Bonners Ferry, Idaho

Dear Mr. Strohl:

In reply to your letter of March 14, requesting information in regard to Water Permit No. 18612, in the name of Jacob E. Strohl:

The records in this Department show that on May 9, 1944, we addressed a letter to Mr. Strohl, advising him that the report of our Field Engineer had been filed and that upon the receipt of the statutory fee of \$5.00, a License would be issued for 0.1 (or 5 inches) of water from a spring in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 34, Township 64 North, Range 1 East, B.M., for domestic use. The fee has not been paid and the License has not been issued.

Very truly yours,

Dear Mr. Strohl:

This will acknowledge receipt of notice in duplicate for publication in connection with proof of beneficial use, and also your authorization to have the notice published in the Bonners Ferry Herald, of Bonners Ferry, Idaho, all in connection with Permit No. 18612.

A copy of the notice has been sent to the newspaper with instructions to publish it once a week for four consecutive weeks prior to May 14th, 1943, the date set for proof.

About ten days prior to this date depositions, consisting of one for the holder and one for each of two witnesses, will be sent to Mr. W. D. Baxter, Notary Public, at Bonners Ferry, so that he may have them in ample time for the proof.

On the date designated you should appear at Mr. Baxter's office, with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

Dear Mr. Call:

Pursuant to your letter of April 10, 1972, we have researched our records and find the following information.

We do not find any rights listed as being from Rock Creek or Cedar Creek. There are a number of water rights from other sources in the area as listed on your letter.

Most of these rights are old and are probably held by persons other than those indicated on our License form. The rights are listed as follows:

98-2028, Licensed in the name of R. M. Howell of Bonners Ferry, Idaho
98-2058, Licensed in the name of Jacob E. Strohl of Bonners Ferry, Idaho
98-2066, Licensed in the name of C. A. Groeneveld of Bonners Ferry, Idaho
98-2087, Licensed in the name of The Deer Park Water Association of Bonners Ferry

If we may be of any further assistance to you in this, or any other matter, please do not hesitate to contact this Department.

Dear Mr. Strohl:

We acknowledge receipt of your letter of March 21, enclosing your check for \$5.00, and requesting that license under Permit No. 18622 be made in your name, since the record Permit Holder, Jacob E. Strohl has passed away and you now own the property.

The only way that the license can be made in your name will be for you to have recorded in this Department the instrument showing the transfer of this property to yourself.

This may be either a deed, will, or decree of distribution.

However, the license could still be made in the name of Jacob E. Strohl and you as the successor in interest would naturally be the present owner of it, the same as though the license had been issued at the time the proof was made in Mr. Jacob E. Strohl's life time.

Dear Mr. Baxter:

On May 4th, we sent you forms of deposition to be executed before you, as Notary Public, on May 14th, in connection with beneficial use proof under the above numbered permit in the name of Jacob E. Strohl.

To date we have not received these depositions, and would ask that you kindly advise us if these proofs were made, as advertised.

If so, the depositions should be promptly transmitted to this Department, together with affidavit of publication from the Bonners Ferry Herald.

Dear Mr. Strohl:

This will acknowledge receipt of the deposition of yourself, as holder, the depositions of two witnesses, and the affidavit of publication from the Bonners Ferry Herald, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this Department. We are unable to say just when this examination will be made, since this Department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for the Department, will try and contact you at the time he makes the examination, so that you can arrange to show him over the grounds.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18612-Jacob E. Strohl

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On May 14, 1943, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Bonners Ferry, Idaho before W. D. Baxter, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

Gentlemen:

We are in receipt of check copy of your issue of April 8th, containing Notice of Proof of Application to Beneficial Use of Permit No. 18612.

We find two errors in the copy which we sent you, as follows:

In the 5th paragraph, after "Section 33", should be inserted, "Township 64 North, Range 1 East."

In the next to last paragraph, after the last word "is", please add "an unnamed spring."

We regret the oversight, and shall appreciate your making the correction in the remaining issues.

Re: Permit No. 18612

Mr. Jacob E. Strohl
Bonners Ferry, Idaho

Dear Mr. Strohl:

We are in receipt of your letter of March 22nd, in which you inquire as to what remains to be done in order to complete your filing, under Permit No. 18612, as per our notice addressed to you on March 9th.

It is true, as you state, that you made your proof of completion of works, and Certificate of Completion was issued to you.

However, if you will refer to your permit, you will note that it calls for an additional or final proof- that is proof of beneficial use- to be made on or before May 14, 1943.

In order to make this proof, it is necessary to first publish a notice of your intention to make the proof, for four weeks prior to the date set, in a newspaper published in the county where the water is located. For this purpose, you should fill out Form No. 10, in duplicate- setting a time and place- which must be sufficiently far ahead to allow time for the four weeks publication- and also naming a Notary Public before whom the proof will be made. Form No. 11 should also be filled out with the name of the paper in which you wish the notice to be published- which is to be at your expense.

When these forms are filled out and returned to us, we will send the notice to the newspaper, with instructions as to publishing; and will send to the Notary Public the forms of affidavit required in making the proof- one for yourself as permit holder, and one for each of two disinterested witnesses; and at the time designated you and your witnesses should appear before the Notary and make the proof.

In case you have misplaced the forms enclosed in our former notice, we are enclosing another set of forms herewith.

Very truly yours,

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

E. V. BERG.

Commissioner of Reclamation.
