Regarding spelling of the name of notary in the above mentioned legal: His name is correctly spelled McInnis, as you will see by the enclosed imprint of his notary stamp.

As we are a small community and we are personally well acquainted with Mr. McInnis, we took the liberty of making the correction in the legal notice. We hope this was alright. If there had been any doubt in our mind we would not have done so.

We trust this explanation will clarify matters.

Dear Mr. Shackelton:

We have your letter of March 30 requesting us to include the S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 31, Township 60 North, Range 4 West B.M. in your proof of completion of works on the above numbered Permit and note your statement that you have not yet been able to get the land ready this year in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of the Section.

It is not necessary to get all the land under irrigation before you make your proof of completion of works and Certificate of Completion of Works can issue at this time; but you can be allowed additional time within which to get all the land under irrigation and make your beneficial use proof. If you wish an extension of time for making this final proof, you may execute the enclosed form of application for such extension and return to this Department.

We shall await your further advice before completing your notice for proof of beneficial use enclosed in your former letter.

Dear Mr. Shackelton:

We have your letter of March 22 enclosing your affidavit in proof of completion of works on Permit No. 23928 together with your check for the \$5.00 fee in connection therewith; also, partially filled out notice for proof of beneficial use.

Your application calls for 0.8 of a second foot or 40 inches of water to be used on 45 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and S $\frac{1}{4}$ NW $\frac{1}{4}$ Section 31, Township 60 North, Range 4 West B.M.

However, your affidavit only describes the place of use as 20 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of the Section.

Was the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of the section purposely omitted? If not, we can include it upon your authorization to do so.

Your notice for proof of beneficial use should set the time and place and name the Notary Public before whom the proof is to be made.

It may be made at Priest River or any place convenient for you and your two witnesses but the time must be set far enough ahead to allow for four weeks publication prior to making the proof.

If you will advise us as to the time and place and the name of the Notary Public, we can complete the notice for you and send a copy to the Priest River Times with instructions in regard to publishing.
