Dear Sir:

When you were good enough to issue permit No. 14921, under date of September 16, 1920, we had executed and furnished you, in accordance with your request, Surety Bond in the sum of \$1,000.00 in favor of the State of Idaho, and conditioned upon faithfully carrying to completion the works of diversion as specified in the above numbered permit, the bond being Fidelity & Deposit Company of Maryland #1802484, and has been in force continually.

Will you kindly advise us if you desire us to continue in force this bond now since Certificate of Completion of Works has been granted us under date of September 16, 1925 and License and Certificate of Water Right under date of September 17, 1925, or will it meet your approval if we discontinue such bond? 225

Dear Sir: -

We are in receipt of your letter of the 22nd inst., enclosing affidavit of publication for proof of completion of works and beneficial use of water under the above numbered permit.

Deposition blanks were mailed to the notary public at Priest River, Idaho, Mercedes Tremblay, August 20th. On September 10th, a representative of the holder should appear, with two witnesses, at the office of the notary public, and fill out the blanks sent.

The fees due this office will amount to \$22.00. These fees are based upon a capacity of 50 second feet, being \$5.00 for the first 10 second feet and 30 cents additional for each additional second foot, or fraction, for completion of works. For beneficial use of the water, the fee is always \$5.00 for power or other purposes than irrigation. These fees should accompany the depositions when submitted to this office.

Very truly yours,

Dear Sir:

We acknowledge receipt of your Form #7, with which you enclosed blank forms upon which to give notice that we are prepared and desire to submit proof of completion of works under your permit #14921.

We have filled out the blanks and now beg to hand them to you, requesting that you be good enough to arrange for the publication in the Priest River Times, published at Priest River, Idaho, if that paper is satisfactory to you; otherwise, or if you prefer, it is perfectly agreeable to us that you have it published at our expense in whatever northern Idaho paper you desire.

We would appreciate having you advise us of the particular form of proof that you desire us and the two witnesses to submit before the Notary Public. Should it consist of a map of the diversion dam and flume accompanied by a brief statement describing same? Do you desire any particular data relating to the construction or the cost of same? We also note in the blank that you sent us the statement that the law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. We believe that we are prepared to make such proof at the same time that we make the first one and if it is agreeable to you and not contrary to form we would like to be permitted to complete such proof on September 10 also and would, therefore, appreciate very much if you will advise us what you require in this respect in order that we may learn if the final proof can be made on September 10.

Appl. 21104

Mr. Swensden,
Commissioner Reclamation Dept. ,
State of Idaho.

Dear Sir:

I have your letter of August 12th which has reference to application signed by us for 50-~~2~~³ ~~acres~~^{acres} of water on Big Creek in ~~Benewah~~^{Benewah} ~~Idaho~~^{Idaho} County, and note what you have to say. The filings I sent you a few days ago are inadvertently duplicates of the ones which we filed on July 19th.

I am interested to hear from you as of August 18th with advice as to the application which you advise will be returned for final corrections on that date.

Thanking you, we are

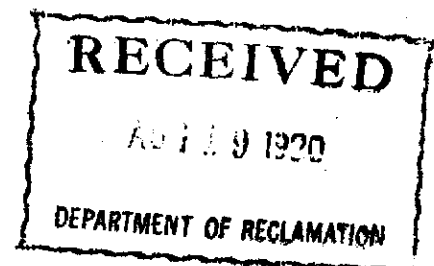

Yours very truly,
