INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 22nd day of September, 1951, at Bonners Ferry, County of Boundary, State of Idaho, before William E. Rath, Probate Judge, proof will be submitted of the application to beneficial use of 2/5 cubic foot per second of the waters of a well in accordance with the terms and conditions of Permit No. 19018 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Estella C. Wright, Route One, Bonners Ferry, Idaho.

The use to which said water has been applied is domestic and irrigation purposes.

The amount applied to beneficial use is 2/5 second foot.

The place where said water is used NW1/4 SE1/4 of Section 7, Township 62 North, Range 2 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 19018.

The source of supply from which such water is diverted is subterranean flow from a well in the NW1/4 SE1/4 Section 7, Township 62 North, Range 2 East, B. M.

The date of priority which said user is prepared to establish is September 8, 1946.

MARK R. KULP,
State Reclamation Engineer.

Re: Permit No. 19018

Mr. George B. Carmack
Bonners Ferry, Idaho

Dear Sir:

You are hereby notified that Permit No. 19018
is hereby held for cancellation for the following
reason:

Failure to pay the statutory fee of \$5.00 in connection with completion of works proof on said permit, which proof was due on or before July 25, 1942, but was not made until February 25, 1943, in response to notice that the permit was held for cancellation for failure to make said proof.

If payment of the required fee is not made within thirty (30) days from the date of this notice, the permit will be cancelled, and all your rights and privileges thereunder will be forfeited.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Re: Permit No. 19018

Mr. Geo. B. Carmack
Bonners Ferry, Idaho

Dear Mr. Carmack:

We acknowledge receipt of the deposition of yourself and two witnesses in proof of completion of works under your Permit No. 19018. The permit will be reinstated, and upon receipt of the statutory fee of \$5.00 a Certificate of Completion of Works will be issued.

In order to make the beneficial use or final proof, it is necessary to first advertise your intention to make such proof for four weeks in a newspaper published in the county where the water is located; and on the date set you and two witnesses appear before a Notary Public to make the proof.

Both copies of Form 10 which we enclose should be filled out, setting a time and place for making the proof (which should be sufficiently far ahead to allow for the four weeks' publication), and naming the Notary Public before whom the proof will be made. Form No. 11 should also be filled out, authorizing us to have the notice published at your expense in the newspaper you may designate.

When these forms are returned to us we will send the notice to the newspaper with instructions for publishing; and later will send the affidavits of proof to the Notary so that he may have them in time for making the proof.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

DEPARTMENT OF RECLAMATION
BOISE

May 18, 1942

Re: 19018

G. B. Garmack
Bonners Ferry, Idaho

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. ~~19018~~..... you are required to complete your diversion works on or before ~~July 25, 1942~~..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

E. V. BERG

Commissioner of Reclamation.

THIS IS TO CERTIFY, That the North Bench Water Association, Inc., of Bonners Ferry, Idaho, is the owner of and using a certain water right of 0.2 cubic feet per second of the waters of subterranean source, said water being obtained by virtue of License No. 19018, issued by the State of Idaho, Department of Reclamation, dated June 1, 1954, bearing priority date of September 8, 1946, for the purpose of irrigating the following described lands situate, lying and being in the County of Boundary, State of Idaho, to-wit:

NWSEX, Section 7,
Township 62 North,
Range 2 E. B. M.,

That said license has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 9 of Licenses, Page 5264 thereof;

And that the North Bench Water Association, Inc., has become the owner of said right by warranty deed;

And that now, upon the application of the North Bench Water Association, Inc., for the transfer of 0.2 cubic feet per second, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, the right to the use of 0.2 cubic feet per second of the waters of subterranean source by well upon the above described lands is hereby abandoned, and the place of use of said water under such right is HEREBY CONFIRMED, shall by this certificate become appurtenant for irrigation purposes, is described as follows, to-wit:

Sections 2, 3, 4, 9, 10,
11, 12, 13, 14, 15 and 16,
Township 62 North, Range 1
E. B. M.,
Sections 7, 8, 16, 17, 18,
20 and 21, Township 62 North,
Range 2 E. B. M.,

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes and shall not exceed the following amount, to-wit:

0.2 cubic feet per second of
the waters of subterranean
source with priority of Sep-
tember 8, 1946;

T-1060
98-2055

And that the water right hereby transferred has heretofore been conducted from subterranean source with point of diversion in the NW¹/₄SE¹/₄, Section 7, Township 62 North, Range 2 E. B. M., and delivered through a private pipe line;

That the water right hereby transferred will hereafter be conducted to the last above described lands from subterranean source by well with no change in point of diversion;

That the right to the use of the water aforesaid, hereby described, is restricted to the lands or place of use last above described as provided by the laws of the State of Idaho;

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 4th day of November, 1965.

Dear Mr. Yeates:

P
Enclosed is Form 20, Application for Transfer of Water Right. I have completed part of page 1 from our record of the water license. The balance of the form should be completed and filed in this office upon purchase of the land. This office will prepare a legal notice of the application for publication in two weekly issues of your county paper at the expense of the association.

Y
We are enclosing a form to apply for additional water from the well with a carbon copy of this letter to Mr. Durtschi. The place of use of the water on the application for permit and changed place on Form 20 could be Sections _____ Twp ___, Rge ___ E under the pipe line of the association.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

MAR 13 1965

Department of Reclamation

Mr. Ralph Thomas,
Deputy State Reclamation Engineer
State House
Boise, Idaho

Dear Mr. Thomas:

The Northbench Water Association has obtained an option on the "Wright" farm and property which includes the license and Certificate of Water Right No. 19018 with priority date of September 8, 1946, evidently in the amount of 0.2 second feet for irrigation and domestic use.

The association now has over 50 members signed up and we are fairly certain of making this organization a S & W loan to finance the pipeline. They contemplate using at least 2/5 sec. ft.

Please advise what action is necessary to amend this water right to meet the purposes of the association. They plan on a system designed for expansion to about 85 farm families.

Sincerely yours,

Vern W. Yeates
County Supervisor

cc: K. A. Durtschi

RE: Permit No. 19018

Mrs. George W. Wright
Bonners Ferry
Idaho

Dear Mrs. Wright:

The amount of water that can be licensed under your Permit is controlled by the depositions, which you, yourself, turned in, in regard to beneficial use proof. You stated that the amount of land irrigated was 10 acres and you stated that the pump would yield 85 to 100 gallons per minute. State law permits an inch to the acre on a license if that amount has been actually pumped and put to beneficial use. By that standard, you could not receive over 10 inches of water on your license. And again, giving you the greatest amount which you claim your pump would deliver or 100 gallons to the minute, is slightly less than 10 inches of water, which again would limit your license to not over 10 inches of water.

In further explanation, an inch of water is sufficient to cover an acre of ground $3 \frac{1}{3}$ inches deep once a week, which you can well realize is at least twice as much water as is necessary for irrigation. If you were to use a sprinkler system, which really is the only satisfactory method for irrigating this ground, 10 inches of water is ample.

In case you decide to put in a larger pump and take more water from your well and apply it on additional acres, there will be no difficulty, what ever, in your ~~making~~ ^{getting} an additional permit and license for use of same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Douglas C. Wright
Box 731
Bonners Ferry, Idaho

Dear Mr. Wright:

We now have on file the report of our field engineer on examination for beneficial use on Permit No. 19018 of Mrs. Estella C. Wright, which shows that 12 acres have been irrigated from the well in the NW¹₄SE¹₄ Section 7, Township 62 North, Range 2 East B.M.

Therefore, upon receipt of the statutory fee of \$2.00 a license can be issued for .2 of a second foot of water from said well.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

19018

Form 23

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 19018

This proof is for Beneficial use In Water District No.

1. Name of applicant Mrs. Katella C. Wright, Box 731, Bonners Ferry, Idaho

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the NW 1/4 SE 1/4 of Section 7

T. 62 N. R. 2 E. County of Boundary

4. Describe works as they exist, giving dimensions and capacities of same: Well = 44' x 8". Top part of well is dug well. Well house = 14' x 12' x 8' shingled wood structure. Pump is Gould centrifugal 2" in. x 1 1/2" out. Motor is 1 1/2 hp. Weather house. Delivery line = 4" x 175 yds buried steel line. Three outlets at elev. 10', 15', 18'. There has been an additional section up to elev. 22'. Irrigation is by gravity.

5. Water is used for: Irrigation and domestic purposes.

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NW 1/4 SE 1/4 Section 7, Township 62 North, Range 2 East, B.M.

There is also an additional pump with 1/2 hp Motor (a complete domestic water system) located in the house with a 1 1/4" pipe (suction) into the well.

Top of C'sg is capped and pipes down thru cap are welded or packed. Wright claims water would raise considerable if uncapped. H = 8' approx. Today.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Normally a good crop can be raised without irrigation. Main value is for late crops or pasture.

They have been considering renting or selling a part of this right for domestic supply to some of the families on the N. side of river whose supply becomes cut off in high water of Boundary.

This examination was made on the 11 day of May, 1954

(Signed) E. N. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Mr. Douglas C. Wright
Box 731
Bonners Ferry, Idaho

Dear Mr. Wright:

This is in reply to your letter of April 1, 1954.

If I understand your proposition correctly, you will merely want to sell a service rather than sell water.

As to a reasonable charge, you will need to figure that out according to your costs. Cost of delivery of water in one section may vary considerably from that in another section.

Without a great deal more information, this department cannot offer any suggestions.

Very truly yours,

Dear Sir:

I regards to my mother,
well at the farm I have
had several people inform
me that they would like
to get water from me, rather
than haul it from town.

Indications show that
there might possibly be a
flood here this year. If
there is there will be a lot
of people that will want
water, and I would like to
know what procedures have
to be taken in order for me
to sell water to these people
in small quantities, and what
would be a reasonable price
to charge.

At the present time I
do not want it to become a
Public Utility.
I thank you for your cooperation.

Mrs. Estelle C. Wright
Box 731
Bonners Ferry, Idaho

Dear Mrs. Wright:

We acknowledge receipt of the affidavit of publication in the Bonners Ferry Herald in connection with your proof of beneficial use under Permit No. 19018.

This completes your proof, but before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

Ques. 1. State your name, residence, occupation and postoffice address. Box #731

Ans. Mrs. Estella C. Wright Bookkeeper, Bonners Ferry, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #19018 Date of Priority Sep. 8, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Pumping from Subterranean Channel

NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, Township 62 North, Range 2 East B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Pump from well to land and dwellings for Domestic and

irrigation use. Well is 42 feet deep. 6" casing. Pump will provide 85 to 100 gallons per minute.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation purposes. Approx. 10 acres.

Located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, Township 62 North, Range 2 East B.M.

19018

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic and Irrigation Purposes

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Two Fifths (2/5) Cu. Ft. per Second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Purchased property from Pete Carmack 1945. Assignment to me 7/5/51

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Two Fifths Cu.Ft. per Second for Domestic and irrigation Purposes

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Bonners Ferry, Idaho

Dear Mrs. Wright:

We acknowledge receipt of your letter of September 21, 1951 enclosing depositions of yourself and two witnesses in proof of beneficial use under Permit No. 19018.

However, these depositions are incomplete in several particulars and we return them for correction as follows:

Question 5 of your depositions should state the amount of water the well is capable of delivering. Also Question 6 of your depositions and Question 7 of the depositions of the witnesses should give the legal description of the place where the water is used.

The affidavit of publication should also accompany the proofs and if you have not received it from the Bonners Ferry Herald, we suggest you take the matter up with them at once.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, September 12, 1951

Re: Permit No. 19018
Mrs. Estella Wright

Judge Wm. E. Rath
Probate Judge
Bonners Ferry, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19018.....

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On ~~September 22, 1951~~....., the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at.....
~~Bonners Ferry, Idaho~~..... before ~~William E. Rath, Probate Judge~~.....

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK R. KULP
Commissioner of Reclamation
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 22nd day of September, 1951,
at Bonnara Ferry, County of Boundary, State of Idaho, before
William E. Rath, Probate Judge, proof will be submitted of the
application to beneficial use of 2/5 cubic feet per second of the waters of a well
in accordance with the terms and conditions of Permit No. 19018
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Estelle C. Wright, Route One, Bonnara Ferry, Idaho.

The use to which said water has been applied is domestic and irrigation purposes.

The amount applied to beneficial use is 2/5 second foot.

The place where said water is used ~~(if for irrigation, give full and accurate description of the~~
~~lands irrigated)~~ NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7, Township 68 North, Range 2 East, B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is private ditch.

The right to take water from such works is based upon Permit No. 19018.

The source of supply from which such water is diverted is subterranean flow from a well
in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, Township 62 North, Range 2 East, B.M.

The date of priority which said user is prepared to establish is September 8, 1946

MARK R. KULP

State Reclamation Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date).....August 9, 1951.....

(P. O.) Estella C. Wright, Route One, Bonners Ferry, Idaho.....

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Bonners Ferry paper.....of Bonners Ferry, Idaho,.....published in
the county in which the works are situated.

Estella C. Wright

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

19018

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 22nd day of September, 1951,
at Bonnars Ferry, County of Boundary, State of Idaho, before
William E. Rath, Probate Judge, proof will be submitted of the
application to beneficial use of 2/5 cubic feet per second of the waters of the well
Wright farm in accordance with the terms and conditions of Permit No. 19018
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Estella C. Wright, Route One, Bonners Ferry, Idaho.

The use to which said water has been applied is domestic and commercial use.

The amount applied to beneficial use is 2/5 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) NW 1/4 SE 1/4 of Section 7, Township 62 North, Range 2 East, B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is the Estella C. Wright farm.

The right to take water from such works is based upon Permit No. 19018.

The source of supply from which such water is diverted is Estella C. Wright farm, as

NWSE 7 above described.

The date of priority which said user is prepared to establish is July 11, 1946

State Reclamation Engineer.

Re: Permit No. 19018

Mrs. Estelle C. Wright
Route 1
Bonners Ferry, Idaho

Dear Mrs. Wright:

We acknowledge receipt of your Notice of Beneficial Use Proof to be made under Permit No. 19018 on September 22, 1951, before William E. Rath, Probate Judge, with authorization to have it published in the Bonners Ferry paper.

We have had to make a number of changes in this Notice, including the statement that the water is from a well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, Township 62 North, Range 2 East, B.M.

The principal change is in the priority that can now be established under this Permit. If Beneficial Use Proof had been made when due, July 25, 1945, the original priority of July 11, 1940, might have been established, but since this proof is more than six years past due, the priority must be that much later, or September 8, 1946.

We have sent a copy of the notice to the Bonners Ferry Herald with instructions to publish it once a week for four consecutive weeks prior to that date, and to send you the Affidavit of Publication, together with statement of costs.

We shall send Judge William E. Rath the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses, and at the time set, you should appear before him together with two disinterested witnesses who are familiar with the terms of your Permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19018

Mrs. Estelle C. Wright
Route #1
Bonners Ferry, Idaho

Dear Mrs. Wright:

We have recorded the Assignment of Permit No. 19018 from G. B. Carmack and wife to you, and return same herewith, together with Departmental Receipt No. 23542 for the \$.50 recording fee.

The Statutes require a publication of notice to make beneficial use proof for four consecutive weeks in a County newspaper. This notice should be made in duplicate on Form 10 enclosed, setting time and place and naming the Notary Public before whom the proof is to be made.

The place may be anywhere convenient for yourself and two witnesses, and the time should be set sufficiently far ahead to allow for four weeks publication.

Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

19018 ✓
June 20, 1951

Mrs. Estelle Wright
Route 1
Bonners Ferry, Idaho

Dear Mrs. Wright:

We are returning the assignment of Permit No. 19018 for signature of wife of permit holder or a statement that G. B. Carmack is a single man according to the facts in the matter. There is also a fee of \$.50 for recording the assignment.

When the assignment is completed, the next step will be to complete your water right by notifying this office of your intention to make proof of beneficial use. The notice of intention must be published and proofs submitted by the holder and two disinterested witnesses, and if proofs are acceptable, a License will be issued for a completed water right, after examination and report by our Field Engineer.

We would suggest no action in a new permit until definite plans can be made.

Very truly yours,

June 18, 1951

Mr. Mark R. Kulp
Department of Reclamation
State of Idaho
Boise, Idaho

Dear Mr. Kulp:

Enclosed is the Assignment you sent me for Mr. Carmack to sign in regards to Permit #19018 for use of water from the well on our place.

Is this all that is necessary for you to bring your records up to date? If not, please let me know what else is needed as soon as possible because I would like to have this matter straightened up.

As to supplying the neighbors with domestic water, I have heard no more about same and wonder if I should apply for new permit under my name at this time as you suggested in your letter of May 7th, 1951 or wait until the situation develops.

Sincerely,

Mrs. Estella Wright
Mrs. Estella Wright

19018

May 7, 1951

Re: Permit No. 19018

Mrs. Estella C. Wright
Route #1
Bonners Ferry, Idaho

Dear Mrs. Wright:

Permit No. 19018 was issued to G. B. Carmack with priority date of July 11, 1940, for 2/5 cubic foot per second of subterranean water for irrigation and domestic use on 25 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 7, Township 62 North, Range 2 East, B.M. Proof of Completion of Works was made and Certificate of Completion of works was issued in 1943. Proof of application to beneficial use was due July 25, 1945, but was never made. Proof of beneficial use may still be made but with a priority date later than July 11, 1940 by the length of time from July 25, 1945 that the proofs are offered.

If proofs are acceptable, the License would have to be issued in the name of the record holder which is G. B. Carmack, unless an assignment to the present owner of the well is furnished. We enclose a form for assignment.

The question of supplying neighbors with domestic water under a fair charge is largely technical. We would suggest that a new permit be applied for from the same source as the present well specifying the various places of use and arranging for a fair charge for the use of your well and pumping equipment and for the power used and other necessary operating expenses such as attendance.

I can not offer a satisfactory solution to your drainage problem as local conditions would have to be taken into account. If the topography is suitable, a drain pipe laid from the well at about the bottom of the cellar elevation to lower ground might be possible or it might be possible to seal the space on the outside of the casing. We would suggest consulting the Soil Conservation District and ask their engineers to investigate and suggest a solution.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
MAY 2 1951

Department of Reclamation

Route #1
Bonners Ferry, Idaho
April 30, 1951

Department of Reclamation
Water Facilities Program
Baise, Idaho

Dear Sirs:

Am desirous of any information you can give me concerning the selling or leasing of water from the well located on my farm.

This well was put in with the help and suggestions of the U.S. Department of Agriculture Soil Conservation Service April 7, 1940, for G.B. Carmack. Permit #19018, issued upon Application #26430. July 11, 1940. Stream -Subterranean.

Do I have the right to sell or lease water for a water system to the surrounding farms? If not, what do I have to do to get that right? I want a fair deal for all concerned.

Even if this deal dosen't go through, I still have a problem. For the past two years the well is breaking through in our basement and we have running water that has to be pumped out. Last year it started in April and lasted through September. This year we had to start the pump in Feb. and there is more water than ever. It is running in the basement and forcing through the casing in the well and we have a regular lake in front of our house. Would appreciate very much some help from you, I mean suggestions on what to do to eliminate this headache before my youngest son goes in the service. Will either have to fill the basement in, move the house or something. My Mother and I will have to move to town for the winter months and I am afraid to leave the place with the water like it is because if it started coming in and we weren't there to start the pump the basement would fill up and we would lose furnace and all that is in basement. Would like your recommendation for the best and cheapest way to control this water.

Any information on course for me to follow on the furnishing of water as a income for me would be appreciated, also on the existing water condition at this time.

Yours truly,

Mrs. Estella C. Wright

Re: Permit No. 19018

Mr. George B. Carmack
Bonners Ferry, Idaho

Dear Sir:

You are hereby notified that Permit No. 19018
is hereby held for cancellation for the following
reason:

Failure to pay the statutory fee of \$5.00 in connec-
tion with completion of works proof on said permit,
which proof was due on or before July 25, 1942, but
was not made until February 25, 1943, in response
to notice that the permit was held for cancellation
for failure to make said proof.

If payment of the required fee is not made within
thirty (30) days from the date of this notice, the
permit will be cancelled, and all your rights and
privileges thereunder will be forfeited.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Re: Permit No. 19018

Mr. Geo. B. Carmack
Bonners Ferry, Idaho

Dear Mr. Carmack:

To acknowledge receipt of the deposition of yourself and two witnesses in proof of completion of works under your Permit No. 19018. The permit will be reinstated, and upon receipt of the statutory fee of \$5.00 a Certificate of Completion of Works will be issued.

In order to make the beneficial use or final proof, it is necessary to first advertise your intention to make such proof for four weeks in a newspaper published in the county where the water is located; and on the date set you and two witnesses appear before a Notary Public to make the proof.

Both copies of Form 10 which we enclose should be filled out, setting a time and place for making the proof (which should be sufficiently far ahead to allow for the four weeks' publication), and naming the Notary Public before whom the proof will be made. Form No. 11 should also be filled out, authorizing us to have the notice published at your expense in the newspaper you may designate.

When these forms are returned to us we will send the notice to the newspaper with instructions for publishing; and later will send the affidavits of proof to the Notary so that he may have them in time for making the proof.

Very truly yours,

JAMES SPOFFORD

Hotel Operator

Ques. 2. Are you acquainted with S. B. Carmack, the holder of Permit No. 19018, authorizing the diversion of $\frac{2}{5}$ second-feet of the waters of Dug Well 36 ft deep, at for irrigation purposes? How long have you known him, and where does he reside?

Ans. 7 years on farm where said irrigation is used

Ques. 3. Have you read or heard read said Permit No. 19018, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is good and all of the $\frac{2}{5}$ cubic feet per second can well be used

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Pump and Hinch Pipe rated at 7000 Gal. per hour capacity

(Sign here.)

Re: Permit No. 19018

Mr. G. B. Carmack
Bonners Ferry, Idaho

Dear Mr. Carmack:

We acknowledge receipt of your registered letter of February 9th, in reply to the notice of cancellation of the above numbered permit for failure to make proof of completion of works on or before July 25, 1942, as per notice sent you on May 18, 1942.

We note from your letter that the works were completed over a year ago, and that you have been using the water, and that being the case you may still make the necessary proof.

We are enclosing forms of deposition for yourself as holder and two witnesses. These should be executed before a Notary Public, showing that the works were so completed prior to the 25th of July, 1942, and upon receipt of these three depositions and their approval the permit may be reinstated.

Under the terms of the permit you are not required to make proof of beneficial use of the water until July 25, 1945, but this can be done at any time prior to that date, and since you say you are using the water you may wish to make this proof now and obtain a license, thus completing your permit. If this is the case, you may let us know, when you return the depositions for completion of works proof, and we will send you the necessary instructions for making this final proof, or proof of beneficial use.

Very truly yours,

JAMES SPOFFORD

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. ~~19018~~..... you are required to complete your diversion works on or before ~~July 25, 1942~~..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

E. V. BERG

Commissioner of Reclamation.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.**

Notice is hereby given that at 10:00 A. M. on the 22nd day of September, 1951, at Bonners Ferry, County of Boundary, State of Idaho, before William E. Rath, Probate Judge, proof will be submitted of the application to beneficial use of 2/5 cubic foot per second of the waters of a well in accordance with the terms and conditions of Permit No. 19018 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Estella C. Wright, Route One, Bonners Ferry, Idaho.

The use to which said water has been applied is domestic and irrigation purposes.

The amount applied to beneficial use is 2/5 second foot.

The place where said water is used NW¼ SE¼ of Section 7, Township 62 North, Range 2 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 19018.

The source of supply from which such water is diverted is subterranean flow from a well in the NW¼ SE¼ Section 7, Township 62 North, Range 2 East, B. M.

The date of priority which said user is prepared to establish is September 8, 1946.

MARK R. KULP,
State Reclamation Engineer.

THIS IS TO CERTIFY, That the North Bench Water Association, Inc., of Bonners Ferry, Idaho, is the owner of and using a certain water right of 0.2 cubic feet per second of the waters of subterranean source, said water being obtained by virtue of License No. 19018, issued by the State of Idaho, Department of Reclamation, dated June 1, 1954, bearing priority date of September 8, 1946, for the purpose of irrigating the following described lands situate, lying and being in the County of Boundary, State of Idaho, to-wit:

NW~~1~~SE~~1~~, Section 7,
Township 62 North,
Range 2 E. B. M.,

That said license has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 9 of Licenses, Page 5264 thereof;

And that the North Bench Water Association, Inc., has become the owner of said right by warranty deed;

And that now, upon the application of the North Bench Water Association, Inc., for the transfer of 0.2 cubic feet per second, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, the right to the use of 0.2 cubic feet per second of the waters of subterranean source by well upon the above described lands is hereby abandoned, and the place of use of said water under such right is HEREBY CONFIRMED, shall by this certificate become appurtenant for domestic purposes, is described as follows, to-wit:

Sections 2, 3, 4, 9, 10,
11, 12, 13, 14, 15 and 16,
Township 62 North, Range 1
E. B. M.,
Sections 7, 8, 16, 17, 18,
20 and 21, Township 62 North,
Range 2 E. B. M.,

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes and shall not exceed the following amount, to-wit:

0.2 cubic feet per second of
the waters of subterranean
source with priority of Sep-
tember 8, 1946;

77-1033
77-1000

And that the water right hereby transferred has heretofore been conducted from subterranean source with point of diversion in the NW¼SE¼, Section 7, Township 62 North, Range 2 E. B. M., and delivered through a private pipe line;

That the water right hereby transferred will hereafter be conducted to the last above described lands from subterranean source by well with no change in point of diversion;

That the right to the use of the water aforesaid, hereby described, is restricted to the lands or place of use last above described as provided by the laws of the State of Idaho;

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 4th day of November, 1965.

Application For Transfer of Water Right

STATE OF IDAHO

County of Boundary

SS.

W. J. NIXON

being first duly sworn, deposes and says:

That he is attorney for the ~~that is~~ North Bench Water Association, Inc.; that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is P. O. Box 368 Bonners Ferry, Idaho 83805

the Association

That he is the owner and using a certain water right, bearing date of priority of 9-8, 1946, for 0.2 cubic feet per second of the waters of Subterranean Flow

County of Boundary, State of Idaho, decreed to

by decree of Judge of the Judicial District of the State of

Idaho, in and for the county of in the case of

- said decree bearing date of

was obtained by virtue of License No. 19018, issued by the State Department of Reclamation of the State of Idaho, dated June 1, 1954, bearing date of Sept. 8, 1946

for the purpose of irrigating the following described lands situate, lying and being in Water District No. in the County of Boundary and State of Idaho, to-wit: NW 1/4 Sec. 7

T. 62 N., R. 2 E., B.M.

and is the ~~person~~ representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i.e. Warranty Deed

as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said stream in the NW 1/4 Sec. 7 of Section Sec. 7, Township 62 N, Range 2E, B. M., and conducted to the above described lands through Private ~~water~~ pipe line as per map herewith and of this affidavit made a part.

CHANGE IN PLACE OF USE

That affiant and petitioner desires to abandon the use of 0.2 cubic feet per second of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of Boundary and State of Idaho, to-wit:

Sec. 4, 9, 10, 11, 12, 13, 14 & 15 & 16 T 62 N, R 1 E, B.M.
Sec. 7, 8, 16, 17 & 18 & 20 & 21 T 62 N, R 2 E, B.M.

That reasons for desiring to make such transfer are as follows: Abandonment of irrigation use in NW 1/4 Sec. 7, T 62 N, R 2 E. and used for domestic purposes, by pump, tank and pipe distribution system as shown on the reverse of this sheet, and as listed above.

T-1060

98-2055

That he intends to divert and convey said 0.2 second feet of water to the tract of land last above described in the following manner and as per map accompanying this application: by pipe distribution system as shown on the reverse hereof.

Note—If this water right has heretofore been carried jointly in a ditch with other water, affiant should secure written consent of other owners or users to removal from its original carrier and file such consent with this affidavit.

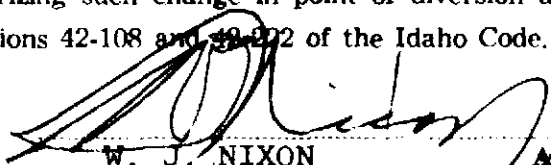

CHANGE IN POINT OF DIVERSION

That affiant desires to change the point of diversion of said waters from the point above described to a point located in 1/4 of 1/4 of Section , Township , Range , and thereafter conduct same to the above described land through the ditch, as per map appended.

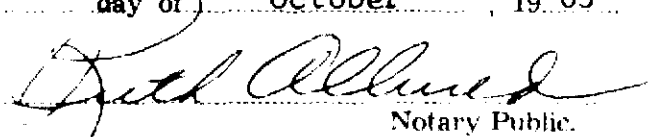

That his reasons for desiring to make such change are as follows:

Petitioner asserts that no one will be injured by such transfer, or change in point of diversion, and that the change will be made at petitioner's own risk.

WHEREFORE, Affiant and Petitioner prays that the State Reclamation Engineer of the State of Idaho issue to him the proper certificate authorizing such change in point of diversion and/or place of use, in accordance with the provisions of Sections 42-108 and 42-102 of the Idaho Code.

W. J. NIXON Applicant
Attorney for North Bench Water Association, Inc.

Subscribed and sworn to before me this 1 day of October, 19 65

Notary Public.
for State of Idaho, residing at
Bonners Ferry, Idaho. Comm. exp: 6/1/68

APPLICANT WILL ANSWER THE FOLLOWING QUESTIONS:

From what stream is the water diverted? Underground
Where is the diversion point located? NW 1/4 NE 1/4, Sec. 7, Twp. 62 N. R. 2, E.B.M.
Through what ditch is it now conducted? None - pipeline
How much land is now irrigated by the water sought to be transferred? 13 acres
Give the description: NW 1/4 NE 1/4 Sec. 7, Twp. 62 N., R. 2, E.B.M.

T-1060

98-2055

What is the total amount of water in inches, or second feet, dedicated to said land? 0,2

What kind of crops are being raised? alfalfa

How much water per acre is now required to irrigate said land? none required

What will be the effect on the land now irrigated, if the use of water on it is discontinued?

Will still grow good alfalfa and hay.

Give location of new point of diversion, if change is to be made. See map

Through what ditch will it be conducted after transfer? Pipeline

How much water will be required per acre to irrigate the land to which this water is transferred?

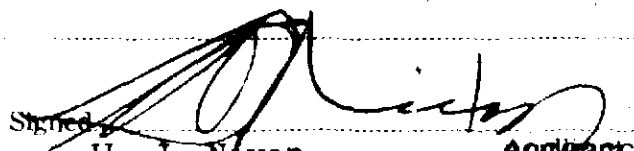

.4 cu. ft. per second for domestic and irrigation use.

Do you claim any other water right for the land from which you seek to abandon the use of this water?

If so, give amount, date and source Yes - Permit #32420, July 2, 1965. - same source

Is there any other water right for the land to which you seek to make this transfer? If so, give amount,

date and source. No

Department of Reclamation

Gentlemen:

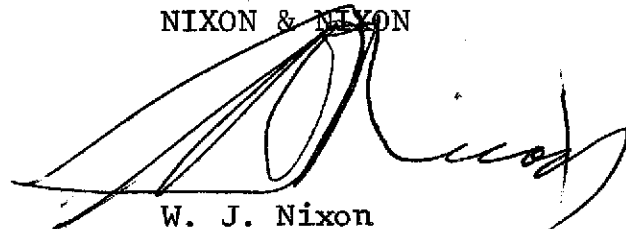

Enclosed herewith find Application of the North Bench Water Association, Inc., to change the place of use of 0.2 cubic feet per second of water from the Northwest Quarter of the Southeast Quarter (NW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 7, Township 62 N., Range 2 East, B.M., to the land described on the map enclosed. This water will be used with the additional 0.2 cubic feet authorized under Permit No. 32420, and is from the same source of supply.

This water right was transferred by deed to the North Bench Water Assn., Inc., by the Wrights and I can furnish you with copy of the deeds if necessary.

If further information is necessary, please advise.

Yours very truly,

NIXON & NIXON

W. J. Nixon
