copy to project
I received your May 5th letter this date indicating you have not received our notice of completion of water project and proof of beneficial use for Permit No. 97-7117/97-71.97

I am confused as we received confirmation from your Northern Region Office in Coeur d'Alene acknowledging receipt of my statement submitted as proof of beneficial use for the above mentioned permit.

I do not have the original request verifying the exact permit number as I am presently in Tucson, Arizona and my original papers are at my home in Spokane, Washington; therefore, I do not know which permit number is correct. However, I do believe we are referring to the same water project.

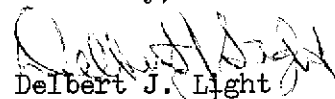

I am attaching a copy of the letter received from your Northern Region Office and will send them copy of this letter as well as one of the letter received from your office this date.

I will be back in Spokane early in June and will be at my property at Preist lake to arrange for a field examiner to check my system at the earliest possible time.

I am again filling out your post card form to insure you have one on file in case the one I submitted earlier has been lost.

Please explain the discrepancy and verify the permit number so that I can resolve the problem which seems to exist.

Sincerely,

Delbert J. Light
