APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 32693
PERMIT No. 24875
DISTRICT No.

1. Name of Applicant: DEPARTMENT OF AGRICULTURE, U. S. FOREST SERVICE

Postoffice address: Sandpoint

County: Bonner

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 0.223

cubic feet per second.

3. Source of water supply: An un-named spring

which is a tributary of Reeder Creek

4. Location of point of diversion: 3688.9

feet distant from the S. E.

corner of Section 15, T. 61 N., R. 5 W., B. M., and is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 15, T. 61 N., R. 5 W., B. M., County of Bonner

5. Water is to be used for Domestic purposes and stock watering

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 14, T. 61 N., R. 5 W., B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.

7. Estimated cost of works: \$4,500.00

8. Kind of works: Pipe line

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe 2" and 1 $\frac{1}{2}$ " inches; length of conduit 0.85 miles.

Average grade per mile 58 feet.

12. The time required for the completion of such work is Four (4) years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

tank

16. (a) Is reservoir to be used? **10,000 gal. concrete** If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

ATTENTION: Mr. H. F. Horschel, Civil Engineer

Dear Mr. Horschel:

We have our field engineer's report on the inspection of application of water to beneficial use under Permit No. 24875. This completes the water right, therefore, the permit is now entitled to a License and Certificate of Water Right.

Upon receipt of the statutory fee of \$5.00 we will issue the License confirming the right with a priority of April 20, 1954, to the use of .03 second foot of water for domestic purposes and stock watering with the point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 15, Township 61 North, Range 5 West, B.M., out of an un-named spring which is a tributary of Reeder Creek.

Re: Permit # 24875

H. F. Hoschel
Department of Agriculture - U. S. Forest Service
Sandpoint, Idaho

Dear Mr. Hoschel

Statutes requires a field inspection in connection with the proofs on Permit # 24875 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Tuesday, July 30th,

in the afternoon.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

E. N. Humphrey
E. N. Humphrey
Deputy

P. S.

I will attempt to get in touch with you in Sand Point by telephone on the evening of July 29th, or in the morning of July 30th, and hope to make inspection in the afternoon of July 30th. I intend to make inspection for the State Land Department on Cougar Creek on the morning of July 30th.

ATTENTION: Mr. H. F. Horschel, Civil Engineer

Dear Mr. Horschel:

We acknowledge receipt of the affidavit of publication in the Priest River Times and appreciate your prompt attention in this matter.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Department of Reclamation

Notice For Publication NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p. m. on the 15th day of January, 1957, at Sandpoint, County of Bonner, State of Idaho, before Al Bense, a Notary Public at the County Court House, proof will be submitted of the application to beneficial use of .0223 cubic feet per second (10 G.P.M.) of the waters of Un-named spring which is a tributary of Reeder Creek in accordance with the terms and conditions of Permit No. 24875 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Department of Agriculture, U. S. Forest Service, Sandpoint, County of Bonner, State of Idaho.

The use to which said water has been applied is Domestic purposes and stock watering Priest Lake Ranger Station.

The amount applied to beneficial use is .0223 cubic feet per second (10 G.P.M.).

The place where said water is used SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 14, Twp. 61 N., Rge. 5 W.

The name of the canal or ditch or other works by which said

water is conducted to such place of use is Un-named spring which is a tributary of Reeder Creek - Galvanized iron pipe line.

The right to take water from such works is based upon Permit No. 24875.

The source or supply from which such water is diverted is Un-named spring which is tributary of Reeder Creek, NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Twp. 61 N., Range 5 W. Bonner County, Idaho.

The date of priority which said user is prepared to establish is September 24, 1956.

MARK R. KULP
State Reclamation Engineer.

Permit No. 24875

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. H. F. Horschel, Civil Engineer representing Department of Agriculture, U. S.
Forest Service, Sandpoint, Bonner County, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 24875, recorded in Book 88 Page 24875 - Approved April 27, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Un-named spring which is tributary of Reeder Creek.
NE 1/4 SW 1/4 Section 15, Twp. 61 N. Range 5 W.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Vitrified clay spring development, 2" & 1 1/2" G.I. Pipe, 10,000 gal. concrete tank.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic purposes and stock watering - Priest Lake Ranger Station.

24875

not

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Ownership of land is by United States Government

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. .0223 cubic feet per second (10 G.P.M.) for domestic purposes and stock watering

Priest Lake Ranger Station. The whole of said work was completed September 24, 1956 and water from this source has been used since.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign) N. F. Horschel

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Sandpoint, County of Benewah,

State of Idaho, on this 15th day of January, A. D. 1957.

PERMIT NO. 24875

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Archie N. Brunner, 46, Nordman, Idaho.

Managing Owner Nordman Store, Nordman, Idaho

Ques. 2. Are you acquainted with U. S. Forest Service, the holder of Permit No. 24875? How long have you known him and where does he reside?

Ans. Nordman, Idaho. Since 1948

Ques. 3. Have you read or heard read said Permit No. 24875, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed Spring NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, T. 61 N., R. 5 W.B.M. 2" & 1 $\frac{1}{2}$ " galvanized pipe to reservoir.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .0223 second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Priest Lake Ranger Station, Domestic Use, stock watering.

24875

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Observed use at the Ranger Station

(Signed) Archie N. Brunner

RECEIVED
August 30, 1956
Department of Reclamation

Application for Amendment

POINT OF DIVERSION

Permit No. G-24767

Comes now Jack W. Alexander
and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-24767.

That the point of diversion is described in said Permit as being located:

SW $\frac{1}{4}$ NW $\frac{1}{4}$, Lot 4, Sec. 2, T 8 S - R 25 E., B.M.

That he now requests that the point of diversion be changed to a point located: SW $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 2, T 8 S - R 25 E., B.M.

That the reason for desiring to make such change is as follows:

I have had the land surveyed and the correct locations for the wells
are as listed above.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Rupert, Idaho this 17 day of August, 1956

/s/ Jack W. Alexander

24875

RECEIVED
NOV 19 1956

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Department of Reclamation

Notice is hereby given that at 2:00 P. M. on the 15th day of January, 1956,
at Sandpoint, County of Bonner, State of Idaho, before
Al Bense, a Notary Public at the County Court House, proof will be submitted of the
application to beneficial use of .0223 (10 G.P.M.) cubic feet per second of the waters of Un-named spring which is a
tributary of Reeder Creek in accordance with the terms and conditions of Permit No. 24875

heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Department of
Agriculture, U. S. Forest Service, Sandpoint, County of Bonner, State of Idaho.

The use to which said water has been applied is Domestic purposes and stock watering
Priest Lake Ranger Station

The amount applied to beneficial use is .0223 cubic feet per second (10 G.P.M.)

The place where said water is used (for irrigation, live stock and for the benefit of the lands located)
SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 14, Twp. 61 N., Rge. 5 W.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Un-named spring which is a tributary of Reeder Creek - Galvanized iron pipe line

The right to take water from such works is based upon Permit No. 24875

The source of supply from which such water is diverted is Un-named spring which is tributary of

Reeder Creek, NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Twp. 61N., Range 5 W. Bonner County, Idaho

The date of priority which said user is prepared to establish is September 24, 1956

MARK R. KULP

State Reclamation Engineer.

November 1, 1956

RE: Permit No. 24875

E
IMPROVEMENTS - Kaniksu
Water System
(Priest Lake Ranger Station)

Mr. K. A. Klehm
Forest Supervisor
Kaniksu National Forest
Sandpoint, Idaho

Dear Mr. Klehm:

Relative to your letter of October 26, the status of the above captioned permit is as follows:

Source - Un-named spring
Point of Diversion - NE1/4SW1/4 Section 15, Twp. 61 N., Rge. 5 West
Purpose - Domestic and stock water
Completion of Works due - April 27, 1958
Beneficial use due - April 27, 1958.

Providing you wish to make proofs on said Permit prior to the due date, you may do so at any time. Proof of Completion of Works should be made on Form 6 enclosed, and returned to this department with the fee of \$5.00 required in connection therewith.

Proof of beneficial use requires publication once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made. The proof may be made at Sandpoint or anyplace convenient for you and your two witnesses and the time must be set far enough ahead to allow for four weeks publication.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at your expense in the designated county newspaper.

24875

Mr. K. A. Klehm

-2-

November 1, 1956

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two witnesses in making the proof.

Very truly yours,
