Subscribed and sworn to before me this

20th day of June, 1957

George C. Connolly
Notary Public for Idaho,
Residing at Priest River, Idaho.

RECEIVED
JUL 18 1957

Department of Reclamation

Notice For Publication NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:30 A. M. on the 6th day of

July, 1957, at Priest River, County of Bonner, State of Idaho, before Vera E. Bombino, Notary Public, proof will be submitted of the application to beneficial use of 0.40 cubic foot per second of the waters of Unnamed creek (occasionally called Alderbrook) in accordance with the terms and conditions of Permit No. 22313 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person holding said permit are Clarence and Violet Stengle of Priest River, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 0.40 cubic foot per second.

The place where said water is used, NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 17, Twp. 56 N. Range 4. W. B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Sprinkler irrigation pipeline.

The right to take water from such works is based upon Permit No. 22313.

The source of supply from which such water is diverted is Unnamed creek (occasionally called Alderbrook)

The date of priority which said user is prepared to establish is August 17, 1951.

MARK R. KULP
State Reclamation Engineer.

Mr. Vergi Sorenson
Priest River
Idaho

Dear Mr. Sorenson:

In reply to your letter of August 2, 1951, we enclose a form of application for Permit to Appropriate Unappropriated Public Waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under question 13 of the application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Clarence and Violet Stengle
Route #6
Priest River, Idaho

Dear Mr. and Mrs. Stengle:

We have our field engineer's report on the inspection of proof of application of water to beneficial use under Permit No. 22313 which shows that your works are capable of conveying 16 miner's inches (.32 c.f.s.) of water from an un-named creek (occasionally called Alderbrook) for irrigation of 30 acres in the E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17, Township 56 North, Range 4 West, B.M. This permit is now entitled to a License and Certificate of Water Right.

Upon receipt of the statutory fee of \$4.00, we will issue the License confirming the priority of August 17, 1951, to your use of .32 second foot of water from an un-named creek with the point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17 for irrigation of 30 acres in the E $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17, Township 56 North, Range 4 West, B.M.

Permit No. 22313

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Route 6

Ans. Clarence Stengle & Violet Stengle residence: Priest River, Idaho

Occupation: farmer Post office address: Route 6, Priest River, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22313 dated August 22, 1951; Priority date: August 17, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed creek (occasionally called Alderbrook). Point of diversion is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, Twp 56 N., 4 W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 5 sprinkler irrigation system capable of conveying 0.4 cubic foot per second, with the addition of extra nozzles. System now composed of #10 Deming pumping unit (direct connected) with a 7 $\frac{1}{2}$ - 3 phase, 3500-RPM motor; mains are 4 in. with 3 in. laterals; the 22 sprinkler heads have 11/64 and 3/32 nozzles. The system is operated under 35 pounds of pressure. The pump discharge is 0.314 cu. foot per second based on sprinkler output when operated under recommended pressure. (Figures supplied by manufacturer's representative.)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of 20 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 17, Twp 56 North, Range 4 West B.M. Water used on cultivated meadow land. Land has been seeded to alfalfa yielding two crops per season instead the usual one crop.

22313

R 207

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. irrigation only

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. by purchase

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was used for sprinkler irrigation during the summers of 1952, 1953, 1954 and 1955. 20 acres of meadow land was irrigated each year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

PERMIT NO. 22313

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Carl K. Wright . age 32. Occupation, millworker.
Residence Rte. 6, Priest River, Ida. P.O. Address, Priest River, Ida. Rte. 6

Ques. 2. Are you acquainted with Clarence Stengle and Violet Stengle, the holder of Permit No. 22313? How long have you known him and where does he reside?

Ans. Have known permit holders for more than nine years. They reside on Route 6, Priest River, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22313, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is Unnamed creek (occasionally called Alderbrook).
Place of diversion is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, Township 56 N., 4 W.B.M. Water is conveyed by sprinkler irrigation system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the sprinkler system to safely handle about 0.35 cu. foot per second with the 22 heads now in use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of 20 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, Township 56 North, Range 4 West B.M. Water is used on cultivated meadow land. Land has been seeded to alfalfa yielding two crops per season instead of the usual one crop.

22313

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. irrigation only

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is dry cultivated meadow land. Estimated amount of water required to be less than 0.4 cubic foot per second during irrigation season.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have seen the sprinkler system in operation at various times during the summers of 1952, 1953, 1954, and 1955. Have also helped in the installation and operation of the system at different times. Have seen and helped ^{harvest} the crops growing on 20 acres of meadow land irrigated with this sprinkler system.

Department of Reclamation

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:30 A. M. on the 6th day of July, 1957,
at Priest River, County of Bonner, State of Idaho, before
Wesley A. Augustine, Notary Public, proof will be submitted of the
application to beneficial use of 0.40 cubic feet per second of the waters of Unnamed creek
(occasionally called Alderbrook) in NE. SW. Sec. 17, T. 56 N. - R. 4 W. B. M.
in accordance with the terms and conditions of Permit No. 22313
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Clarence and Violet Stengle of Priest River, Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is 0.40 cubic foot per second

The place where said water is used for irrigation, 1/4 Sec. 17, T. 56 N. and about 1/2 mile S. of Alderbrook
NE. SW. and SE. SW. Section 17, Twp. 56 N. Range 4 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is
Sprinkler irrigation pipeline

The right to take water from such works is based upon Permit No. 22313

The source of supply from which such water is diverted is Unnamed creek (occasionally called
Alderbrook)

The date of priority which said user is prepared to establish is August 17, 1951

RE: Permit No. 22313

Mr. Clarence Stengel
Route #6
Priest River, Idaho

Dear Mr. Stengel:

We have your letter of April 22, 1957, stating that you are prepared to make proofs of Beneficial Use on your Permit No. 22313.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 10 to be returned to this department together with Form 11 which is your authorization for us to have the Notice published at your expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by yourself and two disinterested witnesses in making these proofs.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Application for Amendment
To Permit to appropriate the Public Waters
of the State of Idaho, No. 22313

RECEIVED
OCT 10 1956
Department of Reclamation

Verly
Comes now Verly Sorenson, and represents to the State

Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 22313, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

NE $\frac{1}{4}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 17, Twp. 56 N. Range 4 W. B. M.

He also requests that the point of diversion be changed from the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 1,

Twp. 56 N., Rge. 4 W. B. M. To the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, Twp. 56 N., 4 W. B. M.

20 acres to be irrigated.

, making a total of 80 Acres, acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Priest River, this 6th day of October, 1956.

Verly Sorenson

Date of receipt at office of Department of Reclamation October 10, 1956

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp State Reclamation Engineer of the State of Idaho hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 22313. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

August 20, 1956

RE: Permit No. 23313

Mr. Veryl Sorenson
Priest River
Idaho

Dear Mr. Sorenson:

We wish to acknowledge receipt of your proof of Completion of Works relative to the above numbered Permit also receipt of your check for \$5.00 for payment of fees in connection with Completion of Works.

An error in land description has crept in somewhere and we are at a loss to know just how it started. Your Permit recorded in this Department states that the land in question is the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 1, Township 56 North, Range 4 West, while your proofs and map show that the land is in Section 17.

We are quite sure that your land is located in Section 17 and we are puzzled to know why we have recorded same as Section 1 in place of Section 17.

We wish that you could send your Permit into this Office that we can verify the records.

Thanking you for this favor.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Veryl Sorenson, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 22313, and that his postoffice address is Priest River State of Idaho.

Second: That the name of the stream from which said water is to be diverted is unnamed Creek (occasionally called Alderbrook).

Third: That the point of diversion of said water is 2500 ft. from SW corner of Sec. 17 T. 56 N. - R. 4 W. - B. M. and 1/4 in NE 1/4 SW 1/4 of Sec. 17 T. 56 N. - R. 4 W. - B. M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 22, 1956.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Pipe for sprinkler irrigation
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam.....feet, length of dam at top.....feet, length of dam at bottom.....feet. Material used in construction.....

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir.....acre feet.

(c) Size of headgate: Width.....feet, height.....feet.

(d) Conduit.....width at bottom.....feet, width at water line.....
(State whether ditch, flume or pipe)

feet, depth of water.....feet; diameter of pipe 4 inches, average grade per mile is.....feet. Length of conduit is.....miles.

Seventh: That said works are capable of conducting to the place of intended use.....
0.4 cubic second feet of water.

Eighth: That water appropriated under said permit is available for 20 acres of land described as follows: NE 1/4 of SW 1/4 of Sec. 17 T. 56 N. - R. 4 W. - B. M.

Ninth: Remarks: That.....

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Veryl Sorenson
Priest River
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 22313 you are required to complete your diversion works on or before August 22, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Dear Mr. Sorenson:

In reply to your letter of August 2, 1951, we enclose a form of application for Permit to appropriate Unappropriated Public Waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under question 13 of the application.

Very truly yours,

MARK R. KUL
State Reclamation Engineer

Mr. Hank Kelp
Reclamation Engineer
Boise, Idaho

Dear Sir:

Could you please send me
Application Forms for a water
right?

Thank you.
Sincerely Yours,
Vergil Sorenson
