ACTION OF THE DIRECTOR, DEPARTMENT OF WATER ADMINISTRATION

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 97-7060, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before July 1, 19 79.

c. Other:

2. Denial of said application is for the following reasons:

Witness my hand this 23 day of July, 19 74.

Director

STATE OF IDAHO
DEPARTMENT OF WATER ADMINISTRATION
Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that Clinton M. Wallace
133 Ross Drive (name of claimant)
of Clearfield, Utah -84015, claims a right to the diversion and beneficial use of
(mailing address)

ground water or surface water tributary to Priest River

The extent and nature of said claim is as follows:

- (1) Describe source of water: (name of stream, lake, spring, etc., or ground water) Murray Creek

- (2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Amount	<u>.04 CFS</u>	Use	<u>Dom&Irri</u>	Period of Use:	From <u>Jan 1</u>	To <u>Dec 31</u>
Amount	_____	Use	_____	Period of Use:	From _____	To _____
Amount	_____	Use	_____	Period of Use:	From _____	To _____
	(cfs, gpm or a/f)		(dom., irri., stock, etc.)		(both dates inclusive)	

- (3) Total quantity of water claimed: .04 cubic feet per second, or _____ acre feet per annum, and/or _____ gallons per minute.

- (4) Priority claimed: (the date water was first applied to beneficial use) Not previously used

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

- (5) A) Point of diversion: (give location of point where water is diverted from its source)

W $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17 Twp. 58 N Rge. 4 W B. M. County of Bonner

Additional points of diversion: _____

- B) Describe means of diversion of water: (pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.) Give sizes and capacities; be as specific as possible. Dam, Reservoir, Pump and Pipeline

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

[illegible]

Total No. of acres 5

- B) If the water is used for other than irrigation, fully describe that use, being as specific as possible:
- Domestic

- (7) If you are claiming water as a member of an organization, list name of organization: _____

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You must not later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Re: 97-7060 and 97-7214

Dear Mr. Wallace:

This Department has not received a "Beneficial Use" postcard for Permit No. 97-7214, which you indicated in your letter that you had filed. The postcard is not due until February 1, 1985, but if the entire project is complete, you may file the enclosed card, if you so desire.

I have received the postcard for Permit No. 97-7060, but have not as yet had the opportunity to establish a time to conduct the required examination. In view of the fact that the examination of 97-7214 is imminent, I would prefer to conduct both examinations at the same time to save tax dollars.

If I can be of any other assistance, please contact me at this office.

Sincerely,

TOM D. KING

Gentlemen:

I would at this time like to make application for .10 cubic foot per second for irrigation of 5 acres, Reforestation HS 34.

I own both 5 acre parcels, HS 33 and HS 34. Source of water will be from my dam, pump and pipe line on HS 33, permit #97-7060.

If this can be done, please send me an application and fee cost.

Thank you.

Dear Mr. Alfred

I thank you for your letter concerning my permit.

Yes at this time I would like to request a 5 year extension. I am about half completed with the dam.

In 1925 when this area was logged a bridge work of logs was placed in the creek 5 foot deep 40 foot across and spiked together, when filled with dirt & clay served as their road for skidding the logs to the river. These logs in the creek bed are from 10 feet 20 foot long up to 24 inch dia.

I am removing all wood so that none is in the material

That I am using in the
dam. This has been my
major delay. All the work
has been done this far by
hand, Heavy Equipment would
tear up the logs mix it with
the clay and dirt and render
it useless for holding water.

Please change your records

now.

Thank you very much

Dear Mr. Wallace:

One of the conditions of approval of your water Permit No. 07-7260 was that evidence of the extent of development must be submitted to this office on or before July 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK

Since the water from Murray Creek has not previously been applied to any beneficial use, it would now be necessary to apply for a permit and establish new water rights. We have, therefore, typed an Application for Permit using the information you submitted on the Claim.

Please review all items on the Application making any additions or corrections. If all items are in order, please sign the form at the bottom of Page 3 and return it to our office with the required \$10 filing fee, and we shall begin its processing.
