Dear Mr. and Mrs. Dobson:

We are returning the Application for Permit and the Claim to a Water Right you submitted, and also your Check No. 98-390 in the amount of \$20.

When indicating the location of the point of diversion (Item #3a on the Application form) or the place of use of the water (Item #8a(1)), they should be listed by quarter-quarter section, as well as section, township, and range.

Under Item #4 of the Claim to a Water Right form, you have listed "none" as a date of priority. Since Idaho Water Law is based on the "first in time is first in right" aspect, the date water was first applied to a beneficial use is very important. However, if this water has not been used prior to May 20, 1971, then it will be necessary to obtain a permit from our Department. We have enclosed an additional Application for Permit form for your use. If you wish to file the Claim form, please complete Item #5, listing the point of diversion by quarter-quarter section.

After clarifying the above items, please return the forms to our office, along with the required filing fees. Feel free to contact us if there are any questions.
