4. Development plans; layout plans; construction, reconstruction, or alteration of improvements; or revision of layout or construction plans for this area must be approved in advance and in writing by the forest supervisor. Trees or shrubbery on the permitted area may be removed or destroyed only after the forest officer in charge has approved, and has marked or otherwise designated that which may be removed or destroyed. Timber cut or destroyed will be paid for by the permittee as follows: Merchantable timber at appraised value; young-growth timber below merchantable size at current damage appraisal value; provided that the Forest Service reserves the right to dispose of the merchantable timber to others than the permittee at no stumpage cost to the permittee. Trees, shrubs, and other plants may be planted in such manner and in such places about the premises as may be approved by the forest officer in charge.
5. The permittee shall maintain the improvements and premises to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the forest officer in charge.
6. This permit is subject to all valid claims.
7. The permittee, in exercising the privileges granted by this permit, shall comply with the regulations of the Department of Agriculture and all Federal, State, county, and municipal laws, ordinances, or regulations which are applicable to the area or operations covered by this permit.
8. The permittee shall take all reasonable precautions to prevent and suppress forest fires. No material shall be disposed of by burning in open fires during the closed season established by law or regulation without a written permit from the forest officer in charge or his authorized agent.
9. The permittee shall exercise diligence in protecting from damage the land and property of the United States covered by and used in connection with this permit, and shall pay the United States for any damages resulting from negligence or from the violation of the terms of this permit or of any law or regulation applicable to the National Forests by the permittee, or by any agents or employees of the permittee acting within the scope of their agency or employment.
10. The permittee shall fully repair all damage, other than ordinary wear and tear, to national forest roads and trails caused by the permittee in the exercise of the privilege granted by this permit.
11. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this agreement or to any benefit that may arise herefrom unless it is made with a corporation for its general benefit.
12. Upon abandonment, termination, revocation, or cancellation of this permit, the permittee shall remove within a reasonable time all structures and improvements except those owned by the United States, and shall restore the site, unless otherwise agreed upon in writing or in this permit. If the permittee fails to remove all such structures or improvements within a reasonable period, they shall become the property of the United States, but that will not relieve the permittee of liability for the cost of their removal and restoration of the site.
13. This permit is not transferable. If the permittee through voluntary sale or transfer, or through enforcement of contract, foreclosure, tax sale, or other valid legal proceeding shall cease to be the owner of the physical improvements other than those owned by the United States situated on the land described in this permit and is unable to furnish adequate proof of ability to redeem or otherwise reestablish title to said improvements, this permit shall be subject to cancellation. But if the person to whom title to said improvements shall have been transferred in either manner provided is qualified as a permittee and is willing that his future occupancy of the premises shall be subject to such new conditions and stipulations as existing or prospective circumstances may warrant, his continued occupancy of the premises may be authorized by permit to him if, in the opinion of the issuing officer or his successor, issuance of a permit is desirable and in the public interest.
14. In case of change of address, the permittee shall immediately notify the forest supervisor.

MICROFILMED

DEC 03 2003

15. The temporary use and occupancy of the premises and improvements herein described may be sublet by the permittee to third parties only with the prior written approval of the forest supervisor but the permittee shall continue to be responsible for compliance with all conditions of this permit by persons to whom such premises may be sublet.
16. This permit may be terminated upon breach of any of the conditions herein or at the discretion of the regional forester or the Chief, Forest Service.
17. In the event of any conflict between any of the preceding printed clauses or any provisions thereof and any of the following clauses or any provisions thereof, the following clauses will control.
18. **LATE PAYMENT INTEREST CHARGE:** Pursuant to the Federal Claims Collection Act of 1966, as amended, 31 USC 3101, et seq., and regulations at 7 CFR Part 3, Subpart B, an interest charge shall be assessed on any payment not made by the payment due date. Interest shall be assessed using the most current rate prescribed by the United States Department of the Treasury Financial Manual (TFM-6-8020). Interest shall accrue from the date the payment was due. In addition, the cost of processing and handling the overdue payment shall be added to the amount due.
- A penalty of 6 percent per year shall be assessed on any payment overdue in excess of 90 days from the payment due date.
- Payments will be credited on the date received by the designated collection officer or deposit location. If the payment due date(s) falls on a nonworkday, the interest and penalty charges shall not apply until the close of business of the next workday. A6
19. **INDEMNIFICATION OF UNITED STATES:** The holder shall indemnify the United States against any liability for damage to life or property arising from the occupancy or use of National Forest lands under this permit. B8
20. **RISKS AND HAZARDS:** Avalanches, rising waters, high winds, falling limbs or trees, and other hazards are natural phenomena in the Forest that present risks which the holder assumes. The holder has responsibility of inspecting the site, lot, right-of-way, and immediate adjoining area for dangerous trees, hanging limbs, and other evidence of hazardous conditions and, after securing permission from the Forest Service, of removing such hazards. B24
21. **HEALTH, SAFETY AND ENVIRONMENTAL PROTECTION:** Holder shall take all measures necessary to protect the health and safety of all persons affected by its activities performed in connection with the construction, operation, maintenance, or termination of the right-of-way, and shall promptly abate as completely as possible any physical or mechanical procedure, activity, event, or condition, existing or occurring at any time: (1) that is susceptible to abatement by the holder, (2) which arises out of, or could adversely affect the construction, operation, maintenance, or termination of all or any part of the water transmission line, and (3) that causes or threatens to cause: (a) a hazard to the safety of workers or to public health or safety, or (b) serious and irreparable harm or damage to the environment (including but not limited to areas of vegetation or timber, fish or other wildlife populations, or their habitats, or any other natural resource). Holder shall immediately notify the authorized officer of all serious accidents which occur in connection with such activities. B26
22. **LONG-TERM USE:** Unless sooner terminated or revoked by the authorized officer, in accordance with the provisions of the authorization, this authorization shall expire and become void on December 31, 2002, but a new special-use authorization to occupy and use the same National Forest System land may be granted provided the holder will comply with the then-existing laws and regulations governing the occupancy and use of National Forest lands and shall have notified the authorized officer not less than 3 months prior to said date that such new authorization is desired. 23. **CONFLICTS WITH NATIONAL FOREST MANAGEMENT:** This permit does not convey exclusive rights, privileges, use or control of National Forest System lands. When, upon the authorized officer's written notice that the permitted use will or does conflict with National Forest management practices and activities, it shall be the holder's sole responsibility to modify the use. Modifications shall be approved in advance by the Forest Service and completed in a reasonable and timely fashion. The holder's inability or unwillingness to institute acceptable and timely modification shall be cause to terminate the permit. R1_E3
24. **IMPLIED PERMISSION:** Nothing in this permit shall be construed to imply permission to build or maintain any structure not specifically named on the face of this permit, or approved by the authorized officer in the form of a new permit or permit amendment. X3
25. **IMPROVEMENT RELOCATION:** This permit is granted with the express understanding that should future location of United States Government-owned improvements or road rights-of-way require the relocation of the holder's improvements, such relocation will be done by, and at the expense of, the holder within a reasonable time as specified by the authorized officer. X33
26. **NONEXCLUSIVE USE:** This permit is not exclusive; that is, the Forest Service reserves the right to use or permit others to use any part of the permitted area for any purpose, provided such use does not interfere with the rights and privileges hereby authorized. X49
27. **WATER RIGHTS:** This permit confers no right to the use of water by the holder. X74
28. **DISPUTES:** Appeal of any provisions of this authorization or any requirements thereof shall be subject to the appeal regulations at 36 CFR 251, Subpart C, or revisions thereto. X96

(Kind of Permit)

Beaver Creek Camp Association, on March 16, 1992
(Name of Permittee) (Date of Permit)

which is hereby amended as follows:

29. **SUSPENSION OF PRIVILEGES:** Use of this authorization may be suspended by the Forest Service in whole or in part for breach of any stipulation contained within. Continued use of the authorized area, privileges, or facilities thereon during suspension may result in cancellation of the authorization. (R1-E1)
30. **NONPAYMENT OF FEES AND CHARGES:** This authorization shall terminate upon the holder's failure to make the annual fee payment, the late payment charge, and any other charges when due. (R1-E2)
31. **PERIODIC INSPECTIONS:** The holder understands that periodic inspections by and for the Forest Service are necessary for monitoring special-use authorization compliance. Therefore, the holder agrees to make the authorized premises, improvements, facilities and activities available and accessible for inspection by, and on behalf of, the Forest Officer in Charge and/or any other duly authorized official. (R1-X19)
32. **MINIMUM FEE:** The holder shall pay annually, in advance, to the Forest Service, U.S. Department of Agriculture, the sum of \$ Forty-five and no/100 (\$45.00 Dollars), for the period from January 1, 1990, through December 31, 1990, and annually thereafter on or before January 1, 1991; a sum determined to be the Northern Region minimum fee placed into effect as of January 1, 1991; Provided however, that the charges for this use may be readjusted whenever necessary to place the charges on a basis commensurate with the value of the use authorized. This minimum fee shall be adjusted by an appropriate factor at the beginning of each 5-year period following the 1991 implementation date and the adjusted fee shall be effective through the succeeding 5-year period. This authorization shall terminate upon the holder's failure to make the annual payment, the late payment charge, and any other charges when due.

The Holder shall pay an interest charge on any fee amount not paid by the payment due date.

DEC 03 2003

Interest shall be assessed using the most current rate prescribed by the United States Department of Treasury Financial Manual (TFM-6-8020). Interest shall accrue from the date the fee payment was due. In addition, certain processing and handling administrative costs may be assessed in the event the account becomes delinquent and added to the amounts due.

A penalty of 6 percent per year shall be assessed on any fee amount overdue in excess of 90 days from the due date of the first billing.

Payments will be credited on the date received by the designated collection officer or deposit location. If the due date(s) for any of the above payments or fee calculation statements fall on a nonworkday, the charges shall not apply until the close of business of the next workday. (R1-A10)

33. **AREA ACCESS:** The holder agrees to permit the free and unrestricted access to and upon the premises at all times for all lawful and proper purposes not inconsistent with the intent of the permit or with the reasonable exercise and enjoyment by the holder of the privileges thereof. (X19)

This Amendment is accepted subject to the conditions set forth herein, and to conditions 29 to 33 attached hereto and made a part of this Amendment.

E. NARRATIVE/REMARKS/COMMENTS

At time of exam flow was down due to a very dry year. plus exam was done late in year. At time of exam demand was high and flow low so I didn't try a dry down. The water master said he did it a month prior and measured 12 inches of recharge in 10 minutes. This was the information I used to calculate recharge.
Mr. Hunsate told me he has seen it do 3 times that in the spring of a good year.
#5 of condition of approval says authorize a single point of discharge for spring. If a groundwater source is identified.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 97-7424

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions, please contact the **Northern** Regional Office of the department in Coeur d'Alene (208)769-1450.

Sincerely,

Deborah J. Gibson

RE: Permit No. 97-7424

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Please note that a separate stream channel alteration permit must be obtained from the Department prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed a least sixty days prior to the commencement of work in the stream.

MICROFILMED
DEC 03 2003

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-5452.

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

MICROFILMED

DEC 03 2003

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Application for Permit No. 97-7424

Dear Sheri:

Sheri, I don't know what happened to the original which was e-mail on February 12, 2002, so we will start again on this one.

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated (once a week for two consecutive weekly issues - **April 3 and 10, 2003**). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 03/10/2003. Your cooperation is greatly appreciated, as always.

Sincerely

Dianne

Good morning **Sheri** - **SECOND TRY AT THIS E-MAIL** - which I just sent without the attachments - in which I misspelled your name, too. **SO SORRY!!**

My, what a pretty lady you are this morning, and I hope your day is filled with sunshine - if not on the outside, then on the inside!!

This e-mail with attachments is in conjunction with our phone conversation of last Friday afternoon. I don't know what happened to the original e-mail with attachments regarding this, that I e-mailed to you on 2/12/03, but we will try again. Perhaps you were out ill for a day (or for a few days) and someone else deleted your e-mail or something. Regardless, and in any case, no real harm done - we will just start all over again.

So - you will find attached below a cover letter (originally dated 2/12/03) and a legal notice on which I have changed the dates to reflect **publication on 4/3 and 4/10/2003**, with a last date for protests to be filed of **4/21/2003**.

PLEASE FAX PROOF ON THIS PRIOR TO PUBLICATION.

If you have any quesitons prior to publication, please call me at 208-769-1450.

May you have a wonderful day!

Dianne

RE: Application for Permit No 97-7424

Dear Applicant(s):

The Department of Water Resources has acknowledged receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

The publication of this water right application did not get into the newspaper as originally scheduled for February 20 and 27, 2003. As a result, we have prepared a legal notice of the application and re-submitted it to the Bonner County Daily Bee, and it is now scheduled for publication in the Bonner County Daily Bee on April 3 and 10, 2003. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Allen Beardslee

RE: Beaver Creek Camp Association Water Rights

Dear Al:

The Beaver Creek Camp Association currently has water rights that were originally obtained in 1982 for 0.010 cubic feet per second (cfs). We are now requesting additional water rights totalling 0.060 cfs and are requesting to change the beneficial use from domestic to municipal.

The system currently consists of two springs located, as listed on the permit, on U.S. Forest Service land. These two springs carry water through 3/4" polyethylene pipe to the cistern area. There is currently one cistern and plans are to add an additional cistern both on Beaver Creek Camp Association land. The cisterns draw from both the groundwater and the piping from the springs. The Beaver Creek Camp Association currently has a special use permit with the U.S. Forest Service allowing them use of the springs. I have attached said special use permit for your reference.

A camp association is currently set up in which maintenance of the water system is ensured. The Beaver Creek Camp Association Board consists of the following: President - Gail McCall, Vice President - Jeff Hammerland, Secretary - Chuck Simpson, and Treasurer - Juanita Wagner. There is one membership allowed per lot. Currently there are 31 members.

If you have any questions or comments, please call me at (208) 263-4160. Thank you!

Sincerely,

JAMES A. SEWELL & ASSOCIATES

Hi Al,

It was a couple weeks ago that I called you asking questions about this. Had to get the signature then the check ... just took awhile. I think everything is explained pretty clear - it's kind of a confusing one. If you have any questions, feel free to call. Hope your trousers are holding up well. 😊
Talk to you later. CarrieAnn

Re: Modify Beaver Creek Camp Association Application for Permit

Carry Ann Wolf, of Sewell Engineering, called to inform me of the following modifications to the above filing:

Remove spring source located in SE1/4 SE1/4, Sec. 9.

Locate "Spring 1" in center of SE1/4 ~~SW~~1/4, Sec. 9. (SE SW)

Cross out comments on Application regarding two spring sources.

I added the Public Water Supply Number and confirmed that the spring and well going to be connected into one delivery system.
