Dear Mr Clay;

Reference your letter of Nov. 4, 1970 and my application for permit which I am returning herewith. I believe you are misreading the legal description of my property as stated in item 3a of the application. I agree it is somewhat confusing. I will try to clarify it as follows: Thompsons Lots consist of a series of 50 foot frontage lots consecutively numbered lying along the west shoreline of Priest Lake between Kalispel Bay and Indian Rock. This entire block of lots lies within Lot 11, Sect 6, Township 60N, Range 4W. I own two of these 50' lots, Numbers 11 and 12 for a total of 100' of lake frontage. My only point of diversion is a pipe extending into the lake approximately in the center of this 100'.

I trust this explanation will clarify my application and that you will be able to go ahead with its processing.

Dear Mr. Gaff:

We are herewith returning your personal check #28-168, and application for permit, as we find in reviewing this application, that you need to clarify your point of diversion listed under item 3a. Please indicate how many points you have in Lot #11, and Lot #12. Also note that you have listed both Lot #11 and Lot #12, as being in Section 6, Township 60 N, Range 4 W. In reviewing our plats of the same area, we find that Lot #12 lies within Section 7 of the same Township and Range.

As soon as you have made these necessary clarifications, and re-submitted the application with the \$10.00 filing fee, we shall begin its processing.
