Louis Popp, being first duly sworn, deposes and says that he is the holder of Permit Number 3670 authorizing the diversion of 3 cubic feet of water from Trout Creek and that said point of diversion as given in said permit is in error, that the discription for the point of diversion should be the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 7, that in reality and upon the ground the point of diversion as applied for and as constructed are identical and that the discrepancy occurred by a mistake in discribing the corner to which the point of diversion was tied.
