RE: PERMIT NO. 97-07279

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before March 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Dear Mr. and Mrs. Clark:

Returned is your proof of beneficial use form received in this office on December 2, 1988. Apparently, the letter and order sent extending your proof due date for the above referenced permit had not reached you before you sent the proof of beneficial use form.

I trust, by this time, you have received the order extending your proof due date to March 1, 1991.

If you have further questions or requests, feel free to contact this office.

November 29, 1986

Dear People,

This letter concerns the enclosed Proof of Beneficial Use form. Our application for Permit # 97-7279 stated 5 years time required on item 7 but only 2 years were allowed. This time limit did not come to my attention until October 1988 when I received your letter. I immediately phoned your Boise office and was told a letter of explanation would be sent along with further instructions. As of this date I have received no reply so am submitting the Proof of Beneficial Use form reflecting the current state of development.

The reservoir mentioned in permit # 97-7279 was constructed in the fall of 1986 and ^{first} used for irrigation in 1987. Practical considerations limited its capacity to approximately 1.75 acre feet.

The lower amount of water available has influenced our decision to use some drip irrigation, resulting in a lower c.f.s. rate than shown on the original application for permit.

Re: 97-7279

Dear Mr. Clark:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned Identification No. 97-7279. Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in the Priest River Times. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to the final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Since our system includes a dam of 10 feet in height, you must complete and submit with a \$10.00 filing the enclosed Application to Construct a Small Dam prior to the final review.

Enclosed please find your Receipt No. 97-7279 for the amount of 30.00.

Please feel free to contact this office if you have any questions regarding this procedure.
