PERMIT No. 15257

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Saccomanno, 50 years, residence on farm, occupation a farmer, P. O. Address Route No. 1 Priest River, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself only, no corporation foreign or domestic.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 15257, date of permit August 10th, 1921.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Pine creek, diversion point is in the Southwest quarter of Section 21, Township 56 North, Range 4 West, B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Small dam in creek at point of diversion, thence a ditch 18 inches wide and 12 inches deep, and a quarter of mile long, also another ditch about 600 feet long same depth and width as first ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, used on the Northwest quarter of the Northwest quarter of Section 28, Township 56 North, Range 4 West, B. M. This land is cultivated as orchard and garden made productive by the water obtained as above described.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. For irrigating purposes only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.6 would be sufficient water, but during the dry portion of the
the creek does not furnish sufficient water.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. No corporation involved.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. When necessary to irrigate my orchard and garden, through the
ditches described above, during July and August the creek does not supply
sufficient water to irrigate land described heretofore.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. No other water from any source whatever is used on the land
described or any other land owned by me.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Joseph Saccomanno,
Priest River, Idaho.

Boise, Idaho,
May 5, 1924.

Dear Sir:—

Under the terms of your permit No...15257.....you are required to complete your diversion works on or before ~~Aug. 10, 1924~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
