License of Water Right No. 97-7166 Priority July 16, 1981 Amount 0.02 cfs

THIS IS TO CERTIFY, that Joseph E. & Caroline G. Collins
of Priest River, Idaho, has complied with the terms and conditions of Permit
No. 97-7166 issued pursuant to Application for Permit dated July 16, 1981,
and has submitted proof to the Department of Water Resources on July 16, 1982,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.02 cfs of water from Priest Lake,
tributary to Upper Priest River, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

CONDITIONS OF APPROVAL

- a. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.
- b. The right to the use of the water hereby confirmed is restricted and appurtenant to lands or place of use herein described, and is subject to all prior water rights, as provided by the laws of Idaho.
- c. Any water right confirmed in this license for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this license and shall not give rise to any right or claim against any future rights to the use of water other than hydropower, within the State of Idaho initiated later in time than the priority of this license.

WATER RIGHT # 97-07166

AB 9/29/92

Enclosed is an application and plats requesting permission to install two water lines in Priest Lake.

Please submit your recommendations to me by October 5, 1992 regarding the likely effect of the proposed encroachment upon adjacent property, lake, and streambed value factors of navigation, fish and wildlife habitat, aquatic life, recreation, aesthetic beauty, or water quality. If you have concerns or are opposed to the project as proposed, please list your specific reasons for concern or opposition and any facts or documentation to support your position.

You should recommend alternate plans if they are economically feasible to accomplish the purpose of the proposed encroachment. You should also recommend any mitigation measures or special restrictions/provisions you would like included as part of the permit if one is issued.

If you do not submit a comment, I will assume you have no objections to the application. If you have questions concerning the application, I suggest you contact the applicant. If the applicant cannot answer your questions, please contact me at 208/443-2516.

Dear Sir:

We acknowledge receipt of your statement of completion of water development and use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination, however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.

Very truly yours,

TOM D. KING

If my application for a Water Permit
takes 6-8 weeks for processing, would
you please send the permit to the
above address where I live during
most of the year. My family and
I will not be up at our
Priest Lake cottage after mid August.

If the application can be
processed before 15 Aug, please send
the permit to my address on the
application.

Many thanks —

MICROFILMED

Sincerely,
Joseph E. Collins
