I've been clearing land for four years but can only clear so much a year with all the other work I have to do on my land and work out to make money. To do this work. ~~which is~~ when you have to clear all the trees off 40 acres pull all the stumps then pick up all roots and sticks, level the ground then plow, plant put in Christmas trees which I can only plant one to two acres a yr.

I am not going to irrigate all 40 acres on the same day, say 5 acres one day then 5 the next. But can't water all my trees on the same day. ~~on~~ all of my different fields on the same day what I want is to be able to use water for 40 acres but not the same day. But in two years I won't have all of the trees planted. It takes seven years from the first planting to harvest time. You only plant so many trees each yr. as you go along. It will be four more years before I have all 12 acres planted with trees then I only irrigate the young trees two 3 yrs old.

RE: PERMIT NO. 97-7160

Dear Permit Holder:

One of the conditons of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time provided the delay is for reasonable cause as described in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Dear Mr. Blaine:

Re: Permit No. 97-7160

I've reviewed the proof of beneficial use form submitted to this office on June 17, 1986 and the several questions come to mind which need to be clarified before I continue processing this proof form.

At the time proof is submitted, the department assumes that you have completed the project to the extent you wish and that you are ready to have the water system and extent of use inspected by a representative from this office to determine beneficial use and based upon his recommendation, a water right license will be issued. No further development can be taken under the permit when proof is submitted. Any other development must be considered under a new application with a later priority date.

On the proof form, you indicated that you will have about 11 or 12 acres of trees planted after seven years. The permit is for irrigation of 40 acres. Are you irrigating 40 acres now, and every year planting some of this land to trees? If this is the case, the proof is probably in order.

If, however, you are gradually changing unirrigated land to trees and putting in an irrigation system as you go, I don't believe the proof form is the document you want to file. I believe you would want to acquire an extension of time and continue developing this project for several more years under this permit. Enclosed is an extension of time form along with instructions.

If you should decide to file an extension of time in place of the proof form, please complete the extension form and return it along with the \$15 fee. Upon receipt of the extension form, I will return the proof and reimburse the proof fee of \$100. This is the simplest way for the department to account for the fees.

I will hold the proof form until October 15, 1986. If I do not hear from you by that time, I will continue processing the proof and notify the regional office to conduct a field examination.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,
