APPLICATION FOR PERMIT 97-2006

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 18927
Permit No. 13273
District No. 99

1. Name of Applicant: **George Naccarato,**

Postoffice address: **Priest River**

County: **Bonner**

State: **Idaho.**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: **One-half** cubic feet per second.

3. Source of water supply: **Spring-** which is a tributary of **Priest River.**

4. Location of point of diversion: _____ feet distant from the
corner of Section _____, T. _____, R. _____, B. M., and is in the **NW $\frac{1}{4}$ of SW $\frac{1}{4}$**
of Section **20**, T. **56 N.**, R. **4 W.**, B. M., County of **Bonner.**

5. Water is to be used for: **Irrigation and for use in residence.**

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: _____ feet distant from _____ corner of Section
T. _____, R. _____, B. M., in the _____ of Section _____, T. _____, R. _____, B. M.
- (b) Amount of power generated: _____ H. P., under _____ feet head.
- (c) Water is to be returned to _____ at a point _____ feet
distant from the _____ corner of Section _____, T. _____, R. _____, B. M., in the
_____ of Section _____, T. _____, R. _____, B. M.

7. Estimated cost of works: **\$500.00**

Cement

8. Kind of works: **Settling Basin, iron pipe.**

9. Height of dam _____ feet; length of dam at top _____ feet; length of dam at bottom
_____ feet; material used in dam _____

10. Size of headgate: Width _____ feet; height _____ feet.

11. Ditch: Width at bottom _____ feet; width at water line _____ feet; depth of water
_____ feet; dimensions of flume _____

Diameter of pipe **two (2)** inches; length of conduit **1900 feet.** _____ miles.

Average grade per mile **300** feet.

12. The time required for the completion of such work is **Two (2)** years.

13. The time required for the complete application of the water to the proposed use is **Two (2)** additional years.

14. The land to be irrigated is described in the following tabulation: **See Remarks.**

15. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

George Naccarato.

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 9:00 A.M. October 15, 1917

Returned to applicant for correction October 18, 1917.

Corrected application received October 25, 1917.

APPROVAL OF STATE ENGINEER

The number of this permit is **13273**

Recorded in Book 46 Page 13273 Approved November 6, 1917.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **January 5, 1918.** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **November 6, 1918.**

The whole of said work to be completed on or before **November 6, 1919.**

Beneficial use of water appropriated in accordance herewith, to be made on or before November 6, 1921.

Witness my hand this 6th day of November, 1917.

J. H. Smith.

State Engineer.

Remarks :

Department of Reclamation,
State of Idaho,
Boise, Idaho.

Gentlemen:- Re Permit No. 13273 - Naccarato.

George Naccarato, the permit holder in the above matter advises me that he sent a Post Office Money Order to your office for a license on the above permit, for the sum of Five Dollars on or about the 17th of November.

Will you advise me if this payment was received by your office and if the permit has been issued?

In the event the permit has not been issued yet or has not been sent out I will ask that you kindly send the same to me as attorney for Naccarato. In the event the permit has been issued and sent out I wish you would so advise me.

Thanking you in advance, I am,

Very truly yours,

Sidney H. Smith

Mr. W. G. Swendsen,
Commissioner of Reclamation,
State of Idaho,
Boise, Idaho.

Dear Sir:- In re Water Permit No. 13273.

C. W. Wilson, the engineer appointed by you to make the engineer's report in connection with the final proof in the ~~above~~ matter of Water Permit No. 13273 advises me that he has recently sent in his report.

I regret the delay in making this report but I may say to you that the engineer's fees were paid long ago by the applicant and it is only after numerous demands that I have been able to get Mr. Wilson to send in the report, if he has sent it in as he says.

It is my understanding that the matter is now in shape for the issuance of the license on the above permit providing the proof is satisfactory and, in any event I would like to hear from you at your early convenience.

Yours very truly,

Sidney H. Smith

November 5th, 1920.

Mr. W. J. Swenson,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:

Enclosed please find report of Water Right Permit No. 13273, George Naccarato. This water is taken from a small spring and is used for house use only. Mr. Naccarato has purchased the right of the spring and the right of way across land not owned by himself for the conveyance of this water.

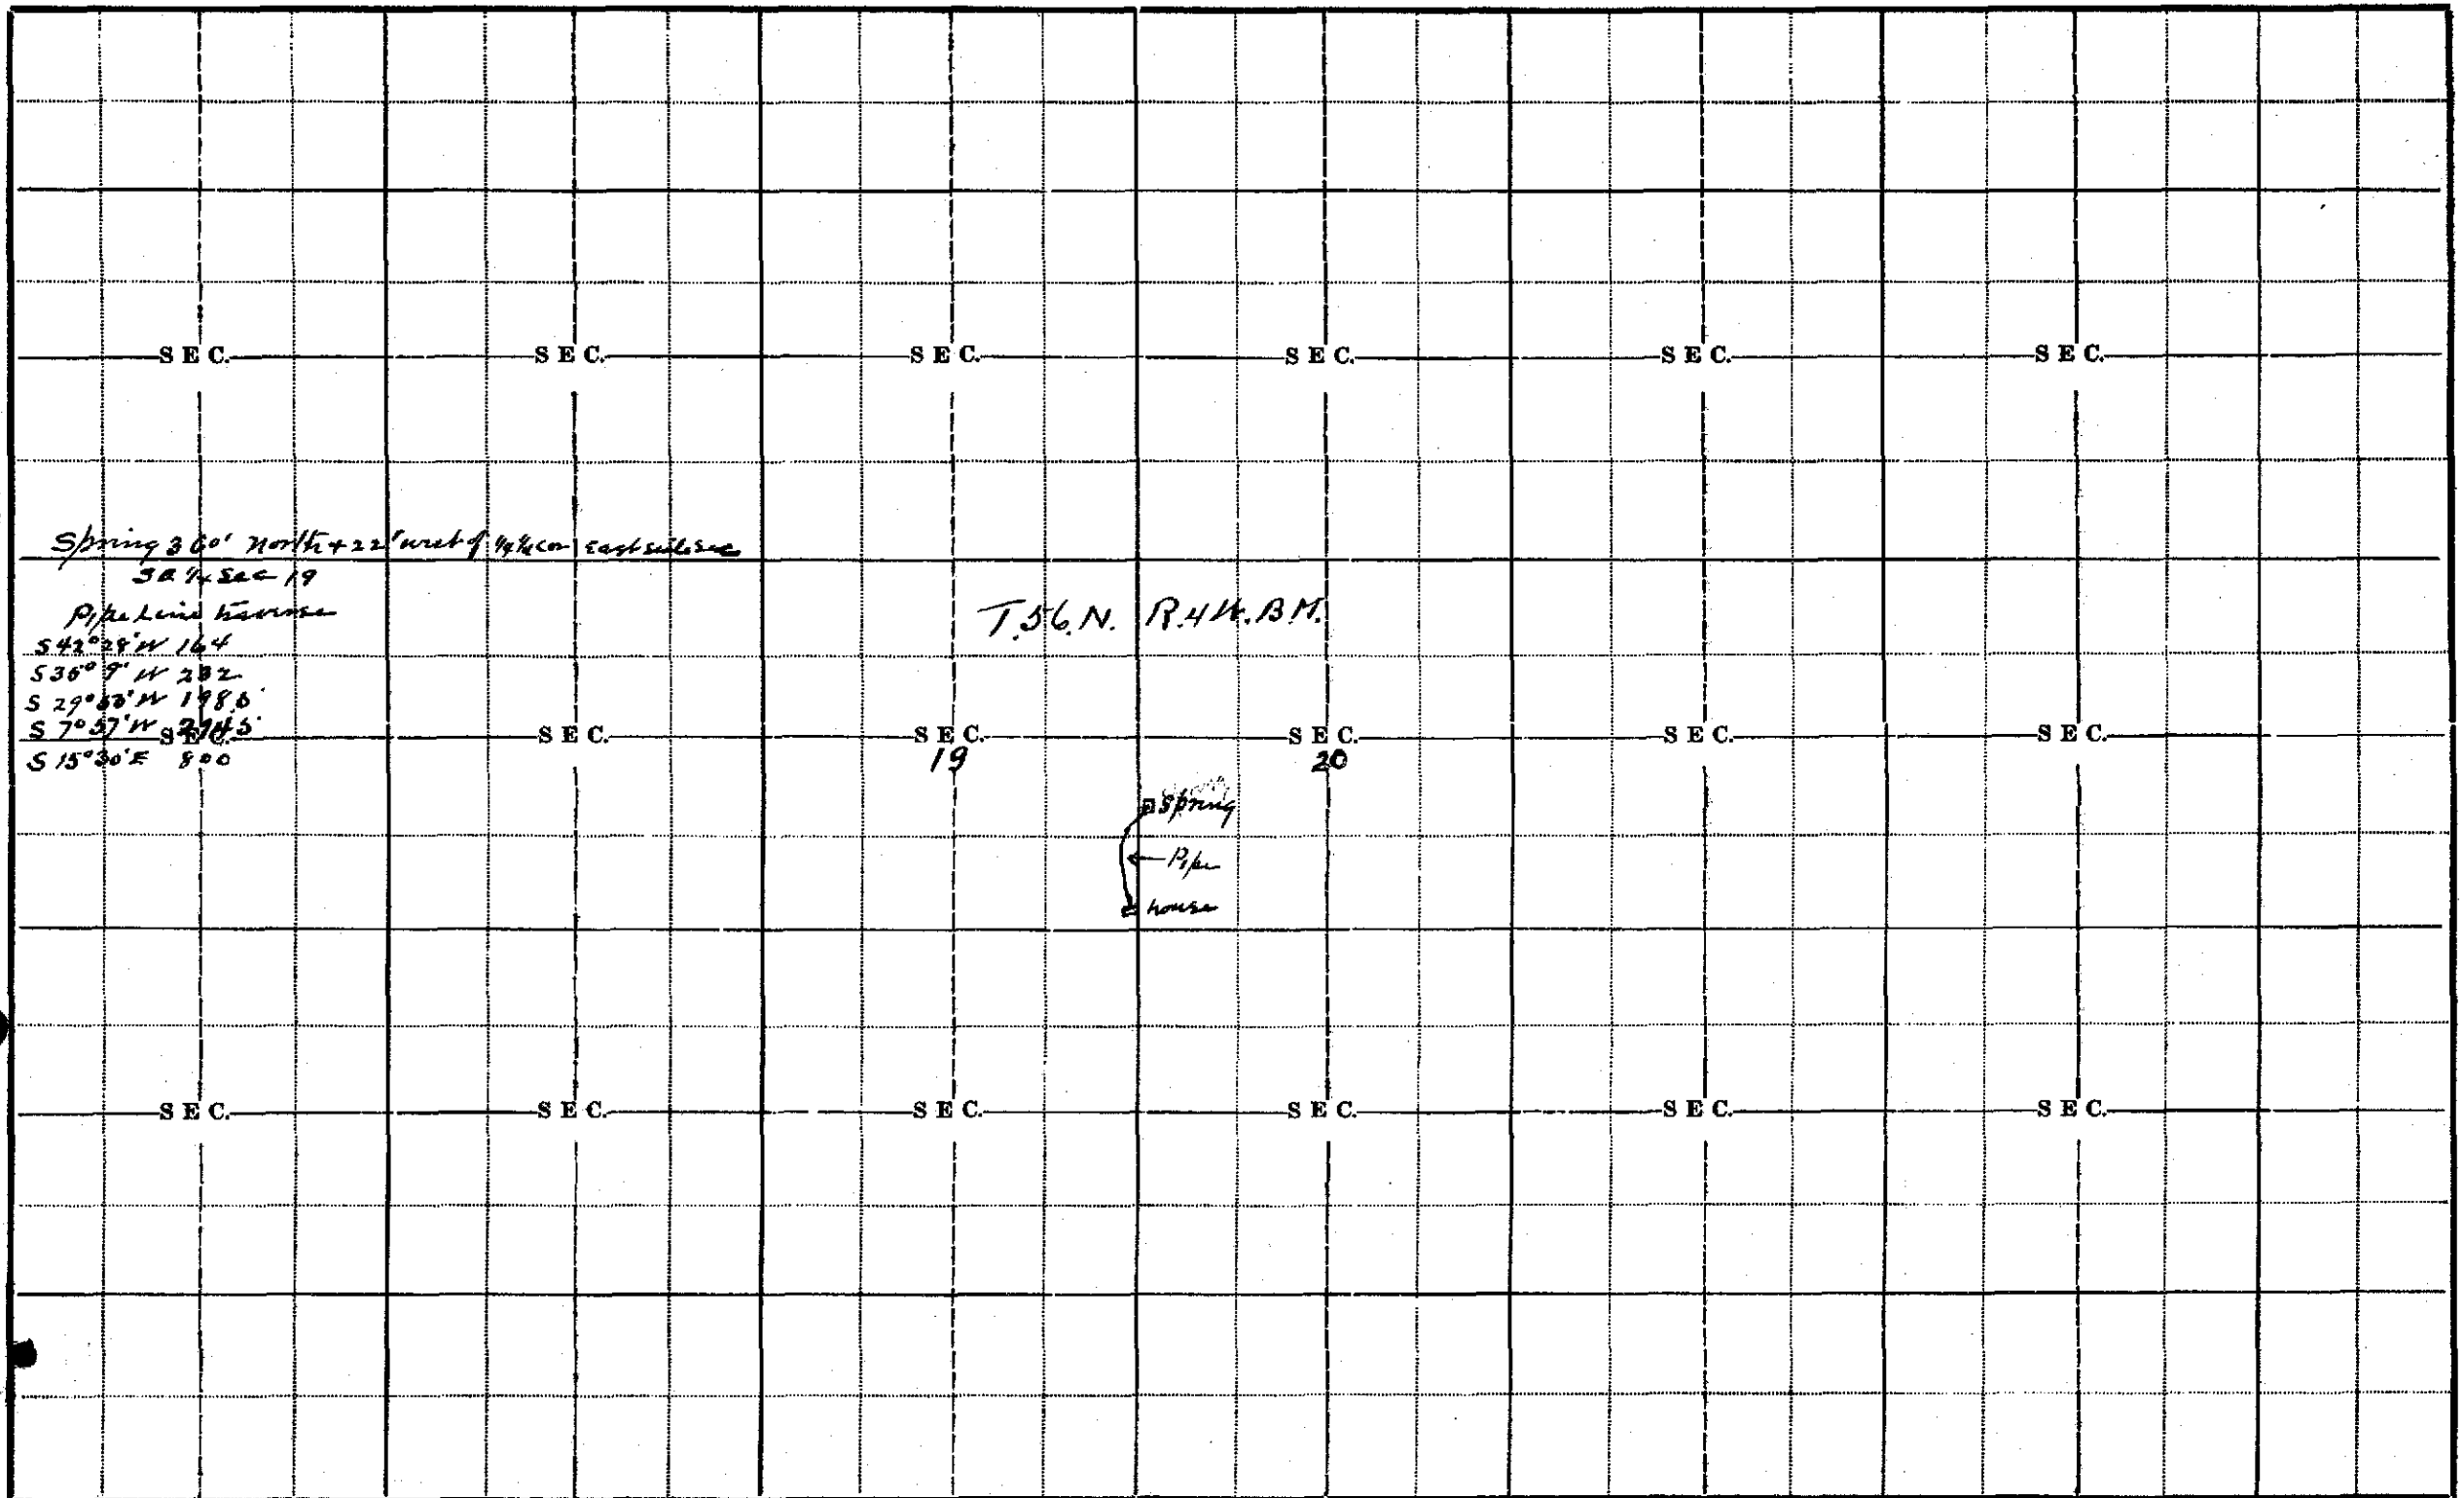

The underlying strata in the vicinity of his house is such that a well is practically impossible, therefore, this water right is of paramount importance to him, without it it would be necessary for him to haul his domestic water or abandon his little farm.

Yours very truly,

Caryl W. Wilson

13273

REPORT OF ENGINEER

This proof is for 13273

In Water District No.

1. State name of applicant and number of permit: George Naccarato
2. State source of water supply: Spring
3. Location of point of diversion: 360 feet north & 22 ft. east of $\frac{1}{4}$ $\frac{1}{4}$ Cor. on east side of SE $\frac{1}{4}$ of Sec. 19, T. 56N. R. 4 W.B.M. on NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 20, T. 56N. R. 4 W.B.M.
4. Describe works as they exist, giving dimensions and capacities of same:

Concrete box 4 ft X 5 ft. 3 ft deep
30 ft. of 2" pipe & 1660 ft. of 1" pipe running from spring to
George Naccarato's home.
5. State whether or not water has been turned into works of diversion: it has
6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Water is for domestic use only.
7. Submit map on enclosed plat, showing location and details of above description.
8. How many parties conduct water in this system? one
9. Give names and amount of each right: George Naccarato
10. What large stream would the water here appropriated finally reach? all lost by seepage
11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

Remarks:

This examination was made on the 20 day of October 1920

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

March 5, 1920.

Re Permit No. 13273.

Mr. C. W. Wilson,
Sandpoint, Idaho.

Dear Sir:--

At the request of Mr. Sidney H. Smith, Attorney for George Maccarato, the holder of the above permit, I hereby authorize you to make the examination for proof of beneficial use of water under the above permit and enclose blanks for report and map. You should arrange with the holder of the permit for your fees for services before making the trip.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By _____

13273

SIDNEY H. SMITH
ATTORNEY AT LAW
SANDPOINT, IDAHO

February 28, 1920.

Mr. W. G. Swendsen,
Commissioner of Reclamation,
State of Idaho,
Boise, Idaho.

Dear Sir:- In re Water Permit No. 13273.

I am herewith enclosing the following papers:

1. Affidavit of proof of notice of proof of application of water to beneficial use.
2. Deposition of holder of application.
3. Deposition of witness of application
 1. George Naccarato
 2. August Naccarato.

I have noted with pencil on the affidavit of George Naccarato, the witness, that he is a cousin of the permit holder's in view of the fact that he has the same name as the holder.

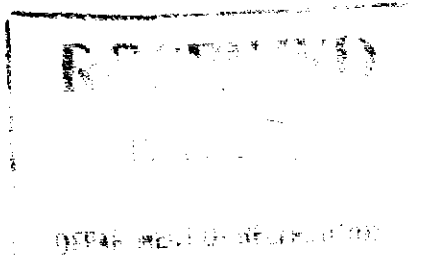

Referring to your letter of the 21st of January in this connection directing that the name of an engineer or someone familiar with the measurement of water be furnished you I will say that this has been delayed partly on account of the sickness of the permit holder and partly on account of the fact that he has tried to find someone living in that immediate vicinity who could make the report without success. He now directs that I send you the name of C. W. WILSON, Sandpoint, Idaho, who is a licensed engineer for this examination and to whom you are to send these blanks. I trust that, while this is a very late date the engineer's examination can be made and submitted to you without in any way effecting the proceedings other than the delay.

Trusting that this matter will have your attention and assuring you that I will appreciate any suggestions you may give me towards having the matter entirely regular in every respect, I am,

Respectfully yours,

Sidney H. Smith

NOTICE FOR PUBLICATION.

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 10:30 a. m. on the 28th day of February, 1920, at Sandpoint, county of Bonner, state of Idaho, before Sidney H. Smith, notary public, proof will be submitted of the application to beneficial use of one-half (0.5) cubic feet per second of the waters of spring tributary of Priest river in accordance with the terms and conditions of Permit No. 13273 heretofore issued by the state engineer of the state of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is George Naccarato, Priest River, Idaho.
2. The use to which said water has been applied is irrigation and domestic use.
3. The amount applied to beneficial use is one-half foot per second.
4. The place where said water is used: Southeast quarter of southeast quarter, section 19, township 56 north, range 4 West B. M., thirty acres thereof to be irrigated and domestic use to be on same description.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed.
6. The right to take water from such works is based upon permit No. 13273.
7. The source of supply from which such water is diverted is spring (unnamed) tributary of Priest river.
8. The date of the priority which said user is prepared to establish is October 15, 1917.

W. G. SWENSEN,
Commissioner of Reclamation.

13273

PERMIT NO. 13273**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Naccarato, age 38, residence three miles east of
Pratt River, Idaho; Occupation, farmer; Post Office Adams, Pratt River, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 13273, Oct. 15, 1917; Priority Oct. 15, 1917.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is spring tributary to Pratt River; Location of point of diversion
On west side of N.W. Quarter of SW 1/4 of Sec. 20 Tp 56 N. R. 4 W. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. cement settling basin and iron pipes, unnamed capable of
conveying one half cubic foot per second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use and irrigation both on S.E. 1/4 & S.E. 1/4
of Sec. 19 Tp 56 N. Range 4 W. (30 acres to be irrigated).

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. For domestic use in residence on same
description

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. One half cubic foot of water per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original owner.

13273

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *Water has been used for several years by means of same works with improvements for domestic and irrigation purposes to practically full capacity of spring in the amount of one half cubic foot per second.*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. *No other appropriation and this is the only water diverted and applied*

(Sign) *George Accorato*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in *Sandpoint*, County of

Mounier State of Idaho, on this *78th* day of *February*

13273

Permit No. 13273

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. August Naccarato, age 25 years residence, ranch 2 1/2 miles east Priest River
occupation farmer, Post Office address, Priest River, Idaho

Ques. 2. Are you acquainted with George Naccarato, theholder of Permit No. 13273? How long have you known him and where does he reside?

Ans. Yes. Known him all my life. He resides on farm 3 miles
East of Priest River, Idaho

Ques. 3. Have you read or heard read said Permit No. 13273, and are you familiar with its provisions and conditions?Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source is a spring tributary to Priest River; place of diversion is
on west side of N.W. 1/4 of SW. 1/4 of Sec. 20 Tp 56 N.R. 4 W. Works
a small settling basin of cement and iron pipe about 1900 feet
long to point of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. One half cubic foot per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic purposes and irrigation. Both uses on
SE 1/4 of SE 1/4 of Sec 19 Tp 56 N.R. 4 W. acres irrigated about
thirty. Cultivated land and improvements development of
land + putting in to crops.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. —

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land reddish soil. and would require
one half cubic foot or more.

13272

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. *No.*

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. *Have run it used on this land for past several years in practically capacity of spring estimated to be one half cubic foot per second for domestic purposes & irrigation.*

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO,

George Naccarato
Priest River, Idaho.
c/o Sidney H. Smith
Sandpoint, Idaho.

Feb. 11, 1920.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No.-----

13273

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On-----, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at-----

Sandpoint, Idaho, before Sidney H.

Smith, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. Swendsen
State Engineer.

Feb 28

January 21, 1920.

In re: Permit 13273.

Sidney H. Smith,
Attorney,
Sandpoint, Idaho.

Dear Sir:

We are to-day in receipt of your letter of the 19th instant, enclosing notices for final proof under the above numbered permit in favor of George Naccarato. In reply would say that I have set February 28 as the date for making the proof before you at Sandpoint, and unless otherwise advised notice for publication will be mailed to the Pend d' Oreille Review, at Sandpoint, for the required four weeks publication prior to the date of making proof. Deposition blanks for holder and two witnesses will be mailed to you in time for this proof on the date set.

It will also be necessary for the holder to have the works examined by some one familiar with the measuring of water and beneficial use of same. If he will send up the name of someone near him who can do this work for him, we will authorize the party to make the examination and furnish blanks for his report and map. The holder should arrange with the party who makes the examination for any fees that may accrue in making this examination.

Yours very truly,

W. G. Swendsen,

Commissioner of
Reclamation,

By

SANDPOINT, IDAHO

In re Permit 13273.

January 19, 1920.

Department of Reclamation,
State of Idaho.
Boise, Idaho.

Gentlemen:-

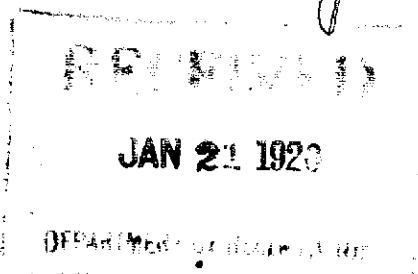

After considerable delay and according to instructions in your letter of the 15th of October, 1919, I am herewith enclosing Notice of Proof of Application of Water to Beneficial Use, in duplicate, in connection with Permit No. 13273.

I have not filled in the date when proof will be submitted as I assume that that is a matter you will wish to decide and for a like reason I have left blank before whom it is to be taken; if this can be taken before me as a Notary Public it might save inconvenience as long as the claim is quite small.

If these notices are not correct in any respect or anything further is needed at this time I shall be glad to hear from you; otherwise I will be glad to have you advise me as to when and where the proof will be submitted.

Respectfully yours,

Sidney H. Smith

13272

NOTICE FOR PUBLICATION

NOTICE OF PROOF OF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:30 a. m. on the 28th day of February, 1920,
at Sandpoint, County of Bonner, State of Idaho,
before William H. Smith, N.P., proof will be submitted
of the application to beneficial use of one half (0.5) cubic feet per second of the
waters of Spring tributary of Priest River in accordance with the terms and conditions of
Permit No. 13273 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit ¹⁵ are:
George Naccara to, Priest River, Idaho.
2. The use to which said water has been applied is irrigation and domestic use
3. The amount applied to beneficial use is one half cubic foot per second
4. The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) South east Quarter of South east Quarter, Section 19,
Township 56 N. Range 4 W.B.M., thirty acres thereof to be
irrigated and domestic use to be on same description.
5. The name of the canal or ditch or other works by which said water is conducted to such place
of use is Un-named spring tributary of Priest River
6. The right to take water from such works is based upon Permit No. 13273
7. The source of supply from which such water is diverted is Spring, (un-named)
Tributary of Priest River
8. The date of the priority which said user is prepared to establish is October 15, 1917.

W. G. Smecher
State Engineer.

September 10, 1919.

Department of Reclamation,
State of Idaho,
Boise, Idaho.

Dear Sirs:- Permit No. 13273.

According to instructions in your letter of the 9th of August George Naccarato has signed and sworn to the affidavit of proof of completion of works according to the terms of the above permit.

At his request I am herewith enclosing the same to you together with a Post Office Money Order for \$5.00 being the amount required, according to your letter for him to obtain a certificate of completion.

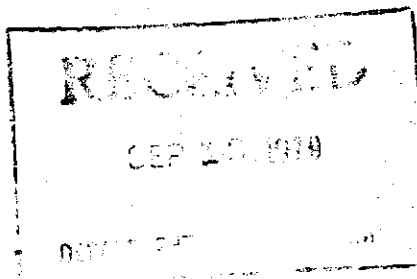

I will ask that you return this certificate to me as his attorney. Also that you send whatever information you put out in regard to the last proof of application to beneficial use.

Trusting that you will find this proof correct and sufficient to issue the certificate on, I am,

Very truly yours,

Sidney H. Smith

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,
County of Bonner } ss.George Naccarato, being first duly sworn, upon his oath deposes and says:First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 13273, and that his postoffice address is Priest River
State of IdahoSecond: That the name of the stream from which said water is to be diverted is Spring
tributary to Priest RiverThird: That the point of diversion of said water is in NW 1/4 of SW 1/4 Sec. 20,
Township 56 N.R. 4 W.B.M. County of Bonner, State of IdahoFourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by November 6, 1919.Fifth: That the use for which said water is intended is irrigation and for residence.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: cement settling basin and iron pipes.
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam _____ feet, length of dam at top _____ feet, length of dam at bottom _____ feet. Material used in construction _____

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir _____ acre feet. Settling Basin five feet square 3 feet deep.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit _____ width at bottom _____ feet, width at water line _____ feet, depth of water _____ feet; diameter of pipe 2 inches; average grade per mile is 300 feet. Length of conduit is 1900 feet miles.
(State whether ditch, flume or pipe)Seventh: That said works are capable of conducting to the place of intended use one half second feet of water.Eighth: That water appropriated under said permit is available for thirty acres of land described as follows: SE 1/4 of SE 1/4 Section 19 Twp. 56 N.R. 4 W.B.M. in part.

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho, **August 9, 1919**

George Naccarato,
Priest River, Idaho.

Dear Sir:—

Under the terms of your permit No. 13273 you are required to complete your diversion works on or before Nov. 6, 1919. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN

Commissioner of Reclamation.

Mr. J. H. Smith, State Engineer,
Boise, Idaho.

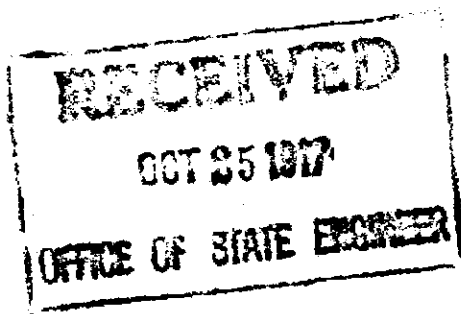

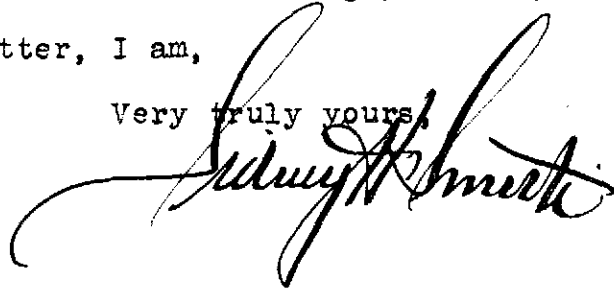

Dear Sir:- In re Application No. 18927-Naccarato.

Your letter of the 18th inst., returning the
above application for corrections, received.

I am herewith returning the same with the cor-
rections made. Paragraph ^{No. 14} should have shown the land to
be in the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Sec. 19. The map is also
shaded to show part of land to be irrigated. I will state
that the upper part which is not shaded is a rocky hill-
side; the small tract towards the South west part of the
description marked in red is property owned by other
parties and is about three acres.

Trusting that this corrections will put the
application in proper form and thanking you for your
assistance in the matter, I am,

Very truly yours,

13273

October 18, 1917.

State Engineer,
Boise, Idaho.

Dear Sir:-

I am herewith enclosing the application of George Naccarato for a permit to appropriate water as therein stated. Also the sum of One Dollar by Post Office money order which I understand is the filing fee for an application of this kind.

You will note that the maps are rough sketches and in the application the figures as to the location of the spring are estimates or, at least, not absolutely accurate. This for the reason that, unless it is required, it appears that the expense incident to a more detailed account would be useless.

Trusting that you will find this application in shape to have your favorable consideration, I am,

Very truly yours,

Encs.
