License and Certificate of Water Right

Water License No. 13755Amount 2 sec. ft.Water District No. 99Priority August 29, 1918.

THIS IS TO CERTIFY that WILLIAM MOSCRIP,
 of Priest River, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated August 29, 19 18; that Permit No. 13755
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 5.9
 second feet, was issued thereunder on April 12, 19 19, showing that said works
 were completed on the 17th day of March, 19 19; and that on the 10th
 day of August, 19 20,

WILLIAM MOSCRIP,

of Priest River, State of Idaho, made proof to the satisfaction of the
~~State Engineer~~ Commissioner of Reclamation
~~Engineer~~ of Idaho, of a right to the use of the waters of unnamed springs source of Moores
 Creek,
 a tributary of W. Fr. Priest River, for the purpose of irrigation & domestic use,
 under Use Permit No. 13755 of the State Engineer, and that said right to the use of said
 waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the ~~State~~
 Commissioner of Reclamation
~~Engineer~~ of Idaho and entered of record in Volume 5 of Licenses, at page 2665, on the 17th
 day of September, 19 20;

The right hereby confirmed dates from August 29, 19 18;

The Point of Diversion is located (1) SW $\frac{1}{4}$ NE $\frac{1}{4}$ (2) NW $\frac{1}{4}$ SE $\frac{1}{4}$ (3) NE $\frac{1}{4}$ SE $\frac{1}{4}$ (4) SE $\frac{1}{4}$ SE $\frac{1}{4}$
 in the 1/4 Sec. 4, Tp. 58 N., R. 5 W., B. M. County of Bonner.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
 exceed 2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
58 N	5 W	4	SW $\frac{1}{4}$ NE $\frac{1}{4}$	40	35
			NE $\frac{1}{4}$ SE $\frac{1}{4}$	40	20
			NW $\frac{1}{4}$ SE $\frac{1}{4}$	40	35

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 19505
Permit No. 13755
District No. 99

97-2010

1. Name of Applicant: **WILLIAM MOSCRIP**

Postoffice address: **Priest River**

County: **Bonner**

State **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: **5 9/10** cubic feet per second.

3. Source of water supply: **Unnamed springs source of which is a tributary of West Branch of Priest River Moore Creek**

4. Location of point of diversion: feet distant from the
corner of Section , T. , R. , B. M., and is in the **SW $\frac{1}{4}$ of NE $\frac{1}{4}$**
of Section **4** , T. **58 N.** , R. **5 W.** , B. M., County of **Bonner**

5. Water is to be used for: **Irrigating and domestic purposes**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ **no cost**

8. Kind of works: **ditch**

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom **2' 6"** feet; width at water line **3' 0"** feet; depth of water **1' 0"**
feet; dimensions of flume

Diameter of pipe inches; length of conduit **3/4** miles.

Average grade per mile **50** feet.

12. The time required for the completion of such work is **1/2** years.

13. The time required for the complete application of the water to the proposed use is **no** additional years.

14. The land to be irrigated is described in the following tabulation: **See Remarks.**

15. (a) Is reservoir to be used? **no** If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

WILLIAM MOSCRIPT

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 9 A. M. August 29, 1918

Returned to applicant for correction August 29, 1918

Corrected application received September 20, 1918

APPROVAL OF STATE ENGINEER

The number of this permit is **13755**

Recorded in Book 48 Page 13755 Approved September 25, 1918

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **November 24, 1918** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **December 25, 1918**

The whole of said work to be completed on or before **March 25, 1919**

Beneficial use of water appropriated in accordance herewith, to be made on or before **March 25, 1919**

Witness my hand this 25th day of September, 1918.

FRED A. WILKIE

State Engineer.

Remarks: Source of creek (springs) are on Government land, Kaniksu National Forest

Upon proper request of the holder of the above numbered permit, I have this 20th day of March, 1919, extended the time for beneficial use of water under said permit to the 10th day of August, 1919.

W. G. SWENDSEN,
State Engineer.

State of Idaho)
County of Bonner) ss

County of Bonner)
William Moscrip being first duly sworn, upon his oath deposes and says: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho No. 13755.

13755. That he intends to change the point of diversion, as described in said permit, to the following described points: SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 4, Township 58 N., Range 5, West of Boise M.

That such change will be made for the following reasons, to-wit: It will simplify matters and give better irrigation to run plough ditches from divers points on the main creek. Points of diversion all on petitioners property.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

William Moscrip.

Subscribed and sworn to before me this 7th day of April, 1919.

Myrtle E. Anderson,
My commission expires Feb. 10, 1923. Notary Public.

(Seal.)

Received and filed for record in
the Department of Reclamation at Boise,
Idaho, at 9:00 A. M. Apr. 9, 1919.

W. G. Swendsen,
Commissioner of Reclamation.

Works completed March 17, 1919.
Certificate issued: April 12, 1919.

Permit No. 13755

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that William Moscrip of Priest River, County of Bonner, and State of Idaho, the holder of Permit No. 13755, issued upon Application No. 19505 bearing date of priority of August 29th, 1918, authorizing the diversion of 5.9 second feet of the waters of Moore Creek which is a tributary of West Brnach of Priest River County of Bonner, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of works of diversion set out and described in said Permit; that said works are adquate for diverting and conveying to the place of intended use 5.9 second feet of the waters of Moore Creek; that the points of diversion of said waters are in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 4, T. 58 N., R. 5 W. B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: SW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 4, T. 58 N., R. 5 W. B. M.

Witness my hand this 12th day of April, A. D. 1919.

License issued for 2 second feet

13755

REPORT OF ENGINEER

This proof is for Beneficial UseIn Water District No. 99

1. State name of applicant and number of permit: William Mescrip - Permit 13755
2. State source of water supply: Unnamed Springs on Moores Creek
3. Location of point of diversion: SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, T. 58 N., R. 5 W.
4. Describe works as they exist, giving dimensions and capacities of same:
No dam or H.G. V Ditch, 2' D. Cap. 1 S.F.
5. State whether or not water has been turned into works of diversion: Yes.
6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 4, T. 58 N., R. 5 W.
SW $\frac{1}{4}$ NE $\frac{1}{4}$, 35 A. NE $\frac{1}{4}$ SE $\frac{1}{4}$, 20 A. NW $\frac{1}{4}$ SE $\frac{1}{4}$, 35 A. SE $\frac{1}{4}$ SE $\frac{1}{4}$, 10 A.
7. Submit map on enclosed plat, showing location and details of above description.
8. How many parties conduct water in this system? One
9. Give names and amount of each right:
10. What large stream would the water here appropriated finally reach? Priest Lake
11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: From land to Small stream, to Priest River, to Priest Lake.

Remarks:

This examination was made on the 21 st day of Aug.19 20.

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William Moscrip, Priest River, Idaho, Farmer
40 years. Priest River, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ✓

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 13755' August 29th 1918. August 29th 1918

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Nine (9) unnamed springs, source of Moore CreekNW 1/4 of SE 1/4 Sect. 4, T. 58 N. R. 5 E. M. B. M.
NE 1/4 of SE 1/4, SE 1/4 of SE 1/4, SE 1/4 of SE 1/4.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Ditch and laterals. Two (2) second feet
Ditch unnamed

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic purposes and irrigation. 35 acres. 20 acres
NW 1/4 of SE 1/4, SE 1/4 of SE 1/4, 25 acres
NE 1/4 of SE 1/4, SE 1/4 of SE 1/4, 10 acres
Sect. 4, T. 58 N. R. 5 E. M. B. M.
Mostly cultivated meadow small part natural. Irrigation of crops

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. ✓

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. Two (2) second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ✓

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Years 1913-1914-1915-1916-1917-1918-1919-1920. In
varying amounts during summer months to the amount
of two second feet. Total acreage 100 acres.

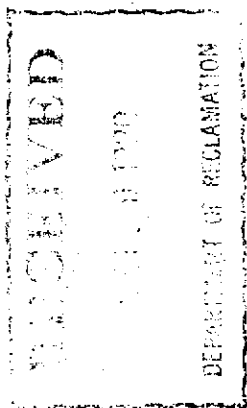

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. ✓

(Sign) William Moscrip

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Priest River, County of Bonner State of Idaho, on this 10th day of August A. D. 1920

Rieka M. Lean
Notary Public in and for the State
of Idaho, residing at Priest River.

Permit No. 13755**Proof of Application of Water to Beneficial Use****DEPOSITION OF WITNESS**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Alvise 47 Priest River Idaho
DruggistQues. 2. Are you acquainted with Wm Moenip, the holder of Permit No. 13755? How long have you known him and where does he reside?Ans. Yes, Six (6) years, Priest River IdahoQues. 3. Have you read or heard read said Permit No. 13755, and are you familiar with its provisions and conditions?Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Nine (9) unnamed Spring Source of Moose Creek, S.W. 1/4 of N.E. 1/4, N.W. 1/4 of S.E. 1/4, N.E. 1/4 of S.E. 1/4 of S.E. 1/4 of S.E. 1/4 Ditch and laterals

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO, **Aug. 3, 1920.**

William Moscrip,

c/o Bida McClean,
Precost River,
Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. **13755.**

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On **August 10, 1920.**, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at **Priest River, before Bida McClean, notary public.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. SWENDSEN,

State Engineer.

William Moscrip.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of
water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 11 a. m. on the tenth day of August, 1920,
 at Priest River, County of Bonner State of Idaho,
 before Ricka McLean, Notary Public, proof will be submitted
 of the application to beneficial use of Two (2) cubic feet per second of the
 waters of Un-named springs of Moore Creek in accordance with the terms and conditions of
 Permit No. 13755 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are
William Moscrip, Priest River, Idaho.

2. The use to which said water has been applied is for irrigation and domestic
purposes.

3. The amount applied to beneficial use is Two (2) second feet.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands
 irrigated) SW1/4NE1/4, NE1/4SE1/4, NW1/4SE1/4, SE1/4SE1/4, Sec. 4, T.
58 N., R. 5 W. B.M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use
 is Un-named.

6. The right to take water from such works is based upon Permit No. 13755.

7. The source of supply from which such water is diverted is Nine (9) un-named
springs, source of Moore Creek.

8. The date of the priority which said user is prepared to establish is Aug 23 - 1918
June 23, 1913.

EFFECTIVE APRIL 10, 1911

STATE ENGINEER'S OFFICE

Regulations as to Change of Point of Diversion.

Section 3247 of the Revised Codes provides that a person entitled to the use of water, may change the place of diversion if others are not injured by such change. The Board of Irrigation has adopted the following regulations as to procedure under said section:

The person desiring to change point of diversion must file with the State Engineer an affidavit describing his water right, setting forth his intent to change point of diversion and the reasons for such change, together with an averment that no one will be injured thereby and that deponent will make such change at his own risk.

The point to which it is desired to change the place of diversion must be described as follows:

When the amount claimed does not exceed 25 cubic feet per second and point of diversion will be on surveyed land, locate same by giving the legal description of the 40 acre tract in which it will be situated. If upon unsurveyed land, give approximate distance to mouth of stream from which water is claimed or to the mouth of some creek flowing into said stream. Where there is more than one point of diversion, describe each separately and specify the amount claimed from each.

Where the water claimed exceeds 25 cubic feet per second, locate the point to which it is desired to change the place of diversion as follows:

If upon or near surveyed land, tie point of diversion by course and distance to section or quarter section corner. If said point will be more than two miles from the corner of a public survey, the tie may be made to the mouth of the stream from which the water is claimed or to the mouth of some creek flowing into said stream.

The affidavit must be accompanied by maps in duplicate, showing the following details:

1. If for irrigation and domestic use:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the land to be irrigated.
 - (f) Lands to be irrigated to be shown by cross-hatching, outlining, or coloring.
2. If for other than irrigation and domestic purposes:
 - (a) Name of applicant.
 - (b) Section, town and range numbers, where public survey has been made.
 - (c) Source or sources of supply.
 - (d) Point or points of diversion.
 - (e) Route of ditch or ditches.
 - (f) Point or points of use.
 - (g) Point or points of return to stream after use.

If application is for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by the engineer in charge of survey, in the following form:

I hereby certify that this map was prepared from an actual survey made by me _____ 191____, and correctly shows position of points indicated thereon.

Engineer.

Re Permit 13755.

William Moscrip,
Priest River, Idaho.

Dear Sir:--

Am in receipt of your letter of the 12th inst., enclosing affidavit and fee for proof of completion of works, together with application for extension of time for beneficial use of water under the above permit. In regard to the additional points of diversion would say that you should file an affidavit, upon the enclosed form, setting forth the facts, the said affidavits to be accompanied by maps in duplicate showing both the new and the old points. The certificate will then be issued for the amount of water the works will carry, 5.9 second feet, and, when the proof of use of water is made, the amount will be cut down to the amount actually used, allowing an inch to the acre for the land under cultivation and irrigation.

Your application for extension for proof of beneficial use of water has been approved and one copy is herewith returned to you.

Very truly yours,

W. G. SWENDSEN,

State Engineer.

OFFICE OF SECRETARY-TREASURER

PRIEST RIVER, IDAHO 12th March 1919.

RECEIVED

MAR 14 1919

OFFICE OF STATE ENGINEER

Mr Fred A. Millie
Boise, Idaho.

Dear Sir, I send you herewith proof of completion of work with certified cheque for the sum of \$5.

I also enclose application for extension of time for beneficial use proof in duplicate. I trust that same will meet with your approval.

You will observe that I have only applied for the 160 acres ^{at present} owned by myself. In original permit I showed application for an adjoining homestead of 42½ acres & also land on which I have preference claim to make up homestead to 160 acres. The timber is being cut there now & I will shortly be able to file on the land. Altho I have a final certificate on the 42½ acres it is under contest by the forest service. To put matters plainly it is simply a persecution. The settlers here are accustomed to these things from this illegitimate offspring of the land office. Under the circumstances I considered it better to delete that acreage. I would have liked to have water rights on that land but can not at present go there & do the necessary work.

Sf/

13755

If permissible I would also like to have water for domestic purposes, stock &c.

In my original application I had point of diversion $2\frac{1}{4}$ of $1\frac{1}{4}$ and in Proof of completion of works I have added $6\frac{1}{2}$ of $1\frac{1}{4}$. The points of diversion would be all along this little creek as it is simply a case of damming the creek & letting the water flow into various plough ditches.

Yours faithfully,

William Moscrip.

The amount of water I applied for on original permit viz. $5\frac{9}{10}$ sec ft. may be more than I am entitled to on this reduced acreage. I also require water for stock. I have only 5' head now but in the near future it is my intention to keep a large dairy herd.

OFFICE OF STATE ENGINEER

Permit No. 13755

Application for Extension of Time for Beneficial Use Proof.

STATE OF IDAHO

County of Bonner } ss.William Moscrip, of Priest RiverState of Idaho

, being first duly sworn upon his oath deposes and says:

THAT he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 13755

THAT under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by 25th March, 1919.

THAT he has heretofore put to beneficial use no second feet of water and has irrigated no acres.

Water has been put to beneficial use for domestic purposes, amount unknown.

THAT, for the following reasons, he is unable to put to beneficial use within the required time, the remainder of the water appropriated under his permit, to-wit: Snow goes off late in this district, usually late March or April. Ground does not usually require irrigating until usually end of June or early July.

WHEREFORE, He asks that the State Engineer extend the time for the making of proof of beneficial use under said permit to 10th August, 1919.

And further, deponent saith not.

Subscribed and sworn to before me this 21st day of February, 1919.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Wm. Moscrip,
Priest River, Idaho.

Boise, Idaho,
December 3, 1918.

Dear Sir:—

Under the terms of your permit No. **13755**, you are required to complete your diversion works on or before **March 25, 1919**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

FRED A. WILKIE,

State Engineer.

Pocatello, Idaho.

December 3, 1918.

DEAR SIR:

I enclose herewith blank notice of Proof of Application of Water to Beneficial Use under your Permit No. ¹³⁷⁵⁵~~13755~~-----, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

FRED A. WILKIE,

State Engineer.

Application No. 19505

Mr. William Moscrip,
Priest River, Idaho.

SIR:

Application which has been filed under the above number is herewith returned for correction in the following particulars:

In paragraph 4, describe the point of diversion by 40 acre-tract and state amount desired from each.

In paragraph 11, give length and grade of ditch.

Show point of diversion on maps and ditches covering the lands.

→ Is in SW 1/4 of NE 1/4 Sect 4, T58N. R5E. M.B.
Not clear on what you require here
All I require is just to dam the ditch at various points
& let the water flood the land.

You are allowed until 60 days from date of first return for correction, as stamped in second line on back of application, to file completed application. If received after that date application will be refiled under a new number with later priority, requiring additional fee.

Yours truly,

STATE ENGINEER.

PRIEST RIVER, IDAHO 21st Aug 1918.

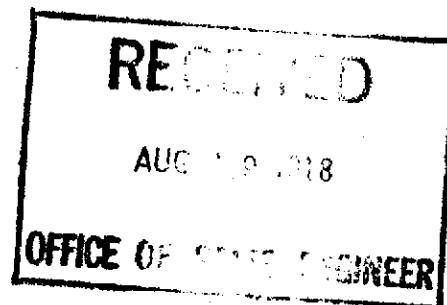

Mr Fred A. Millie
Boise, Idaho.

Dear Sir, I have to thank you for your letter of
the 18th inst.

I herewith enclose permit with fee of \$1⁵⁰.

Yours faithfully.
William Moscrip.

P.S. The sources of these springs I have noted from the
topographical survey. They are now so overgrown with brush
that it is impossible to follow them.
