Gentlemen:

Subject: Water Application for Permit Numbers 97-7342 & 97-7343.

The Idaho Department of Water Resources hereby acknowledges receipt of the above-referenced Applications for Permit to Appropriate the Public Waters of the State of Idaho. Enclosed is Receipt Number N7171. Please refer to your Applications for Permit Number in future matters concerning this water right application.

Your Applications for Permit are currently being prepared for advertising in the local county newspaper. The advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for submittal of protests.

If your applications are not protested, they will be forwarded to Boise for processing. Normal processing time is approximately 3 to 4 months, if the applications are not protested. If your Applications for Permit are protested, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. All protests must be resolved before your Applications for Permit can be approved. If the protest is not resolved, this Department will conduct a conference and/or hearing on the matter.

You will receive your approved Applications for Permit and instructions on filing the Proof of Beneficial Use from our State Office in Boise.

If your Applications for Permit are for a well (groundwater) that was constructed after July 1, 1987, you must apply for a well drilling permit upon approval of your Application for Permit if no permit was obtained by previous owners to construct the well. Well Drilling Permits can only be issued by this office to holders of approved Applications for Permit.

If I can be of further assistance, please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
