Dear Sir;

Find enclosed here in a list of names and addresses of various individuals that know when I started using the water, and how and what for,

That Jack is just a nick name, I hope this meets with your approval.

The water will be used on place on Route 4 Newport.

Yours truly

Orval F. Nolte

Dear Mr. Nolte:

In researching our records, we find that our Department did issue you a permit on September 11, 1952 (No. 22639) for irrigational purposes; however, this permit was later cancelled due to failure to submit proof of completion of works.

We have enclosed a Claim to a Water Right form which you may submit to record the rights which you have developed through diversion and beneficial use of the water. This Claim will record only that amount of water and number of acres irrigated which you have so far developed. Any new or proposed uses or new lands irrigated will have to be done under a permit. We have also enclosed an Application for Permit form which you should submit for any new development.

If you should have any questions in this matter or need any assistance in completing the enclosed forms, feel free to contact our office.

Very truly yours,

FRED EISENBARTH
Northern District Manager
