Re Permit 13280-

Messrs. Black & Vernetto,  
Attorneys at law,  
Coeur d'Alene, Idaho.

Gentlemen:--

We are today in receipt of depositions, affidavit of publication and money for fees, in the sum of \$2.00, for proof of use of water under above permit. The holder, however, failed to send his affidavit for proof of completion of works, with statutory fee of \$5.00, blank for which was mailed to him February 1st, the same date as blank notices for final proof were mailed. I am, therefore, enclosing you a blank and will ask that you have Mr. Sorg, or some one for him, as his agent, fill out same and return to us with \$5.00 fee.

As no additional fee is charged for final proof where the expense of the examination is paid by the holder, the money order for \$2.00 is herewith returned to you. As soon as the affidavit of holder is received for proof of completion, the certificate and license will be issued.

Very truly yours,

FRED A. WILKIE,

State Engineer.

It was afterwards discovered that the springs were located on State Land. Therefore, the necessity of this application is made. The land along the East side of Lot 2 and the West line of Lot 3 is very rough and rocky, with dense undergrowth. The hill side having a slope angle from 20 to 35 degrees and it is doubtful if the land can ever be put to any practical use other than the timber on same. The water from these springs has been obtained by digging a sump in granite boulder formation and pipe the short distance to reservoir. Dear Mr. Curren:

The specific locations of the springs, requested in your July 24th letter, is not shown on License No. 97-2207 and 97-2055. I have, however, enclosed the permit map that shows the spring near the SW corner of Lot 1.

Here also is the application for permit and instructions for its completion.

Dear Mr. Fleenor:

Thank you for your letter of July 18, 1972, concerning the licenses on the spring on Lot 1, Section 3, Township 59 North, Range 4 West, being License No. 97-2007 and License No. 97-2055.

Does the file disclose the location of the spring in said Government Lot 1? If so, would you please supply me with the location information.

In addition, would you please supply me with any available printed instructions and application forms to apply for a water right license on a spring supplying water for domestic use on Lot 1, Camp Sherwood Addition.

Very truly yours,

ATTN: Mr. Thomas F. Curran

Dear Mr. Curran:

We researched our files as requested in your July 13 letter and have found two water right licenses on a spring in Lot 1, Section 3, Township 59 North, Range 4 West.

Both of these licenses are in the name of the same owners and are for the same project.

License No. 97-2007 is for the diversion of 2/27 of 1 inch or about 0.6 gallons per minute of water to be used for domestic use at the homes of the applicants on the shore of Priest Lake. The applicants were H. F. Sorg, George M. McMullin, J. A. Scott, and Mrs. Ida Handy.

License 97-2055 is for the storage of 1300 gallons in their iron tank.

If you have other questions regarding these licenses please let me know.

Sincerely,

BOBBY D. FLEENOR

Gentlemen:

Would you please advise me whether or not there is any record in your office of water rights involving a spring or springs in Government Lots 1 and 2, Section 3, Township 59 North, Range 4 West, Boise Meridian, Bonner County, Idaho.

If so, would you please supply me with the name of the owner of each water right, a description of its location, and the description of the land for the benefit of which the water right is registered.

Thank you for the courtesy.

Very truly yours,

Dear Mr. McFarland:

Reference is made to your letter of November 6th, in which you inquire as to certain water rights covered by Permit No. 13280 in the name of Mrs. Handy, and Application No. 18918 in the name of H. F. Sorg.

In reply will state that Application No. 18918 was filed on October 13, 1917, by H. F. Sorg, Geo. M. McMullin, J. A. Scott and Mrs. Ida Handy, of Spokane, Washington, for 2/27 of a second foot continuous flow from seepage springs, diverted in Lot 1, Section 3, Township 59 North, Range 4 West, B.M., to be used for domestic purposes and for watering lawns and flowers at summer cottages of the applicants located on the shore of Priest Lake, in Lot 2 (NW<sup>1</sup> NE<sup>1</sup>) Section 3, Township 59 North, Range 4 West, B. M.

Permit No. 13280 was issued under this application, and on July 5, 1918, License was issued for the amount of the application, with priority date of October 13, 1917.

We trust that the above will give you the information desired.

Very truly yours,

Dear Sir:

On or about the 5th day of July, 1918 Permit No. 13280 was issued, I believe, to a Mrs. Handy. I would like to know what particular description of land this is on. Also H. F. Sorg on October 13th, 1917 made application 18918. I would like to know if he was issued a permit, and, if so, the date of the same and the description of the land.

Thanking you, I remain

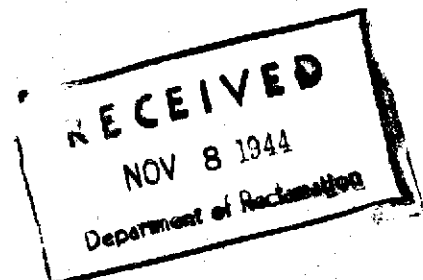

Very truly yours,

Dear Sir:--

We are in receipt of your letter, with check for \$5.00, fee for proof of completion of works under above permit. Replying would say that the affidavit for proof of completion of works has not yet been received. The depositions for final proof were received June 10th but this affidavit did not accompany these depositions, altho the proofs should have been made at the same time. Please write your attorneys in regard to the matter. The affidavit for proof of completion of works should have been made out by you.

Very truly yours,

Dear Sir:

I have not heard from  
Mr. Dinetto of Ever-N-Alone Co.  
and I suppose he has sent  
necessary deposition in connection  
with permit No 13280.

I am enclosing \$5.00 to cover fee  
Certifical of completion.

I am

Very Truly

Re Permit 13280-

Messrs. Black & Vermette,  
Attorneys at law,  
Coeur d'Alene, Idaho.

Gentlemen:—

We are today in receipt of depositions, affidavit of publication and money for fees, in the sum of \$2.00, for proof of use of water under above permit. The holder, however, failed to send his affidavit for proof of completion of works, with statutory fee of \$5.00, blank for which was mailed to him February 1st, the same date as blank notices for final proof were mailed. I am, therefore, ~~unblinking~~ sending you a blank and will ask that you have Mr. Serg, or some one for him, as his agent, fill out same and return to us with \$5.00 fee.

As no additional fee is charged for final proof where the expense of the examination is paid by the holder, the money order for \$2.00 is herewith returned to you. As soon as the affidavit of holder is received for proof of completion, the certificate and license will be issued.

Very truly yours,

FRED A. WILKIE,

State Engineer.

Dear Sir:-

I am herein inclosing to you depositions of permit holder and of the two witnesses with regard to the proof of Application of water to beneficial use, under permit #13280. Also please find inclosed affidavit of publication of notice, as per your instructions dated April 22, 1918. The fee of \$2.00 required is also inclosed herein.

The reason for the delay for not sending these sooner is on account of the fact that the printer was slow in sending the affidavit of publication.

Kindly acknowledge receipt of the same at your earliest convenience.

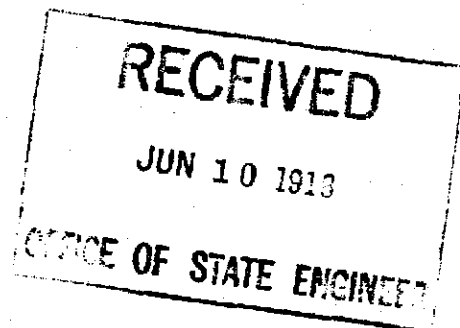

Yours very truly,

BLACK & WERNETTE.

Dear Sir:-

Mr. Sorg and two witnesses, one of whom was Mr. J. W. Strack, were present before Mr. Wernette at Coeur d'Alene on the 6th inst., the day set for the hearing of his proof in connection with application for water right, and their depositions were taken, which depositions, I presume, have reached your office by this time.

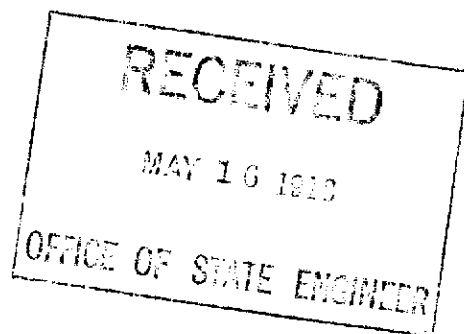

As I understand it from your letter of the 2nd inst. this is all that will be required in the way of proofs in this matter, and that all is now required of Mr. Sorg to complete his water right is to pay an additional fee of \$5.00 or \$10.00.

Will you kindly advise me if I am correct in my conclusion and, if not, what further is required.

Mr. Fred A. Wilkie,

Dear Sir:

Sometime ago I received a letter from you in reference to application of H. F. Sory and others for permit to appropriate water from certain springs near Coolin, Idaho, for domestic purposes at their summer cottages at the southern end of Priest Lake. In their letter you suggested that we furnish you the name of some person to examine and report on the mode and method of diverting and impounding the waters, and I wrote you suggesting the name of J. W. Strick of Spokane, a civil engineer, who is familiar with the situation up there, but

13280

I heard nothing further from you, and Mr. Borg tells me he has not heard.

I was not sure you would accept a Washington man for this purpose, and in the event that you cannot do so, I would suggest a man by the name of Art Martson, of Coeur, Idaho, who is a constable there, and could probably make the examination you require and make the report.

Mr. Borg got a vice for the publication of notice of hearing on the application today. He will be on board at Coeur d'Alene with two witnesses to furnish the necessary proof before Mr. Warnette on May 6th.

In view of the fact that Mr Borg is only appropriating about  $\frac{1}{2}$  of an inch of water out of seepage springs and the whole system consists of

13280

a couple of holes set in the ground and small iron pipes leading therefrom to a storage tank from which the water is piped to the premises of the applicants, it would seem to me that you could waive the inspection and report of the person whose name you requested us to suggest, and let us bring this man to Coeur d'Alene as one of the witnesses required at the hearing before Mr. Worrester.

Please advise me at your earliest convenience if this cannot be done and thus save the expense of one man at least.

Very truly yours,

Geo. F. Fawcett, Jr.

Dear Sir:-

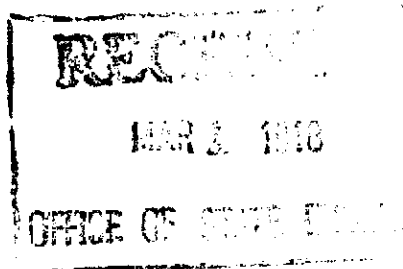

We herewith inclose notice of proof of application of water to beneficial use under Permit No. 13280, fixing the day for submitting said proof on May 6, 1918, more than sixty days hence.

We are rather at a loss to know where and before whom such proof is to be submitted so have left the blanks in the notice for this information unfilled, and would request that you fill in this data. As we understand the law, the proof may be submitted in most any county, and if this is so we would like to have the place for submission of proof designated either at Sand Point or Coeur d'Alene, the latter place would be the more convenient. But as to the person to whom or before whom the proof is to be submitted we are at a loss to know, but any officer you may designate will be satisfactory.

Will you kindly fill out these blank places in the notice and inform us where and before whom the proof is to be submitted?

**Feb. 1, 1918.**

Dear Sir:—

Under the terms of your Permit No. ~~13280~~-----, you are required to complete your diversion works on or before-----~~May 6, 1918~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
