BOISE, IDAHO, **December 26, 1923.**

Charles E. Ruckelberry,
c/o Mercedes Tremblay,
Priest River, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of ~~completion~~
~~works and~~ beneficial use of water under Permit No. **15229.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On Jan 2-1924, the date set for proof, the enclosed forms ~~one~~ **one** for permit holder and ~~one~~ **one** each for two disinterested witnesses) should be filled out and sworn to, at _____
Priest River before **Mercedes Tremblay, Notary Public.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

DEAR SIR:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to January 27, 1924., the date set for proof, the expense of the publication to be paid by the applicant, Charles E. Huckelberry, of Priest River, to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of the notice and furnish this office with a copy of the first publication.

Very truly yours,

Re: Permit 15229.

Mr. Charles E. Huikelberry,
Priest River, Idaho.

Dear Sir:-

Referring to your notices for proof of use of water under the above permit would say one copy of the notice will be mailed to the Priest River Times for the required four weeks publication prior to January 2, 1924, and deposition blanks, one for the holder and one each for two witnesses, will be mailed to the notary public before whom proof is to be made.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

Re: Permit No. 15229.

Mr. Charles E. Huckelberry,
Priest River, Idaho.

Dear Sir:-

Referring to your letter of the 2nd inst., in which you enclose notices for proof of beneficial use of water under the above permit, would say that, in view of the fact that you have only eight acres under cultivation, I would suggest that you get an extension of time for this proof. Under the statutes the applicant is allowed ~~six~~ years additional from the date of proof of completion of works for proof of beneficial use of water. You would, therefore, be entitled to five years extension under this permit. Application for such extension, however, should be made upon the enclosed form.

If you do not wish to make application for the extension, the proof may be made in accordance with the notices received but license could not be issued for more than eight inches of water.

The proof may be made at any place most convenient to yourself and two witnesses, before any notary public, or other officer authorized to administer oaths.

The notices are returned herewith for completion in this particular, in case you desire to proceed with the proof.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Chas. E. Huckleberry,
Priest River, Idaho.

Boise, Idaho,

Dear Sir:—

October 2, 1922.

Under the terms of your permit No. 15229.....you are required to complete your diversion works on or before Jan. 19, 1923. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN.
