Re: Permit No. 17470

Mr. Ralph Dobson
Naples, Idaho

Dear Mr. Dobson:

Regarding the priority of right on Twenty-Two Mile Creek, Fader Moe has the right to divert 0.50 of a cubic foot per second of these waters as of October 12th, 1925. You have the right to divert 0.36 of a cubic foot per second as of May 8th, 1931. This means that Mr. Moe is entitled to take 0.50 cubic feet per second first and then if there is any more water left in the creek it must be allowed to run down the creek for the next right in priority, which in this case is your right.

If Mr. Moe is taking more water than he is entitled to, to the detriment of your right, you should appeal to the courts, the same as if he were unlawfully taking your cow or your pig. When the Court has determined just how this water is to be distributed this Department may then appoint a watermaster to see that the Court's orders are properly executed. But until the Court has issued this decree we are powerless to act.

Trusting this clearly explains your right in the matter, I am

Yours very truly,

Assistant Commissioner
of Reclamation.

MRS. INEZ CAVE

Bonners Ferry, Idaho

Dear Mrs. Cave:

Replying to your letter of July 23rd will say that a license was issued on the above numbered permit a number of days ago to Mr. Hoffman and Dobson, co-partners. The writer consulted Mr. Blaine in the Attorney General's office in the matter before the license was issued, and he advised that the only thing we could do, as the records now stand, would be to issue the license to the above mentioned parties. Mrs. Miller has all of the rights under this license that Hoffman and Dobson would have had, as the water appropriated is appurtenant to the land and as an appurtenance would pass with the deed to the land. However, if Mrs. Miller insists upon having the license in her name, I would suggest that she get an assignment from Mr. Dobson, having him sign the names of both the co-partners by himself as agent. If Mrs. Miller will procure this assignment and mail it to us together with her license, the assignment will be recorded on the records at once.

Dear Sir:

I have at hand your letter of June 22nd, 1932 to Mrs Arrissia Miller of Naples, Idaho, and contents noted. Mrs Miller wants that license issued to herself. We can secure an assignment from Mr Dobson as he lives at Naples and he has assured us that he will gladly sign an assignment to Mrs Miller. And the surrendered contract from Hoffman should be enough evidence that he has no further interest in the matter. If we send you an affidavit from Mr Dobson releasing all his right and interest in the water-right to Mrs Miller, will you not then be able to issue the license direct to her? Please advise at once as this has been a long-drawn out matter as it now stands.

RE: PERMIT NO. 17470

MRS. ARRISSIA R. MILLER
Naples, Idaho

Dear Mrs. Miller:

Further reference is made to the matter of the issuance of a license under the above numbered permit. The writer has discussed this matter with Mr. Blaine in the Attorney General's office and he is of the opinion that since you are unable to obtain an assignment from Hoffman and Dobson, we should issue the license to them. However, since the water was appropriated for the irrigation of lands of which you are now the owner, the water is appurtenant to the land. After the license has been issued, if you are able to contact Mr. Hoffman and Mr. Dobson and get an assignment from them, the assignment can be recorded on the Department records. You need not have this assignment made unless you desire it for an abstract of title as you will acquire all of the rights under the license issued to Hoffman and Dobson that you would acquire if it were issued direct to you.

We are enclosing the contract which you had drawn between Mr. Hoffman and yourself.

Dear Mrs. Miller:

Under date of January 11th, 1932, you were informed by this Department that it would be necessary for you to send us your deed or other evidence of your rights under the above mentioned permit, so that an assignment could be effected upon the Department records from O. M. Hoffman and Ralph Dobson to you. You were also informed that your license would be issued as soon as the assignment had been recorded.

Under date of March 2nd, 1932, we received a letter from Mrs. Inez Cave saying that Hoffman had obtained the land for which the waters were appropriated from Mrs. Miller; also that Hoffman failed to make his payments and consequently he surrendered his contract to Mrs. Miller. In view of the circumstances the contract which was executed by Mrs. Miller to Hoffman will be sufficient for the assignment.

You are probably quite anxious to obtain your license. Therefore, if you will forward this contract to us immediately the assignment will be recorded, and your license will issue at once.

Dear Sir:

Mrs A.W. Miller of Naples, Idaho is in the hospital, so she has asked me to write you in reply to your letter of January 11th, 1932.

Mr O.M. Hoffman purchased the ~~W&SE~~^{W&SE 1/4} Section 32-61-1~~East~~^{East}, B.M. from Mrs Miller on Contract. He failed to make his payments and so forfeited his Contract.

As the property was never deeded to Mr Hoffman, would an assignment be necessary? I have examined the records in the Auditor's Office and I find Mrs Miller's deed recorded in Book of Deeds No. 13 on page 158. This deed was recorded on December 20, 1921.

Mr Hoffman surrendered his Contract to Mrs Miller and immediately departed for the East.

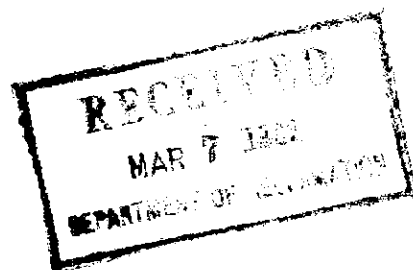

I could send you a certified copy of Mrs Miller's deed but can not see what help it would be in this case. However, if you still think that it should be sent, I will get the certified copy and send to you at once. Please advise me just what to do in this matter as I am anxious to help Mrs Miller get this matter straightened out.

Dear Sir :

Will you kindly inform me if there was a Water right filed for the $W\frac{1}{2}SE\frac{1}{2}$ of Section 32-61-1E ? The water used was to come from Twenty Mile Creek and I think two men named Hoffman and Dobson were the ones that were supposed to have made the application.

Mrs Arrissa Miller of Naples, Idaho owns this land and she sold on Contract to O.W. Hoffman. Now Mr Hoffman has given up the Contract and has returned to the East, so Mrs Miller is anxious to know about the Water Right. If there has not been an Application filed, will you kindly send Mrs Miller a blank? She wants the water for domestic and irrigation purposes .

Please write Mrs Miller the particulars. She is an elderly woman and a widow and does not know how to proceed in such matters. Any information that you can give her will be greatly appreciated

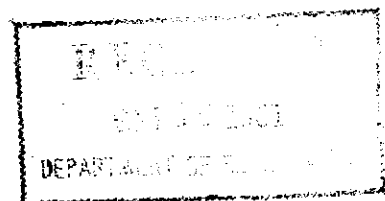

Very truly yours,

Re: Permit No. 17470.

Mrs. Arrissa Miller
Naples, Idaho

Dear Madam:-

Referring to a letter of the 8th inst., from Mrs. Inez Cave, would say that Permit No. 17470 was issued to O. M. Hoffman and Ralph Debson, for the diversion of thirty-six one hundredths of a second foot of the waters of Twenty-Two Mile Creek, diversion in the SW $\frac{1}{4}$ of SE $\frac{1}{4}$ and SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 32, Twp. 61 N., R. 1 E.B.M., for the irrigation of ~~the~~ acres in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ and eight acres in the SE $\frac{1}{4}$ of SE $\frac{1}{4}$, section 32, T. 61 N., R. 1 E.

Proof of completion of works was made under this permit and the certificate of completion issued; proof of beneficial use of water is now being advertised to be made September 15th, before A.J.Kent, Justice of Peace at Bonners Ferry.

We are enclosing herewith an application blank, with instructions, in case the permit above described does not cover the land in which you are interested.

Very truly yours,

PROOF OF COMPLETION OF WORKS

July 29, 1931

Boise, Idaho,

Dear Sir:—

17470

Under the terms of your permit No. **Dec. 22, 1931**.....you are required to complete your diversion works on or before..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
