Re: Permit 19110

Mr. James Jones.
Bonners Ferry, Idaho.

Dear Mr. Jones:-

We wish to acknowledge receipt of your letter of October 23, requesting an extension of time for making Beneficial Use Proof in connection with the above captioned permit.

We will gladly extend the time for making this proof under the circumstances as set forth in your letter.

Please fill out the number of acres which you have irrigated and the reason for requesting the extension and sign before a notary and return the document to this Department for the approval of the Commissioner.

Under this extension it will give you five more years in which to make proof. You will also have the option of making proof at any time prior to that date if you wish.

Very truly yours,

E.V.Berg
Commissioner of Reclamation.

Application 26553

Mr. James Jones
Bonners Ferry, Idaho

Dear Mr. Jones:

We wish to acknowledge receipt of your letter of February 26 enclosing application number 26553 for permit.

Your application has been placed on file and a receipt is enclosed herewith for payment of filing fees.

We have changed point of diversion in question 4 to read in the NW¹/₄ of Section 22, Twp. 64 N., Rge. 1 E., B. M. We also changed the land description in question 14 to read NW¹/₄SE¹/₄ of Section 28, Twp. 64 N., Rge. 1 E., B. M. This is the forty previously filed on for water right by Mr. J. J. Luicart and later relinquished.

We are returning said application to you with corrections noted, for your approval, before issuing a permit. Please return.

Very truly yours,

E. V. BERG.

Dear Mr. Jones:

We have received from Mr. W. D. Baxter, Notary Public, the depositions of yourself and two witnesses, and also the affidavit of publication from the Bonners Ferry Herald, all in proof of beneficial use under the above numbered permit.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, since this Department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this Department, will try to contact you at the time he makes the examination, so that you may arrange to show him over the grounds.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 19110.....you are required to complete your diversion works on or before Mar. 15, 1942..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
