Edward Trainer, being first duly sworn, deposes and says: That his postoffice address is Priest River. That he is the owner of and using a certain water right, for 0.02 cubic feet per second of the water of Spring, County of Bonner, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 17209, issued by the Commissioner of Reclamation, dated November 7, 1929, bearing date of priority of November 26, 1929, for the purpose of domestic use of household; and is the person to whom such right was so issued. That said waters are not diverted from said stream in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 15, Twp. 57 N., Range 4 W. and conducted to the place of use through pipe, as per map filed herewith and of this affidavit made a part; That affiant desires to change the point of diversion of said waters from the point above described to a point located in SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 15, Twp. 57 N., Range 4 W., and thereafter conduct same to the above described land through the pipe line as per map above referred to; That his reasons for desiring to make such change are as follows: location of point of diversion was incorrectly given on the original application.

That no one will be injured by such change and that such change will be made at affiant's own risk.

Dear Mr. Taflinger:

In reply to your letter of September 13th,
making inquiry as to Permit No. 17209.

The records in this department show that a
license was issued on this permit, dated February 2,
1932, to Edward Trainor, with priority of November 26,
1929, for 0.02 of a second foot (or 1 inch) of water
from a spring, with point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$
Section 15, Township 57 North, Range 4 West, B.M.--
said water to be used for domestic purposes.

There is no record in this department of the
transfer of such water right, but that is not required,
as a licensed water right can be transferred the same
as any other property, without it being necessary to
record same in this department.

Dear Sirs

I am writing in regards to
Water Right. Water license
no. 17209 issued to Edward
Trainer Nov 26. 1929

I bought this little ranch
on Aug 9. 1938. From his Widow
and her husband Alva Montague
finished paying on place
July 3. 1943. At that time
Water right was turned over
to me.

Now due to logging operations
such as building roads on
both sides of source of supply
The water has been ruined
When it rains days at a time
it isnt fit to use.

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

November 12, 1930

Edward Trainer
c/o Ricka McLean
Notary Public
Priest River, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of
water under Permit No. **17209**

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On **November 29, 1930**, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at **Priest River** before **Ricka McLean, notary public.**

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

GEO. N. CARTER

Commissioner of Reclamation.

Dear sir

in reply to your letter of the
Oct 15th the spring is as close
to Sand Point as it is to Priest
River. as we are about half way
between, and it is much cheaper
the Northern Idaho news is
printed, Weds. so it will
be best for all here to have
the first notice to be put in
the paper on the 29. Oct.

so hoping this will be
convenient for you all, so.

Dear Sir:-

Referring to your letter just received would say that notice for proof under your above numbered permit has today been mailed to the Northern Idaho News, at Sandpoint, for the required four weeks publication prior to the date set for proof. This date has been changed to November 29th, in order to allow for the required publication. Deposition blanks for holder and two witnesses will be mailed to the notary public in time for proof to be made on said date.

Very truly yours,

Re: Permit No. 17209.

Mr. Edward Trainer
Priest River, Idaho

Dear Sir:-

We are today in receipt of notices for proof of beneficial use of water under the above permit, also, the certificate of completion of works which is herewith returned for your own files, as we have no further need of same here.

As to the notices for proof of beneficial use of water would say that the notice authorizing the publication was not required to be sworn to before a notary public. This was simply to authorize the publication of the notice.

We also note that you have named the Northern Idaho News, at Sandpoint, as the paper in which to publish the notice while your residence is at Priest River and nearer to the paper published there. Please advise us as to whether or not the property upon which the spring is located is nearer to Sandpoint than Priest River. If not, I would suggest that the publication be made in the Priest River paper.

The date for making proof has also been changed to read November 15th in order to allow time for the required four weeks publication prior to the date of making proof. And, unless we receive your reply in time for the notice to appear in next week's issue of the paper, it will be necessary to set the date even later. You may set any date that will be most convenient to yourself and your two witnesses to appear before Rick McLean, the notary public at Priest River, not earlier, however, than the 15th of November.

When the notice has been sent to the paper for publication, deposition blanks for yourself and two witnesses will be mailed to Rick McLean, the notary before whom you will make proof.

No further action will be taken until we are further advised by you as to name of paper and date for proof.

Re: P ermit No. 17209.

Mr. Edward Trainer
Priest River, Idaho

Dear Sir:-

Referring to your letter of the 15th inst. would say that where you ask "where do I have to file" you mean where do you have to make proof under your above permit. If so would say that the proof may be made at any place most convenient to yourself and two witnesses and before any notary public authorized to administer oaths. As your postoffice address is Priest River I would suggest that the proof be made there before some notary public. The notice of proof is required to be advertised four weeks in some paper published in the county in which the land is located. The blanks sent you should be filled out and returned to this office. Notice for the required publication will then be mailed from this office direct to the paper named by you, the cost of publication to be paid by the holder of the permit. Deposition blanks for holder and two witnesses will then be mailed to the notary public, or other officer, before whom proof is to be made.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 17209 you are required to complete your diversion works on or before Nov. 7, 1930. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

GEO. N. CARTER
