Dear Mr. and Mrs. Hammons:

Re: Permit No. 97-7125

Enclosed is a copy of the order reinstating your permit with no advance in priority. Please be advised that the Department did receive the first statement of beneficial use postcard in a timely manner, however, it had the wrong permit number on it. It was only after I had lapsed the permit that I found the first postcard.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in Coeur d'Alene.

Dear Mr & Mrs Hammons,

I am returning your Application for Permit for a \$20.00 filing fee and further information.

I have taken the liberty of adding storage for irrigation (year around) & quantifying the diversion rate for the stock. The amount is that amount which is typical for 60 head of stock.

Please list the name of the owner of the pond in item 9b and add "place of use" in ink on the map with an arrow to the pond.

If we may be of any further assistance, please do not hesitate to contact us.
