domestic purposes and control of peat fires.

The amount applied to beneficial use is 8 cubic feet

The place where said water is used (if for irrigation, give full name of community, county, state, zip code, and agent)

NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, N $\frac{1}{2}$ SW $\frac{1}{4}$, Section 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 5, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Section 8, Township 64 North, Range 1 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

None

The right to take water from such works is based upon Permit No.

The source of supply from which such water is diverted is

Parker Creek which is a tributary of Kootenai River

The date of priority which said user is prepared to establish is October 25, 1944

Department of Reclamation

Permit No. 19554

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

We do not quite understand the enclosed form which reached the department this morning in one of your envelopes.

It would appear to be notice of beneficial use proof to be made on Permit No. 19554 of Mrs. Hazel Miles, but the notice states that the proof is to be made on August 20, 1951, which is obviously an error.

Also the land description does not agree with the land described in the permit, which is the $NW\frac{1}{4}$ S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 5, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Section 8, Township 64 North, Range 1 West, B.M.]

We enclose two more copies of Form 10, and request that a new notice be made, setting date for proof sufficiently far ahead to allow four weeks publication. The notice should also show the same amount of water on which proof is to be made, which you will notice describes in one place as 8 second feet, and in another, as 7 feet.

If there has been a change in the place of use, and the description in the enclosed notice is correct, the permit should be amended on the form enclosed.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Attorney at Law
Bonners Ferry, Idaho

August 1, 1951

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19554. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than October 25, 1951, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

19554

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 19554

This proof is for Completion of works In Water District No.

1. Name of applicant Mrs. Hazel Miles, Bonners Ferry, Idaho
2. Source of water supply: Parker Creek
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 8
T. 64 N. R. 1 W. County of Boundary
4. Describe works as they exist, giving dimensions and capacities of same: This system consists of a large pipe line extending from the farm upstream far enough to get a very strong pressure so that the water could be fed through a forest service fire hose to extinguish fires in the peat land in the fields. For irrigation purposes, the water can be released from the pipe at the bottom of the hill and conducted a short distant to one of the large drain ditches where it is carried to all drain ditches and subs to the fields for irrigation
5. Water is used for: Irrigation, domestic and control of peat fires.
6. State whether or not water has been turned into works of diversion: For peat fires - yes.
For irrigation - No, has not been necessary.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9;

W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 4;

N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 8;

SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 5;

All in Twp. 64 N., Range 1 W., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Kootenai River

Remarks: It has not been used as an irrigation system since installation because of the lack of necessity of same. It was used to extinguish two rather bad peat fires on the place. It is connected to the domestic system for house use. In winter time, it is drained because no one lives on the place in the winter. There is approximately 400 to 500 feet of wood pipe tarred and wound with steel wire, 47" in circumference at the head end of the system. Joined to that is approximately 900' of welded steel pipe 10" in diameter. Joining the wooden pipe to the stream is a piece of pipe 10" in diameter by 30' long. It lays into the rocky bottom of the creek bed in a manner that the water flows into it. There is no special structure to conduct the water into the pipe line. The outlet at the bottom end of this pipe line is a large valve with a 3" diameter pipe. It is intended to extend the pipe line a short distant farther to the large pump in the drainage system located in the large drain ditch. At present, it would be necessary to construct a small ditch to carry the water from the end of the pipe to the drain ditch. The farm foreman says the gauge pressure on the system is 110#.

This examination was made on the 12th day of October, 19 50.

July 11, 1950

Re: Permit No. 19554

Mrs. John Miles
C/o Miles Brothers, Inc.
P. O. Box 41
McMinnville, Tennessee

Dear Mrs. Miles:

Reference is made to your letter of July 7, 1950, in regard to Beneficial Use Proof to be made on Permit No. 19554.

The Statutes require publication of a notice in the county where the land is located for four consecutive weeks prior to the date for making proof.

This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made. The time of course, should be set sufficiently far ahead to allow for the statutory four weeks publication, and the proof may be made at any place convenient to you and your two witnesses.

As your witnesses will doubtless be residents of Boundary County, you will probably wish to make the proof at Bonners Ferry, in which case you could appoint your Attorney, Mr. Nixon, or someone else to act as your agent.

Both copies of the notice are to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
JUL 11 1950

Department of Reclamation

Dear Mr. Keup:

In your letter of June 8, 1950,
you stated I must make a
"Beneficial Use Proof" before
a license for water permit
can be issued. I should like
to attend to this matter as
soon as possible, but do not
understand the "Beneficial
Use Proof."

Thank you kindly let me
know what this requires.

Very truly Yours,
Hazel Miles 19554
(Mrs. John Miles)

Re: Permit No. 19554

Mrs. John Miles
C/o Miles Bros. Inc.
McMinnville, Tennessee

Dear Mrs. Miles:

We are in receipt of your letter of May 28, 1950, in reply to registered notice that your Permit No. 19590 is being held for cancellation.

We note your statement that you wish to abandon Permit No. 19590 in anticipation of obtaining a License on Permit No. 19554 for 7.5 second feet of water from Parker Creek.

The records in this Department show that Proof of Completion of Works under Permit No. 19554 was made October 24, 1949, and the matter of issuing a Certificate of Completion of Works is awaiting a report of our Field Engineer.

Beneficial Use Proof which is required before a License can be issued has not been made, and under the terms of an extension granted on this Permit, is not actually due until October 25, 1951, although it can be made at any earlier date that you are prepared to make such proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19554

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

We acknowledge receipt of your letter of November 4, 1949, enclosing corrected deposition of Mrs. Hazel Miles, in Proof of Completion of Works under Permit No. 19554.

This, together with depositions of two witnesses and Affidavit of Publication in the Bonners Ferry Herald, previously received, completes the Proof of Completion of Works under this Permit.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact Mrs. Miles at the time he makes the examination in order that she may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

19554

PERMIT NO. 19554

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Hazel Miles; Bonners Ferry, Idaho; house-wife and farmer;
Bonners Ferry, Idaho, Box 635

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Not appearing in behalf of a corporation

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. 19554; October 31, 1944; 8 c.ft./second; Parker Creek; 2650 feet

distant from the NE corner of Section 8, Twnshp 64, Range 1 W. Boise Meridian,
and is in NW1/NE1 of Section 8, Twnshp 64, Range 1 West. Boise Meridian, Boundary

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation, domestic purposes and control of peat fires.
286 acres in Section 9, T. 64 - 1 West; 50 acres in Section 4, T. 64 - 1 West
50 acres in Section 8, T. 64 - 1 West; 20 acres in Section 5, T. 64 - 1 West B. M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Has been turned into the works of diversion; Spring, 1949; to
the full amount of the permit authorized appropriation.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Fully completed; Yes, fully comply with terms of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. Fully comply -----

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Concrete head gate, 1540' feet steel & wooden pipe, balance
ditch; total cost \$5,000.00; 8 cu.feet/second

Notice for Publication

Notice is hereby given that at 2:00 P. M., on the 24th day of October, 1949, at Bonnars Ferry, County of Boundary, State of Idaho, before Probate Judge Wm. E. Rath, proof will be submitted of the completion of works for the diversion of 8 7/8 cubic feet per second of the waters of Parker Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Reclamation Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Hazel Miles.
2. The postoffice address of such person or principal place of business of such corporation is Bonnars Ferry, County of Boundary, State of Idaho.
3. The number of such permit is 19554, and the date set for the completion of such work is October 25, 1949.
4. Said water is to be used for irrigation, control of peat fires and domestic purposes.
5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 7 1/2 cubic feet per second.
6. The amount of lands for which said water is available is 406 acres, particularly described as follows:
~~part of Sections 1, 5, 8 and 9, Township 64 N., R. 1 E., B. 1 E., S. 1 NE 1/4, NW 1/4, N 1/2 SE 1/4 and SE 1/4 SE 1/4 Section 9; W 1/2 SW 1/4 Section 4; N 1/2 NE 1/4 Section 8; SE 1/4 SE 1/4 Section 5; All in~~

Re: Permit No. 19554

Dear Mr. Kulp,

This will acknowledge receipt of your recent letter in regard to proof of completion of works under the above permit. In that regard I will state that they applied for eight cubic feet per second of the water of Parker Creek. However our proof will show that the pipe line will carry seven and one half feet. I would think that either figure would be sufficient for the notice.

Very truly yours,

Re: Permit No. 19554

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

We acknowledge receipt of your letter of August 16, 1949, enclosing Notice of Completion of Works Proof under Permit No. 19554 in the name of Hazel Miles.

However, in one place, the notice states that proof will be submitted on completion of works for the diversion of eight (8) cubic feet per second and further down it says seven and one-half ($7\frac{1}{2}$) cubic feet per second.

The Permit calls for eight cubic feet per second and we assume that Mrs. Miles wished to prove up on that amount, and with your permission we will change the latter description to eight cubic feet per second also.

We shall await your advice in the matter.

Very truly yours,

MARK R. KULP

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Hazel Miles

Donners Ferry, Idaho

Boise, Idaho, August 1, 1949

Dear ~~Sir~~ Madam:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 19554

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before October 25, 1949. Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

MARK R. KULP

Boise, Idaho

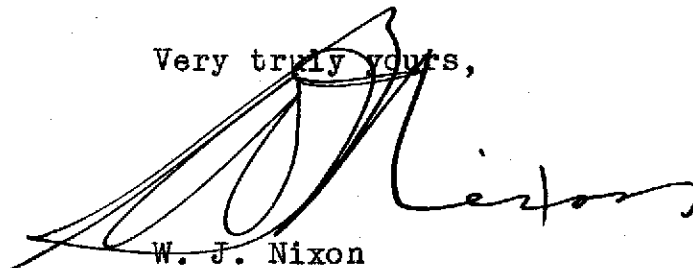

Dear Mr. Kulp:

Re: Permits Nos. 19554 and 19590

Mrs. Hazel Miles informs me that she has made the preliminary surveys for the pipe lines in accordance with her applications, and ordered the pipe several months ago.

Mrs. Miles has made every effort to secure this pipe, but to date it has not been received. Work on these projects will be continued just as soon as the pipe is received.

Very truly yours,

W. J. Nixon

Re: Permits Nos. 19554 and 19590
Hazel Miles

Mr. W. J. Nixon
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

Reference is made to your letter of April 11th, in regard to work on the projects included in the above numbered permits.

Section 41-204, Idaho Code Annotated, provides that every holder of a permit must within sixty days commence the excavation or construction of the works by which he intends to divert the water, and must prosecute the work diligently and uninterruptedly to completion, unless temporarily interrupted through no fault of the holder of such permit by circumstances over which he has no control.

It may, however, be of value to the applicant to have a statement on file with these permits showing what has been done to date, surveys made, pipe ordered, etc.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nixon:

In reply to your letter of November 7th, we are enclosing three forms of application for permit to appropriate the public waters of the State of Idaho.

This Department has no objection to the filing of an application for water from Canyon Creek, or any other source of unappropriated water for use on any place to which it can be conducted.

For your information, will say that at present there are no permits in force on Canyon Creek.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

Please send me the application blanks and papers sufficient to make three applications for water rights.

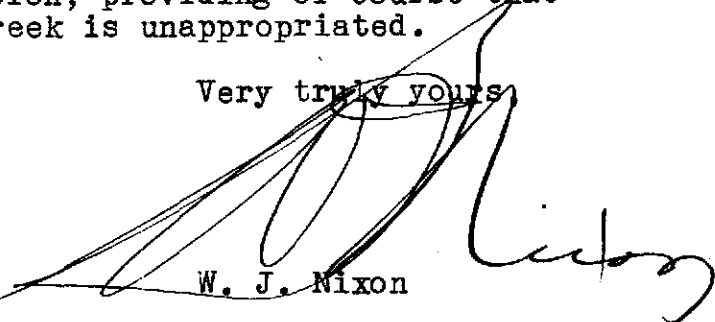

Regarding Permit No. 19554, I note that you say that the Moens Permit No. 19044 must be considered valid so long as the holder is in the armed services.

This being the case, Mr. Miles feels that before expending the amount of money necessary to put this water to a beneficial use, he should have further assurance that he will have sufficient water. If the Moens permit is used, then there will not be sufficient water during the low water season to supply both permits.

He therefore wishes to make application for water from Canyon Creek to be used on the same land as in permit No. 19554 and to be used to supplement the water in Parker Creek.

I assume that there is no objection from your department to such an application, providing of course that the water from Canyon Creek is unappropriated.

Very truly yours,

W. J. Nixon

Re: Permit No. 19554

Mr. W. J. Nison
Attorney at Law
Bonners Ferry, Idaho

Dear Mr. Nison:

We enclose herewith Permit No. 19554, in the name of
Hazel Miles; also Departmental Receipt No. 18683 for the
\$6.75 filing fee.

Your attention is called to the limitations and conditions
of this Permit, as given under the approval of the State
Reclamation Engineer on the fourth page.

In reply to that portion of your letter of October 19th,
will say that the Moens permit No. 19044 must be considered
valid so long as the holder is in the armed services, and for
a reasonable time thereafter, regardless of the present owner-
ship of the land described in the permit.

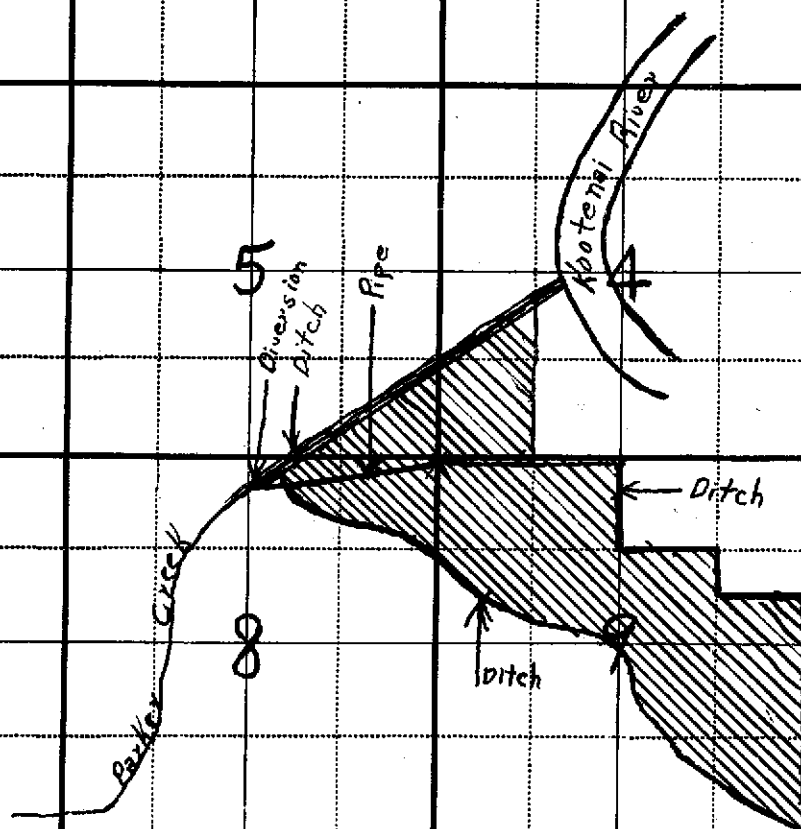

However, documentary evidence of the transfer of the Permit
to some one not in the armed forces would constitute a basis for
action, requiring the holder to show cause why the permit should
not be cancelled.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Mr. Kulp:

Find enclosed herewith application of Hazel Miles to appropriate eight cubic feet per second of water from Parker Creek, together with my check in the amount of \$6.75 to cover filing fees.

I have your letter of October 11 addressed to John C. Miles in which you state that Frank August Moens was issued permit No. 19044 on September 10, 1940 to appropriate water from the same source as this application.

From the records, it appears that the land described in Mr. Moens' application, with the exception of eighty acres, was transferred to Ralph L. Richmond January 8, 1942. The other eighty acres was transferred to E. E. Saunders some years ago.

Since neither of the present owners are in the armed forces and have made no effort to appropriate the water, I assume that the application has been abandoned.

If any further information is desired in connection with this application, you may address your communications to me since Mr. and Mrs. Miles expect to be gone for some time.

Very truly yours,

W. J. Nixon

October 11, 1944

Mr. John C. Miles
Box 527
Bonners Ferry, Idaho

Dear Mr. Miles:

Frank August Moens, of Bonners Ferry, Idaho, was issued Permit No. 19044 on September 10, 1940, to appropriate 8.3 cubic feet per second of the public waters of the State of Idaho, from Parker Creek, with point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, Township 64 North, Range 1 West, B.M., to be used for irrigation and domestic use on 416 acres in the SW $\frac{1}{4}$ Section 3; SE $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4; N $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 9; and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 10; all in Township 64 N., Range 1 W., B. M.

While the dates for proof of completion of works and proof of application to beneficial use have passed, the applicant and holder of Permit No. 19044 was assured that steps toward cancellation of the permit would not be taken while he is still in the armed forces.

Permit No. 19044 is the only uncanceled filing on Parker Creek at the present time.

A present filing would have a later priority than Permit No. 19044, but in case your power filing returned the water to the channel above the point of diversion of Permit No. 19044 there would be no conflict on that part of the use, even if the right under Permit No. 19044 should be perfected.

We are enclosing application forms and instructions for filing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION

Notice is hereby given that at 2:00 P.M. on the 13th day of October, 1949, at Bonners Ferry, County of Boundary, State of Idaho, before Probate Judge Wm. E. Rath proof will be submitted of the completion of work for the diversion of $7\frac{1}{2}$ cubic feet per second of the waters of Parker Creek in accordance with the terms and conditions of a certain permit heretofore issued by the Reclamation Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Hazel Miles.

2. The postoffice address of such person or principal place of business of such corporation is

Bonnors Ferry, County of Boundary, State of Idaho.

3. The number of such permit is 19554, and the date set for the completion of such work is October 25, 1949.

4. Said water is to be used for irrigation, control of peat fires and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for

such permit, is $7\frac{1}{2}$ cubic feet per second.

6. The amount of lands for which said water is available is 406 acres, particularly described as follows: $S\frac{1}{2}NE\frac{1}{4}$, $NW\frac{1}{4}$, $N\frac{1}{2}$ $SE\frac{1}{4}$ and $SE\frac{1}{4}SE\frac{1}{4}$ Section 9, $W\frac{1}{2}SW\frac{1}{4}$ Sec-

tion 4; $N\frac{1}{2}NE\frac{1}{4}$ Section 8; $SE\frac{1}{4}$ $SE\frac{1}{4}$ Section 5; all in Township 64 North, Range 1 West, B. M.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 15th day of October, 1951, at Bonners Ferry, County of Boundary, State of Idaho, before Owen Critchfield, Notary Public, proof will be submitted of the application to beneficial use of 8 cubic feet per second of the water of Parker Creek in accordance with the terms and conditions of Permit No. 19554 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Hazel Miles, c/o W. J. Nixon, Bonners Ferry, Idaho.

The use to which said water has been applied is irrigation, domestic purposes and control of peat fires. The amount applied to beneficial use is 8 cubic feet.

The place where said water is used NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 4, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 5, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Section 8, Township 64 North, Range 1 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is none.

The right to take water from such works is based upon Permit No. 19554.

The source of supply from which such water is diverted is Parker Creek which is a tributary of Kootenai River.

The date of priority which said user is prepared to establish is October 21, 1944.

MARK R. KULP,

State Reclamation Engineer
