Department of Water Resources

Dear Sir:

Enclosed is the application of amendment of Water Permit # 79.7042. Please note there are 3 households, however the irrigation of the garden remains the same. This water is pumped from a well.

The letter of June 22 stated I must show cause why my permit should not be cancelled. I am convinced you have singled me out in a community where many landowners do not have permits at all. I have talked to ranchers, business men, retired people and other citizens, none of whom had permits. I feel I'm a victim of discrimination.

Your amendment form may be perfectly clear to the bureaucrats in the Water Resources Dept. but it makes no sense to me. Your inspector could have been more explicit but he wasn't.

My husband, Mr C.B. Howell, passed away Dec. 28, 1975. I have lived here alone since. I can no longer do the work so I now have help. If you need further explanation, I'll furnish you with my Doctors report or other details. I am 70 years old.

Dear Mr. Howell:

On April 23, 1979, and May 14, 1979, you were notified that you must amend the above referenced permit to change the place of use to that actually found by the field examiner. As of this date, we have not yet received this amendment.

Therefore, you are again notified that under the provisions of Section 42-311, Idaho Code, as amended, Permit No. 97-7042 is held for cancellation for failure to complete the permit as required, and you are ordered to show cause before the Director of the Department of Water Resources on or before *July 25, 1979* why said permit should not be cancelled.

Permit No. 97-7042 claims the use of 0.06 cubic feet per second of water from a groundwater source to be used for domestic and irrigation purposes, and the permit was approved October 1, 1973.

Dated this 25th day of June, 1979.

Dear Mrs. Howell:

Apparently you have misunderstood our letter of April 23, 1979. This letter was to notify you of the findings of our field examiner when he conducted an exam on your groundwater well which you use for domestic purposes.

On your permit, as referenced above, domestic use for one household and irrigation of one acre was listed as the uses applied for. However, when our field examiner conducted the exam he found two houses were using the water with irrigation of lawn and garden. Therefore, we proposed to change the permit so that the entire amount is used for the two domestic homes which would also cover the irrigation of lawn and garden.

If you still disagree with these findings, please contact us and we will schedule a re-examination of the system. If not, then please complete the amendment form and return it to this office as soon as possible in order that a water license can be issued and your water right finalized. The \$20 filing fee must be submitted along with the completed amendment form.

We will hold action on this permit for 30 days, or until the completed amendment is received.

Sincerely,

Dear Mrs. Howell:

This is in reference to your letter of September 12, 1977.

We are enclosing a copy of your permit as referenced above. Please note that this permit is for only domestic use and irrigation of 1 acre (probably your lawn and garden). Therefore, since you indicate that you are now using the well for household (domestic) use and lawn and garden irrigation, you can complete the proof of beneficial use form previously mailed to you. We are enclosing another proof of beneficial use form for your use.

This form must be completed and returned to this office by the proof due date, November 1, 1977.

If you have any questions concerning completion of this form, please contact this office.

Sincerely,

Dear Sir:

Re: Permit no. 97-7042

Due to ill health no water diversion was ever completed or developed in any degree.

My husband had a heart attack in 1970 and his health deteriorated and he passed away Dec. 28 1975.

The only water used is for household use and garden irrigation which comes from a well.

There are no irrigation projects planned or water use other than from the well.

Please advise if I must make further application to have an approved permit.
Thank You — Sincerely,
Mrs. Zoe A Howell (Mrs. O.B.)

Dear Mr. Howell:

One of the conditions of approval of your water Permit No. 97-7042 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
