State of Idaho
License and Certificate of Water Right

Water License No. 16608

Amount .32 Sec. Ft.

Water District No.

Priority 12-2-23

THIS IS TO CERTIFY that **ZEAN SHIERY**
of **Bonnors Ferry**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **November 22**, 19 **26**; that Permit No. 16608
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.4 second feet, was issued thereunder on **November 19**, 19 **31**, showing that said works
were completed on the **5th** day of **November**, 19 **31**; and that on the **3rd**
day of **December**, 19 **32**,

MARION D. ATKINS, Assignee

of **Bonnors Ferry**, State of **Idaho**, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of an unnamed creek
, a tributary of **Cow Creek**, for the purpose of **irrigation and domestic**
use, under Use Permit No. 16608 of the **Commissioner of Reclamation**
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume **7**
of Licenses, at page **3755**, on the **13th** day of **January**, 19 **34**;

The right hereby confirmed dates from **December 2**, 19 **23**;

The Point of Diversion is located
in the **SW 1/4 NE 1/4**, Sec. **18**, Tp. **61 N.**, R. **2 E.**, **B. M. Boundary County.**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed **.32**
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
61 N.	2 E.	18	NW 1/4 NE 1/4	20	16.4

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this **13th** day of **January**, 19 **34**.

R. W. FARIS
Commissioner of Reclamation

APPLICATION FOR PERMIT 98-2034

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 23498
Permit No. 16608
District No.

1. Name of Applicant: Mr. Zean Shiery

Postoffice address: Bonners Ferry

County: Boundary

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 0.4 cubic feet per second.

3. Source of water supply: Unnamed Creek which is a tributary of Cow Creek

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B. M., and is in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$
of Section 18 , T. 61 N , R. 2 E. , B. M., County of Boundary

5. Water is to be used for: Irrigation and Domestic use.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 500.00

8. Kind of works: Dam and ditch

9. Height of dam 5 feet; length of dam at top 16 feet; length of dam at bottom 10
feet; material used in dam: timber, rock and earth.

10. Size of headgate: Width $\frac{1}{2}$ feet; height 1 feet.

11. Ditch: Width at bottom .5 feet; width at water line .5 feet; depth of water $\frac{1}{2}$
feet; dimensions of flume

Diameter of pipe inches; length of conduit $\frac{2}{5}$ miles/

Average grade per mile 400 feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is 1 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals

PERMIT NO. 16608
CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that M. D. Atkins of Bonners Ferry, County of Boundary, and State of Idaho, the holder of Permit No. 16608, issued Upon Application No. 23498 bearing date of priority of November 22, 1926, authorizing the diversion of 0.4 second feet of the waters of Unnamed Creek, County of Boundary, State of Idaho, for Irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 0.4 second feet of the waters of Unnamed Creek; that the point of diversion of said waters is in SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 18, Twp. 61 N. Range 2 E; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: 20 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 18 Twp. 61 N., Range 2 E.

Witness my hand this 19th day of November, A. D. 1931.

Department of Reclamation

George M. Carter
State Reclamation Eng
State of Idaho
State House, Boise, Idaho

Dear Mr. Carter:

I am trying to get a copy of water right ^{license} permit no. 16608. I have tried in all the 3 northern co. Courthouse and could find it recorded so I guess you are my last chance.

I have the application for permit (no. 23498) made out to Mr. Jean Schery and the approval of Commissioner of Reclamation stating permit no. 16608, recorded in Book 60 page 16608, approved Nov 23, 1926, & renewed Nov, 23, 1926 by you. I have several letters from your office to previous owners, there was some trouble about the ownership of the water right license, is this license given to the person or to the property?

So what I need is a copy of the license and certificate of water. If there is any change, let me know by return mail as I am in hand of a heavy to get this paper recorded.

Thank you.

16608

Yours truly
George I. Koppang
R R 1
Bonanza Ferry, Idaho

16608
✓
September 6, 1951

Mr. N. T. Koppang
Bonners Ferry
Idaho

Dear Mr. Koppang:

License 11608 was issued to Marion D. Atkins for irrigation and domestic use of .32 cubic foot per second for use in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18, Township 61 North, Range 2 East, B.M. with a priority of December 2, 1926.

A part or all of this licensed right can be legally transferred to new places of use by a statutory procedure which involves application for change, advertising and certificate of change, provided the change does not injure other rights.

Actually the injury to other rights is the controlling factor and if no injury results, there would be no reason why the change should not be made, but the statutory procedure would make it a matter of record.

Through the statutory procedure the whole right could be made appurtenant to both tracts and both houses.

If there is water available for both tracts and you want to expand the irrigated acreage, a new permit may be applied for to cover the additional acreage and the increased use, retaining the existing right and using both together.

We enclose forms for transfer and also for application for permit so that you can take the course that seems most desirable.

Very truly yours,

MARK R. KULP

Re: Water License No. 16608

MR. ZEAN SHIERY
R # 1, Bonners Ferry,
Idaho
†

Dear Sir:

We have your letter of November 5th in which you state that you have a warranty deed for the land for which the above license was issued. You further say that Mr. Atkins, who was the person to whom the license was issued, refuses to give it to you.

When a license is issued it becomes appurtenant to the particular land which it describes and cannot be transferred from that land except by statutory procedure through this office. In other words, the license is issued to the land rather than to the individual and it passes with the passing of title to the land. Consequently, I cannot see where this license would be of any value to Mr. Atkins as you now own the land for which it was issued.

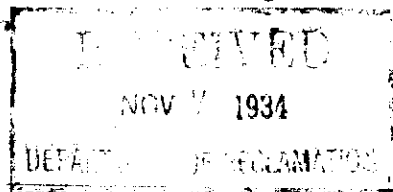

Very truly yours,

R. W. FARIS

Re: Water License No. 16608
M. D. Atkins

MR. ZEAN SHIRRY
Bonners Ferry,
Idaho

Dear Sir:

You say that you have purchased the land for which the above water license was issued and that from now on anything which arises in connection with this license should be taken up directly with you.

For your information we wish to advise you that the issuance of a license is the final step in the administration of the permit law and that nothing further is required in so far as this department is concerned. For that reason the department keeps no record of the disposition of a license nor is there any need of such a record since the license passes as an appurtenance to the land with the passing of title to said land.

It is very difficult for us to say at this time when the Field Engineer or the Commissioner will be in the northern part of the state. No doubt, one or the other of them will make a trip to the north some time during the summer since there will be a number of examinations to be made in that section but due to the limited funds which were appropriated for this department by the last session of the legislature it is necessary to practice every possible bit of economy. I will discuss your case with the Field Engineer and request him to attempt to see you when he is in the northern part of the state but as we have previously stated it is not possible to say when this might be.

Very truly yours,

Re: License No. 16608

MR. ZEAN SHIRNY
Bonners Ferry,
Idaho

Dear Sir:

We have your letter dated March 5th, 1934, in which you say that you now own the land for which the above license was issued and that you have a neighbor living on the adjoining property who needs water for domestic purposes and you desire to be informed as to whether or not you would be violating the terms of your license by extending your water line to his house and letting him use what water you can spare. By extending your pipe line to your neighbor's house you would really be adding an additional place of use and the only way in which such an action could be approved would be for you to make a regular application to this department for change of place of use. You could not very well do this since by changing the place of use you would exclude the place where you use the water for your own purposes.

This question creates a peculiar situation and you would, no doubt, get into serious difficulty if you attempted to have your license revised so that your neighbor's place of use would also be included in it. However, I can see no reason why you should not permit your neighbor to have whatever water is available after your own needs are satisfied.

Re: License No. 16608
Marion D. Atkins

MR. ZEAN SHIERY
R # 1,
Bonners Ferry, Idaho

Dear Sir:

In reply to your letter of January 30th, we wish to inform you that a license was issued and mailed to Mr. Atkins on January 13, 1934.

When Mr. Atkins mailed us his fee of \$2.00, due in connection with beneficial use proof under the above permit, he gave his residence as Sandpoint and his license was mailed to him at that place. Therefore, unless it was lost in the mail, it reached him several weeks ago.

You say that you have now purchased the land for which this permit was issued. For your information, we wish to state that it will not be necessary for the license to be assigned to you on the records of this office, since we keep no record of the disposition of a license after it is issued. From the date of issuance, it passes as an appurtenance to the land.

Very truly yours,

Re: Permit No. 16608

MR. MARION ATKINS
Bonners Ferry,
Idaho

Dear Sir:

This is to inform you that we are now in receipt of the engineer's report covering the examination of beneficial use proof under the above permit. The engineer's report shows that you have under irrigation 6 acres of truck garden, 4 acres of timothy hay and 6.4 acres of pasture, making a total of 16.4 acres.

The law requires that a fee shall be paid at the rate of \$2.00 for each 40 acre legal subdivision or portion thereof that is being irrigated. Since all of the land that is being irrigated with water claimed under this permit lie in a 40 acre legal subdivision, your fee will be \$2.00. Upon receipt of this amount we will issue a license to you for .32 of one second foot of water, which amount is determined at the rate of one miners inch per acre.

Very truly yours,

Permit No. 16608

This proof is for BEN. USE

In Water District No.

1. Name of applicant Marion D. Atkins
2. Source of water supply: Unnamed stream
3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18
T. 61 N. R. 2 E. B. M. County of Boundary
4. Describe works as they exist, giving dimensions and capacities of same:
Work consists of crib dam 2 $\frac{1}{2}$ feet high and 12 feet long. 3 feet wide filled with rock. This crib dam used as a diversion and provides entrance head for 1 inch pipe 2600 feet long leading to the irrigated tract, house and barn. Capacity of pipe at entrance is 5.16 inches and at the time of investigation was delivering 4.38 inches over a weir at the point of use for irrigation.
5. Water is used for: Irrigation and domestic
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18, T. 61 N., R. 2 E. B. M.

There are 6 acres of truck garden and 4 acres of Timothy hay being irrigated in this tract. The pipe line delivers water to the house and milk shed, also to the watering places for stock at the barn.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Kootenai River

Remarks: This pipe line is buried about 2 $\frac{1}{2}$ feet and is used the entire year for domestic water. When water is not needed for irrigation of the tract shown on the map it is diverted on a clover pasture in the same legal subdivision and lying immediately to the south of the truck garden. This pasture has an area of 6.4 acres.

This examination was made on the 5th. day of July, 1933.

(Signed)

Longmire

Permit No. 16608

Examination for BEN. USE

County Boundary

INSTRUCTIONS TO EXAMINERS

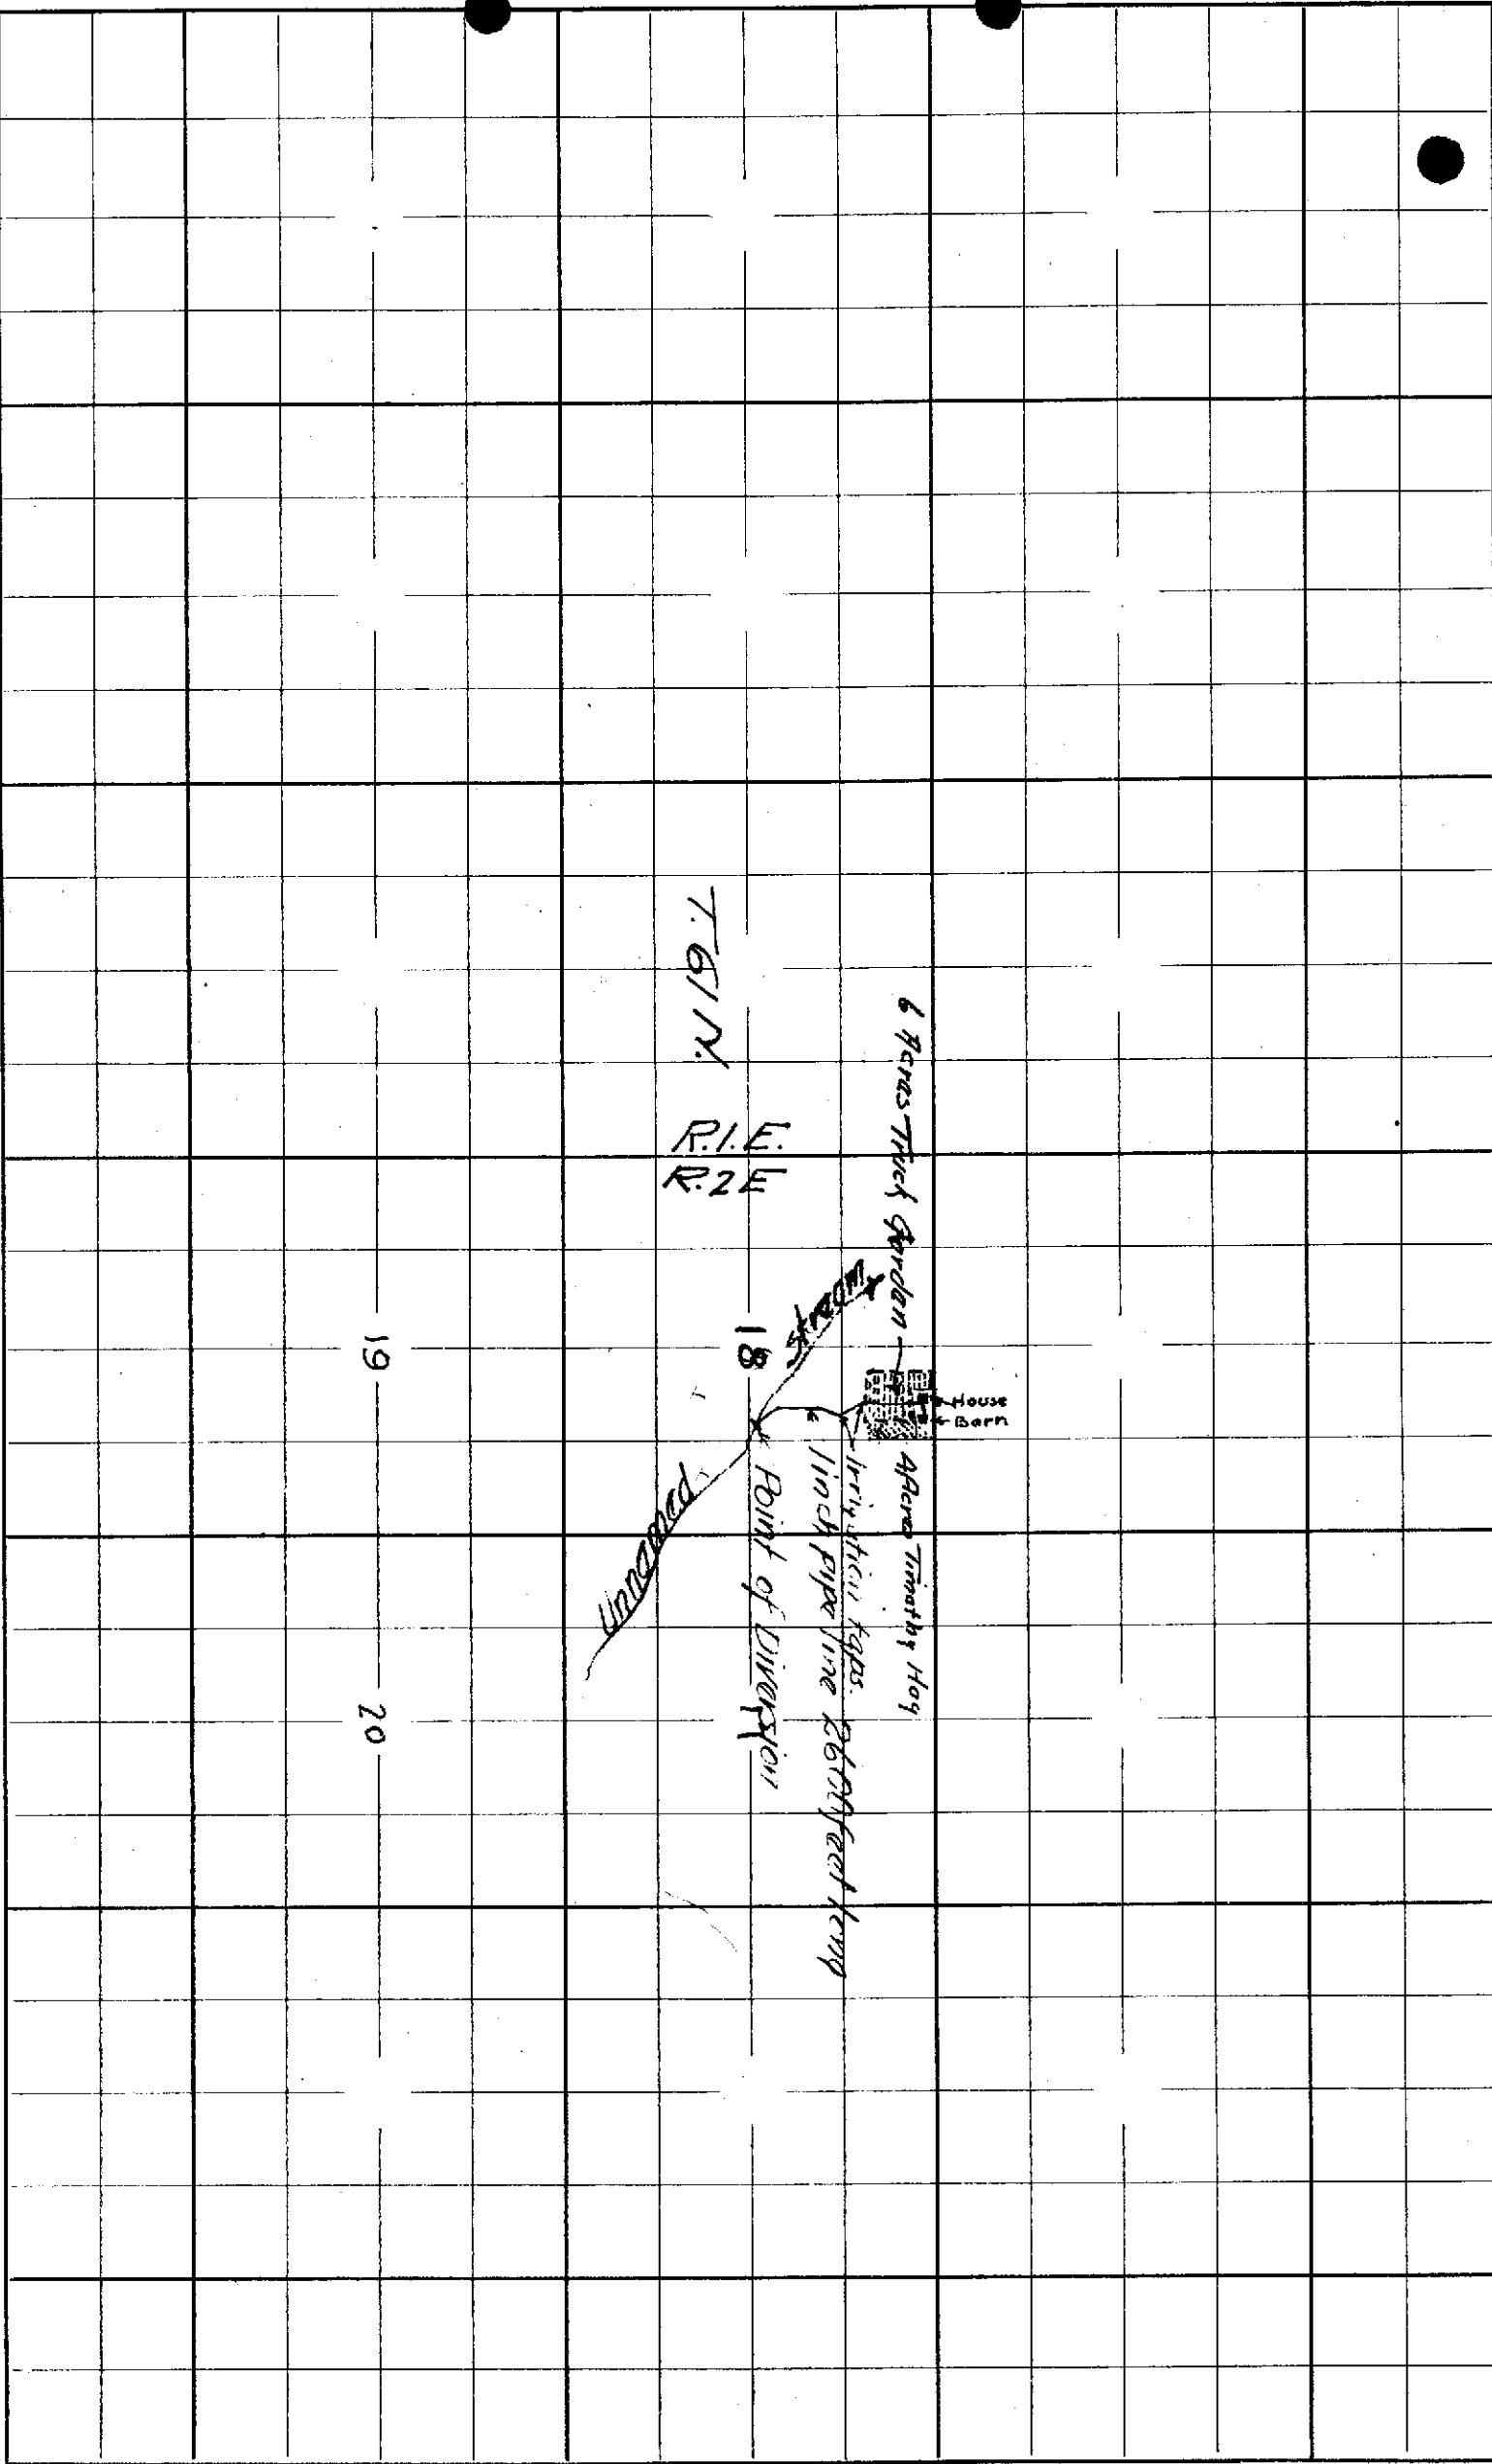

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

REPORT OF ENGINEER

PERMIT NO. 16608

REPORT ON PROOF OF BEN. USE

December 9, 1932

Re: Permit No: 16608

Mr. Marion D. Atkins
Bonners Ferry Idaho

We are in receipt of the following papers in connection with Beneficial Use proof under the above mentioned permit: deposition of the holder, depositions one each of two witnesses, and also affidavit of publication from the Bonners Ferry Herald. These papers will be placed on file without final action until such time as a field examination can be made by the field engineer of this department.

It is difficult to say just when this examination will be made, but it is likely that it will be sometime during next summer, since these examinations must be arranged so that a number of them can be taken care of on the same trip. However, any rights that you have acquired under this permit will not be impaired by a delay in the field examination.

After the field engineer's report covering this examination has been received you will be further notified as to fees due for Beneficial Use proof before the license is issued.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

By
Chief Clerk & Field Engr.

AFFIDAVIT OF PUBLICATION

Notice for Publication NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that a 10:00 a. m. on the 3rd day of December, 1932, at Bonners Ferry, County of Boundary, State of Idaho, before A. J. Kent, Notary Public, proof will be submitted of the application to beneficial use of 0.4 cubic feet per second of the waters on unnamed creek in accordance with the terms and conditions of Permit No. 16608 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Marion D. Atkins, Bonners Ferry, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 0.4 of one cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 18, T. 61 N., R. 2 E. B. M., consisting of 20 acres.

The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.

The right to take water from such works is based upon Permit No. 16608.

The source of supply from which such water is diverted is unnamed

creek.

The date of the priority which said water user is prepared to establish is December 2, 1926.

R. W. FARIS,
Commissioner of Reclamation.

BOISE, IDAHO

Permit No. I6608

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Marion D Atkins Bonners Ferry Idaho
Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. none

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. I6608, approved November 23rd 1926 Priority right Dec. 2, 1926
November 22, 26
January 22, 27

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unknown Creek being a tributary of Cow Creek Point of Diversion
Southwest Quarter of the Northeast Quarter Sec 18 T. 61 N. of R. 2 E.
of B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. One Inch Iron Pipe from the point of Diversion to the Dwelling
of the applicant, One half of mile of Pipe and three Hundred Ft
of fall the pipe running full, this takes about one fourth
of the Water in the creek

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used for Domestic purposes at the home of the
applicant also used for Irrigation of about 20 acres in the
North half of the Northwest quarter of the Northeast Quarter
of Section 18 in T. 61 N. of R. 2 East of Boise Meridian

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. none

16 16608

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The full capacity of the Pipe line

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. This water right was transferred with the land to me by assignment of Water right

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. None of the water was used prior to the pipe line being installed under permit I6608

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign) Marion D. Atkins

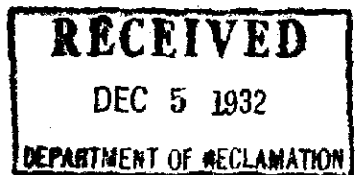

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Bonners Ferry County of Boundery, State of Idaho, on this 3rd day of December A. PERMIT NO. I6608

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James B Atkins Bonnerys Ferry Idaho Farmer

My age is 45 years

Ques. 2. Are you acquainted with Marion D Atkins, the holder of Permit No. I6608? How long have you known him and where does he reside?

Ans. I have know him for 40 years

He resides in Boundery County Idaho

Ques. 3. Have you read or heard read said Permit No. I6608, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water frrom point of diversion to place of use.

Ans. Unknown Creek being a branch Cow Creek place of diversion
is on the Southwest Quarter of the Northeast quarter of Section
18 in T. 61 N. of R. 2 East of B.M. The Water is conveyed by a
one inch pipe line from the point of diversion to the place of use

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. All of the Water that a one inch pipe line will carry

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For Domestic purposes and for Irrigation of 20 acres of
land in the Northwest Quarter of the Northeast uarter of
Section 18 in T. 61 North of R. 2 East of B.M.

This is cutover land and there is about ten acres cleared
and the balance is being cleared all of which is or will be
used for Meadow or hay for stock

16608

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. ----- none -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ----- The amonit carried by this pipe line in month of July and -----
----- August -----

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ----- None -----

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ----- I helped put the pipe line in and I live about one half -----
----- mile from the applicants home -----

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,
November 28, 1932

Mr. A. J. Kent
Notary Public
Bonners Ferry, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 16608

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 3, 1932, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Bonners Ferry, Idaho before A. J. Kent, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of Boundary } SS

M. D. Atkins, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the state of Idaho, No. 16608, and that his postoffice address is Bonniers Ferry R#1
State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Unnamed Creek which is a tributary of Cow Creek

Third: That the point of diversion of said water is in S W 1/4 Sec 18 Twp 6 N Range 2 E

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Nov. 23, 1931.

Fifth: That the use for which said water is intended is irrigation & domestic use

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Dam and Ditch

(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam 5 feet, length of dam at top 16 feet, length of dam at bottom 10 feet. Material used in construction

timber, rock and earth

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir ✓ acre feet.

(c) Size of headgate: Width ✓ feet, height ✓ feet.

(d) Conduit ditch width at bottom 5 feet, width at water line 5

(State whether ditch, flume or pipe.)

feet, depth of water 1/2 feet; diameter of pipe 1 inches, average grade per mile is 400 feet. Length of conduit is 3/5 miles.

Seventh: That said works are capable of conducting to the place of intended use 0.4 second feet of water.

Eighth: That water appropriated under said permit is available for 20 acres of land described as follows: NW 1/4 NE 1/4 Sec 18 - 6 N - 2 E

Ninth: Remarks: That

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Zean Shiery

Boise, Idaho, August 30, 1931
31

Bonniers Ferry, Idaho

Dear Sir:—

Under the terms of your permit No. 16608.....you are required to complete your diversion works on or before Nov. 23, 1931..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.
