APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

Application No. 27041
Permit No. 19530
District No.

1. Name of Applicant: CEPHAS C. BUCK

Postoffice address: Pasco

County: Franklin

State: Washington

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.04 cubic feet per second.

(All which makes a constant stream in 3/4 inch hose)

3. Source of water supply: Unnamed spring (spring seepage) which is a tributary of Original seepage

4. Location of point of diversion: App. 650 ft. East 265 ft. South feet distant from the N W

NW 1/4 NE 1/4

corner of Section 22, T. 57 N., R. 4 W., B. M., and is in the NW 1/4 NE 1/4

of Section 22, T. 57 N., R. 4 W., B. M., County of Bonner (See attached map)

being

5. Water is to be used for and has been in use for several years for household use and watering garden

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the

of Section, T., R., B. M.

7. Estimated cost of works: \$ About 700 feet of buried galvanized pipe installed

8. Kind of works: Spring enlarged and covered by platform approx. 8 ft. square- about 12 inches above ground

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet;

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit About 700 feet miles-

Average grade per mile Drop of approx. 15 feet. in 700 feet

12. The time required for the completion of such work is Now in use- years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

CEPHAS C. BUCK

Applicant.

Re: Permit No. 19530

Mr. Cephas C. Buck
Pasco, Washington

Dear Mr. Buck:

We now have on file the report of our
Field Engineer on examination for beneficial
use under the above numbered permit.

Therefore, upon receipt of the statutory
fee of \$5.00, a license will be issued for
0.04 of cubic foot per second of the waters
of seepage, spring not named, in the NW $\frac{1}{4}$ NE $\frac{1}{4}$
Section 22, Township 57 North, Range 4 West,
B.M.

REPORT OF ENGINEER

Permit No. 19530

This proof is for Beneficial use

In Water District No.

1. Name of applicant Cephas C. Buck, Pasco, Washington
2. Source of water supply: Seepage spring not named
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 22
T. 57 N. R. 4 W. County of Bonner
4. Describe works as they exist, giving dimensions and capacities of same: A spring, excavated and boxed
8 feet square and 4 feet deep, with a board cover. A screened, outlet pipe 1 $\frac{1}{2}$ inches in
diameter extends a distance of 200 feet, and thence approximately 500 feet of 3/4 inch
pipe supplies three hydrants at the point of use.
5. Water is used for: Domestic and irrigation purposes
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, Twp. 57 N., Range 4 W., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? None

Remarks The present installation delivers at the rate of 1 $\frac{1}{2}$ gallons per minute.

This examination was made on the 4th day of August, 1945

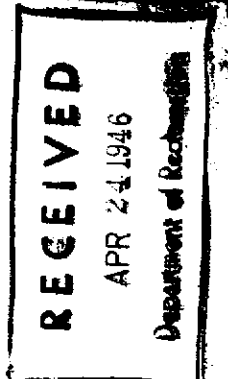

(Signed)

Fred F. Solomon
Examiner.

Permit No. 19530

Examination for Beneficial use

County Bonner

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: Permit No. 19530

Mr. Cephas C. Buck
Pasco, Washington

Dear Mr. Buck:

We have received from Judge Bowden the depositions of yourself and two witnesses in proof of beneficial use under your Permit No. 19530; also the affidavit of publication from the Sandpoint News-Bulletin.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, since this Department has but one field engineer, who makes examinations all over the State; but it is so late in the season now that the examination will probably not be made before next spring or summer.

However, when Mr. Tolman, Field Engineer for this department, makes the examination, he will try to contact you, so that arrangements can be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Residing at Sandpoint, Idaho.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER

To Beneficial Use

Notice is hereby given that at 10:00 A. M. on the 27th day of November, 1944, at Sandpoint, County of Bonner, State of Idaho, before Judge Arthur K. Bowden, Sandpoint, Idaho, proof will be submitted of the application to beneficial use of .04 cubic feet per second of the waters of seepage, spring not named, in accordance with the terms and conditions of Permit No. 19530 heretofore issued by the Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Cephas C. Buck, Pasco, Wash.

The use to which said water has been applied is domestic and irrigation.

The amount applied to beneficial use is all of seepage, .04 cubic feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) primarily for domestic use.

The name of the canal or ditch or other works by which said water is conducted to such place of use is approximately 700 feet metal pipe.

The right to take water from such works is based upon Permit No. 19530.

The source of supply from which such water is diverted is seepage spring, about 650 feet east, 265 feet south of NW corner of NW 1/4 of NE 1/4, Section 22, 57 N. Range, 4 W B M.

The date of priority which said user is prepared to establish is August 19, 1944.

MARK R. KULP,
n2-23c State Reclamation Engineer.

Permit No. 19530

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Cephas C. Buck, Sandpoint, Idaho; merchant; Pasco, Washington.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. None

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 19530; August 19, 1944--date of priority.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed spring about six hundred feet East and Two hundred sixty-five feet South of N. W. corner of N. W. $\frac{1}{4}$ of N. E. $\frac{1}{4}$, Section 22, Twp. 57 N., Range 4 W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Seven hundred feet of metal pipe, not less than .04 cubic feet, Unnamed spring and conducted by metal pipe.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and lawn irrigation.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic--piped to the residence.

19530

Q.H.
17017

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .04 cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

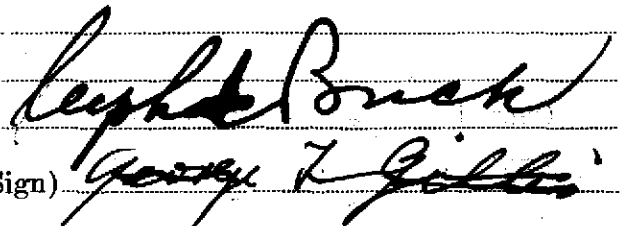

Ans. None

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. By myself and predecessors for last five years, all for domestic use and lawn irrigation,

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) George F. Gillette

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Sandpoint, County of Bonner, State of Idaho, on this 13th day of December, A. D. 1944.

Notary Public for the state of Idaho,
residing at Sandpoint, therein.

My commission expires October 6, 1948.

PERMIT NO. 19530

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Grace M. King; 60; Priest River, Bonner County, Idaho;

housekeeper; Priest River, Idaho.

Ques. 2. Are you acquainted with Cephas C. Buck, the holder of Permit No. 19530? How long have you known him and where does he reside?

About
Ans. Ten years and he resides at Priest River, Idaho.

Ques. 3. Have you read or heard read said Permit No. 19530, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed spring located in the N.W. corner of the N.W. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Section 22, Township 57 North, Range 4 W.B.M. One inch iron pipe.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .04 cubic feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use and garden irrigation.

19530

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Piped to residence.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. For irrigating garden.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have observed the operation of faucets in the house.

(Signed)

Grace M. King

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Sandpoint, County of Bonner, State of Idaho, on this 13th day of December, A. DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19530

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On November 27, 1944, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho before Arthur K. Bowden, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK R. KULP

Commissioner of Reclamation.
State Reclamation Engineer

Re: Permit No. 19530

Mr. Cephas C. Buck
Box 87
Pasco, Washington

Dear Mr. Buck:

We enclose herewith Certificate of Completion of Works issued under the above numbered permit to appropriate 0.04 second foot of water from an unnamed spring (spring seepage), in the NW¹/₄ NE¹/₄ Section 22, Township 57 North, Range 4 West, B. M., for household use and watering garden-

We have sent to the Sandpoint News-Bulletin, for four weeks' publication, the notice of your intention to make beneficial use proof on November 27, 1944- but have changed the date of priority which you wish to establish under this permit to August 19, 1944, which is the date your application for permit was received in this Department.

While it is true that you may have used this water since January, 1939, as you indicate- the date an application is filed is the only priority date that can be established through the permit method. In case of any contest, however, an earlier date might be established in the district court through witnesses to such use.

About ten days prior to the date set for proof we shall send to Judge Arthur K. Bowden the necessary forms of deposition, consisting one for the holder and one for each of two witnesses, so that he will have them in ample time for the proof.

On the date set you should appear at Judge Bowden's office, with two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19530

Mr. Cephas C. Buck
Pasco, Washington

Dear Mr. Buck:

We enclose the above numbered permit; also Departmental Receipt No. 18636 for the \$5.00 filing fee, and 50 cents cash refund from the \$5.50 check which accompanied your application.

You state that the works are completed and in use, so no doubt you will wish to proceed at once to make the proofs necessary to complete the water right. We have allowed six months, or until February 28, 1945, for this purpose, in order to give ample time, but this can be accomplished in much less time.

The completion of works proof is made by executing Form No. 6 enclosed before a Notary Public, and returning to this Department with the statutory fee of \$5.00, upon receipt and approval of which a certificate of completion of works will be issued.

Before making the final or beneficial use proof the law requires that a notice be published for four consecutive weeks in a newspaper in the county where the water is located. This notice should be made out in duplicate, on Form No. 10, setting a time sufficiently far ahead to allow for the four weeks' publication, and naming a Notary Public before whom the proof will be made.

Both copies of the notice, together with Form No. 11- which is your authorization to have the notice published at your expense in the newspaper you designate- should be returned to this Department.

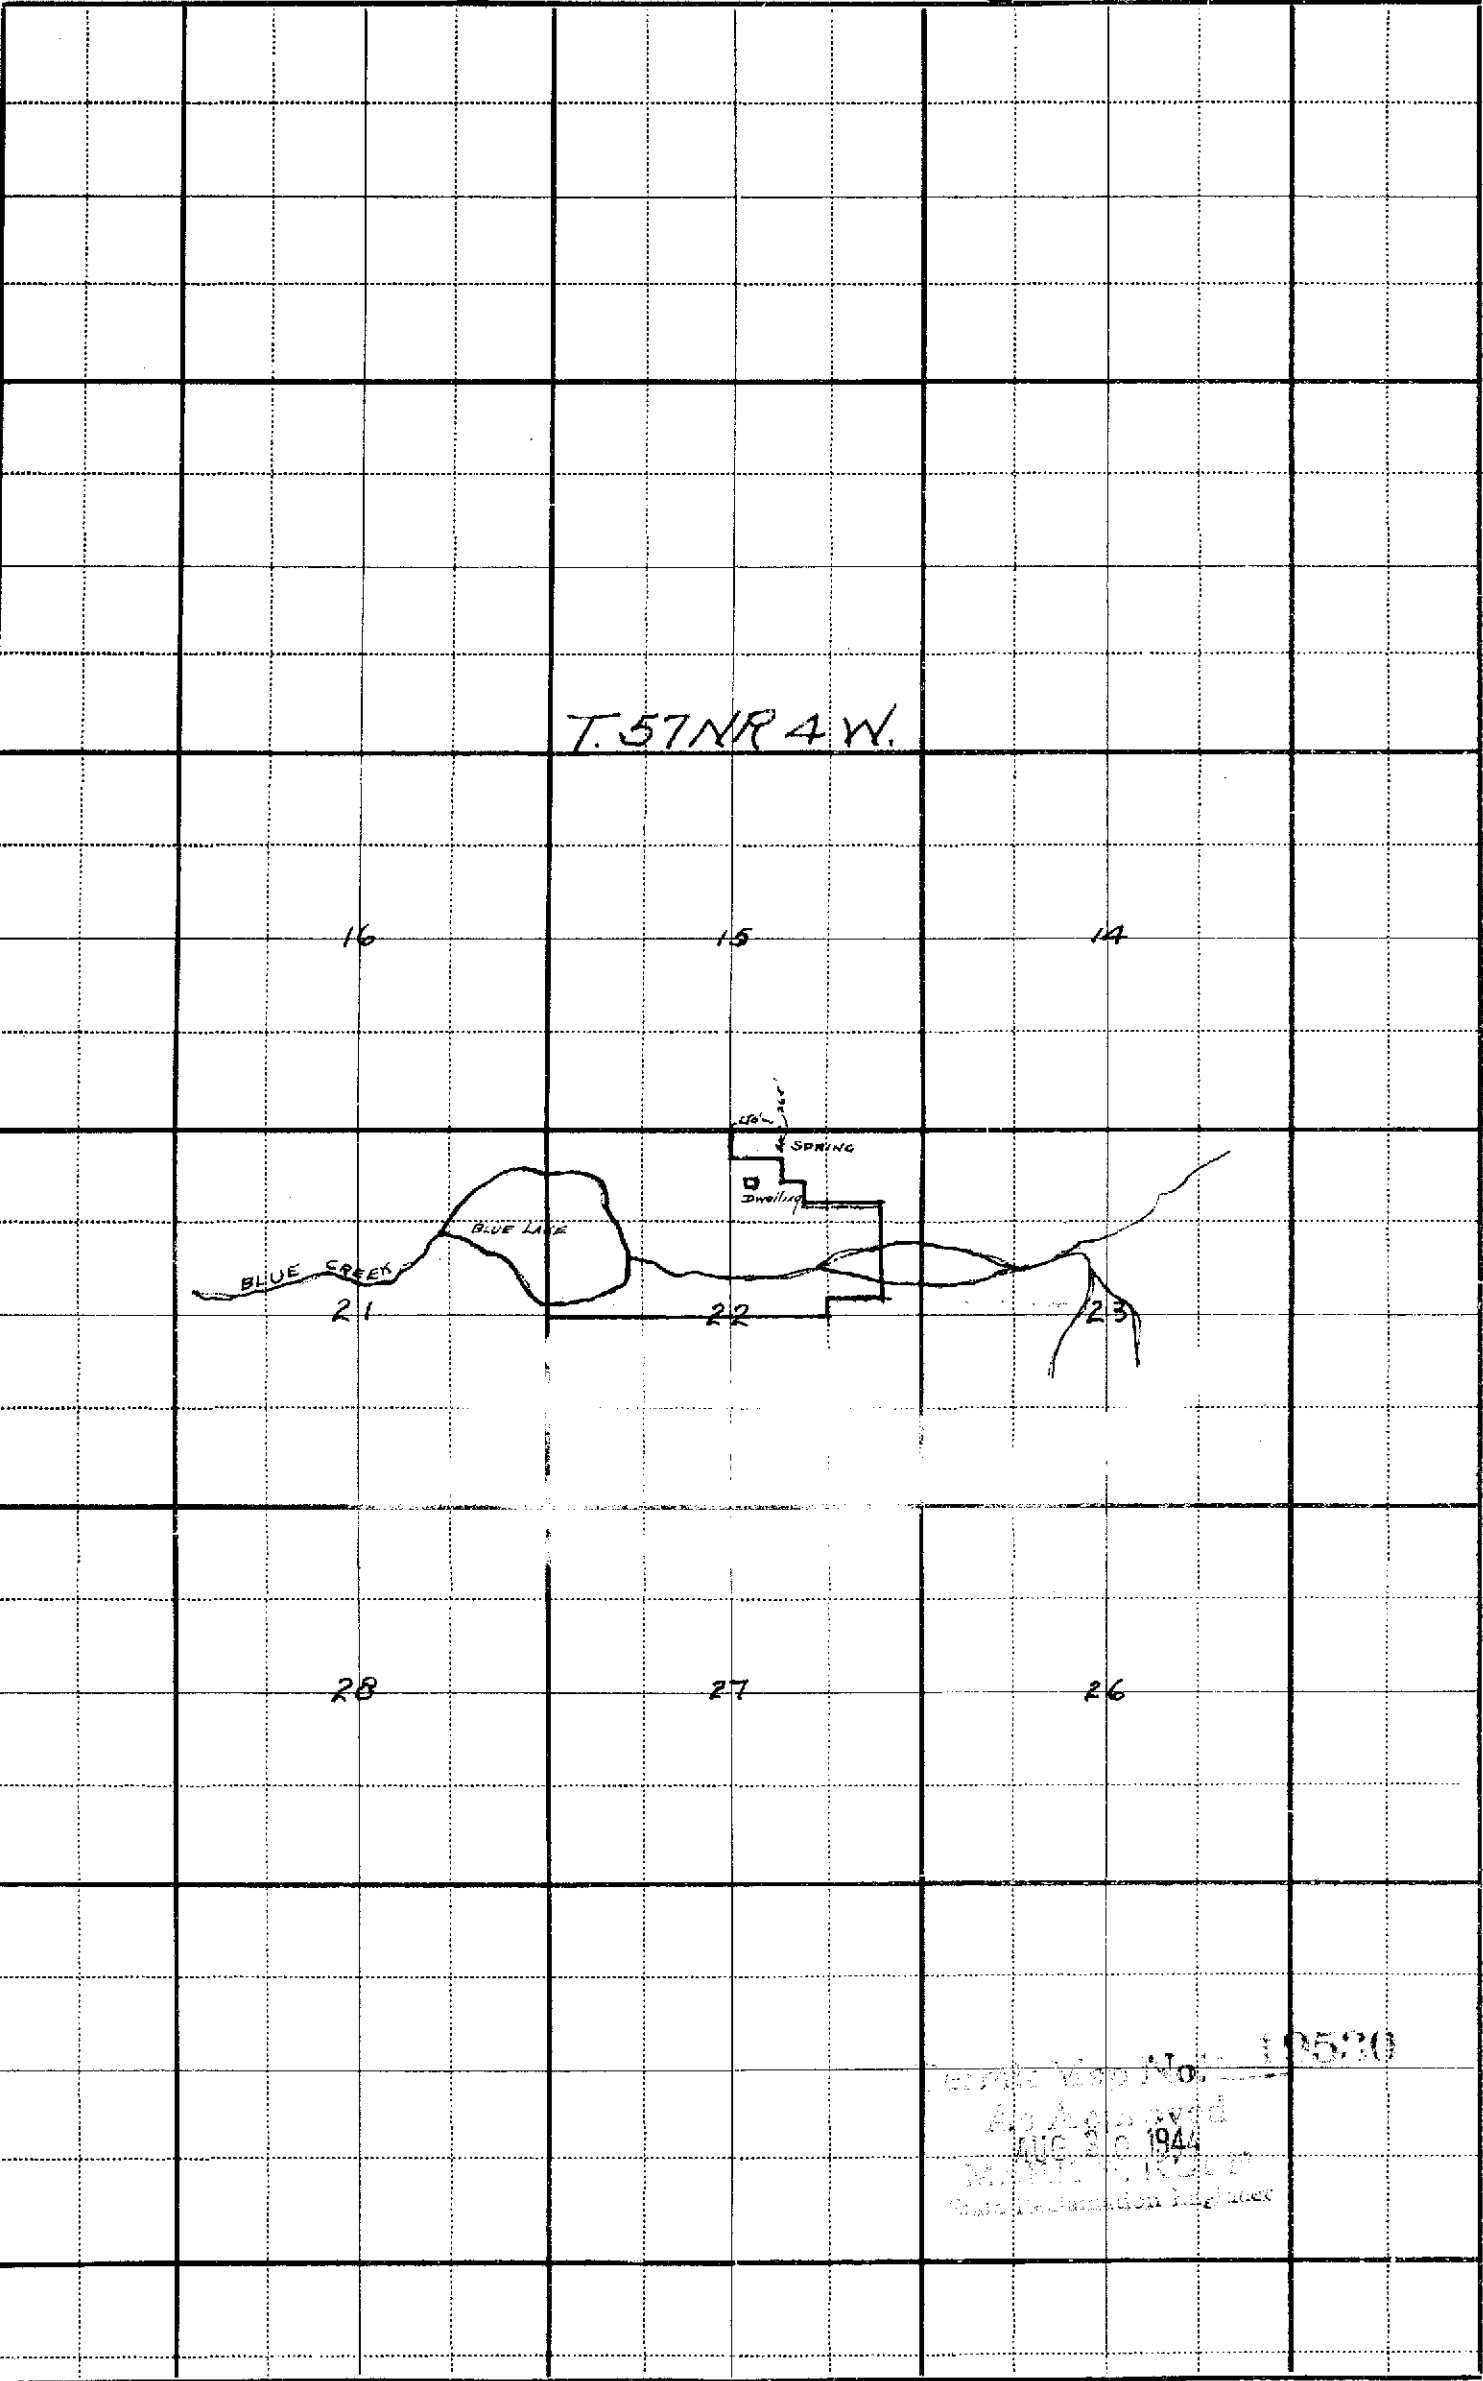

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing same, and shall send to the Notary Public forms of deposition to be executed by you self and two witnesses in proof of the application of the water to beneficial use.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

August 19, 1944

Mr. Cephas C. Buck
Pasco, Washington

Dear Mr. Buck:

We acknowledge receipt of your application for permit to appropriate water from spring seepage in section 22, Township 57 North, Range 4 West, B. M., also your check for \$5.50 to pay the filing fee.

The application states that you wish to file on all the water which makes a constant stream in a 3/4 inch hose- and the amount "3 ft." is inserted.

A constant stream through a 3/4 inch hose would only amount to four-hundredths (0.04) of a second foot- and we have changed the application accordingly; and the fee, therefore, would only be \$5.00- so we can either refund you 50 cents, or you may send us another check for \$5.00 to take the place of the one previously sent- which we will then return to you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
