

State of Idaho

License and Certificate of Water Right

Water License No. 11809

Water District No. 99

Amount $\frac{43}{50}$ of 1 sec.ft.

Priority 10-20-1915

THIS IS TO CERTIFY that MARY VANE of Newport, State of Washington, made application for a permit to appropriate the public waters of the State of Idaho, dated October 20th, 1915; that Permit No. 11809 was issued under said application; that Certificate of Completion of works, with a carrying capacity of one (1) second foot, was issued thereunder on November 25th, 1916, showing that said works were completed on the 22nd day of November, 1916; and that on the 1st day of November, 1917, Mary Vane

of Newport, State of Washington, made proof to the satisfaction of the State Engineer of Idaho, of a right to the use of the waters of Thompson Creek, a tributary of Pend d'Oreille river for the purpose of irrigation and domestic use, under Use Permit No. 11809 of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Engineer of Idaho and entered of record in Volume 5 of Licenses, at page 2282, on the 4th day of May, 1918;

The right hereby confirmed dates from October 20th, 1915;

The Point of Diversion is located at a point 600 feet north of the S.E. Cor. of ~~the~~ ~~the~~ Sec. 24, Tp. 56 N., R. 6 W., B.M.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed $\frac{43}{50}$ of 1 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
56 N	6 W	24	SW $\frac{1}{4}$ NE $\frac{1}{4}$	30	20
"	"	"	SE $\frac{1}{4}$ NE $\frac{1}{4}$	30	23

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Engineer, affixed at Boise, Idaho, this 4th day of May, 1918.

Re: Permit 11809.

Mrs. Mary Vane,
Newport, Washington.

Dear Madam:

In checking the depositions and report filed for proof of beneficial use of water under the above permit, I find that the description of the lands does not agree with the permit. The lands given in the permit which were advertised are the S¹/₄ of the NE¹/₄ of Section 24, Township 56 North, Range 6 West. Your depositions describe the S¹/₄ of the SE¹/₄ of said section. The engineer's report gives the E¹/₂ of the NE¹/₄ of said section.

If the description in the permit is wrong, it would be necessary for you to correct same by filing an application for amendment, blank for which would be inclosed upon request. If the report of the engineer is wrong, the same will be returned to Mr. R. T. Ankerson for correction. If the deposition is not correct, giving the S¹/₄ of the SE¹/₄ of Section 24, you should file a statement correcting this. Please to advise us at your earliest convenience with regard to the correct description of the lands.

Very truly yours,

J. H. SMITH,

State Engineer.

Notary Public

NOTICE FOR PUBLICATION—Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that 2 p. m. on the first day of November, 1917, at Sandpoint, County of Bonner, State of Idaho, before Ignatz Weil, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of Thompson Creek, in accordance with the terms and conditions of Permit No. 11809 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Mary Vane, Newport, State of Washington.

2. The use to which said water has been applied is irrigation and domestic purposes.

3. The amount applied to beneficial use is one cubic foot per second.

4. The place where said water is used $S\frac{1}{2}$ of NE $\frac{1}{4}$, Sec. 24, T. 56 N. R. 6, W. B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Mary Vane Ditch.

6. The right to take water from such works is based upon permit No. 11809.

7. The source of supply from which such water is diverted is Thompson Creek (Tributary to Pend Oreille River).

8. The date of the priority which said user is prepared to establish is October 20, 1915.

Office of the State Engineer

Boise, Idaho,

Oct. 13th 1912 7.

Mr. R. F. Ankerson,
Newport, Washington.

DEAR SIR:

~~Mrs. Mary Vane~~, residing at ~~Newport~~
County of _____, State of ~~Washington~~, has requested that
you make examination required under Permit No. ~~11809~~. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

J. H. SMITH, ~~XXXXXXXXXXXX~~
A. E. ROBINSON,
State Engineer.

Re Permit 11809.

Mr. William Vane,
Newport, Washington.

Dear Sir:--

Am just in receipt of your letter enclosing affidavit of holder and check for fees for proof of completion of works under above permit, favor of Mary Vane. The affidavit is satisfactory hence certificate will be issued.

If the holder has the land under cultivation, or so much thereof as she intends to put under cultivation, she may proceed with her final proof in the following manner: fill out the enclosed blanks and return same to this office in time for the notice to be advertised four full weeks prior to the date of making such proof. Notice must be published in some paper printed in this State and in the county in which the land is situated. On the date set by her for proof, she will be required to appear before the notary public, or other officer taking the proof, with five disinterested witnesses, and fill out the deposition blanks which will be furnished said officer. This proof must be made in the State of Idaho, but can be made at any place in said State most convenient to holder and witnesses.

Very truly yours,

J. H. SMITH,

State Engineer.

APPLICATION FOR PERMIT 97-1005

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

1. Name of applicant: Mary Vane

Postoffice address: Newport

County: Pend O'reille State: Washington

I. If applicant is a corporation, give

- (a) Date and place of incorporation:
- (b) The amount of capital stock:
- (c) The amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is One cubic feet per second.

3. Source of water supply: Thompson Creek (Tributary to Pend O'reille River)

4. Location of point of diversion: SE $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 24 - T. 56 N. - R. 6 W.B.M.

County of Bonner

5. To be used for: Irrigation and domestic purposes.

I. Irrigation and domestic use: (a) Amount of land to be irrigated: 60 acres.

(b) In the following legal subdivisions: SE $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 24, T. 56 N., R. 6 W.B.M.

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under ft. head

(c) Is water to be returned to any stream?
point of return:

(d) If so, name stream and locate

6. Estimated cost of works: \$1500.00.

7. Description of works for diversion:

I. Kind of works: Ditches - dam.

II. Dimensions of works:

(a) Height of dam 8 feet, length of dam at top 240 feet,

length of dam at bottom 230 feet. Material used in construction: Earth

(b) Capacity of reservoir acres feet. (c) Size of headgate, width feet,

Height feet. (d) Conduit ditches width at bottom 1 $\frac{1}{2}$ feet,width at water line feet, depth of water $\frac{1}{2}$ feet; diameter of pipeinches; average grade per mile is 6 feet. Length of conduit is $\frac{3}{4}$ miles,
and it crosses the following quarter sections: NE $\frac{1}{4}$ Sec. 24, T. 56 N., R. 6 W.B.M.

8. The time required for the completion of the construction of such work is One years.

9. Time required for the complete application of the water to the proposed use is One additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Mary Vane.

February 11th, 1918.

Re Permit 11809.

Mrs. Mary Vane,
Newport, Washington.

Dear Madam:--

Am herewith returning you the depositions and the report and map of the examining engineer for correction in the lands to be irrigated. You will note that none of these describe the $S\frac{1}{2}$ of NE $\frac{1}{4}$ of section 24. The depositions all give the $S\frac{1}{2}$ of SE $\frac{1}{4}$; the report shows the E $\frac{1}{2}$ of NE $\frac{1}{4}$, said section.

As soon as these have been corrected and returned, the license will be mailed to you.

Very truly yours,

J. H. SMITH,

State Engineer.

No 0.15349
4th

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mary Vane Residence Newpark Idaho

53 yrs Housewife P.O. Newpark Wash

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Am acting for myself

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 7th 11809 dated Nov 30 1915

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Thompson Creek 500 ft North of the

Can to Secs 19, 24, 25 & 30 Tps 56 N. R. 5 & 6 W.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dams of earth 240 ft long, 8 ft high. Ditches

4580 feet of Ditches to carry 1 sec. foot of water 2640 ft of wooden flume

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation & Domestic purposes - 10

Irrigated 30 acres in SE 1/4 NE 1/4 and 30 acres in SW 1/4 NE 1/4 Sec 24 T. 56 N. R. 6 W.

also for watering stock - 6 acres Natural meadow balance cleared land

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. One sec. foot

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original holder

11809

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. From 1915-1916-1917 for irrigating 60 acres
in S 1/2 Sec. 24 T. 66 N. R. 6 E. To full
Capacity of Ditches on one See foot

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have never used other waters

February 11th, 1918.

Re Permit 11809.

Mrs. Mary Vane,
Newport, Washington.

Dear Madam:--

Am herewith returning you the depositions and the report and map of the examining engineer for correction in the lands to be irrigated. You will note that none of these described the $S\frac{1}{2}$ of NE $\frac{1}{4}$ of section 24. The depositions all give the $S\frac{1}{2}$ of SE $\frac{1}{4}$; the report shows the $S\frac{1}{2}$ of NE $\frac{1}{4}$, said section.

As soon as these have been corrected and returned, the license will be mailed to you.

Very truly yours,

J. H. SMITH,

State Engineer.

Spokane, Wn.,
Feb. 7-1928.

Mr. J. H. Smith,
State Engineer,
Boise, Idaho.

Dear Sir; I received your letter some time ago in reference to the description of the land on which I filed a water right.

The correct description of the land is the $S\frac{1}{2}$ of the N.E. $\frac{1}{4}$ of Sec. 24, township 56, ~~R. 14~~ Range 5, 6 west. This is the description given in the permit, so the report of the Engineer must be wrong which can be corrected by sending to R. I. Amberson at Newport.

Sincerely yours,
Mason Kane.

January 15, 1918.

Re: Permit 11809.

Mrs. Mary Vane,
Newport, Washington.

Dear Madam:

In checking the depositions and report filed for proof of beneficial use of water under the above permit, I find that the description of the lands does not agree with the permit. The lands given in the permit which were advertised are the S¹ of the NE¹₄ of Section 24, Township 56 North, Range 6 West. Your depositions describe the S¹ of the SE¹₄ of said section. The engineer's report gives the E¹₂ of the NE¹₄ of said section.

If the description in the permit is wrong, it would be necessary for you to correct same by filing an application for amendment, blank for which would be inclosed upon request. If the report of the engineer is wrong, the same will be returned to Mr. R. T. Ankerson for correction. If the deposition is not correct, giving the S¹ of the SE¹₄ of Section 24, you should file a statement correcting this. Please to advise us at your earliest convenience with regard to the correct description of the lands.

Very truly yours,

J. H. SMITH,

State Engineer.

PROOF OF BENEFICIAL USE

Mrs. Mary Vane,
c/o Ignatz Weil,
Sandpoint, Idaho.

Oct. 20, 1917.

BOISE, IDAHO,

~~xxx~~ Madam:-

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **11809.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On ~~November 1st, 1917,~~ the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) ~~Sandpoint, before Ignatz Weil, Notary Public.~~ should be filled out and sworn to, at

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everthing is properly executed, License will issue.

Yours truly,

J. H. SMITH,

State Engineer.

Boise, Idaho, Oct. 13th 1912 7.

Mr. R. F. Ankerson,
Newport, Washington.

DEAR SIR:

~~Mrs. Mary Vane~~, residing at ~~Newport~~
County of ~~Washington~~, State of ~~Washington~~, has requested that
you make examination required under Permit No. ~~11809~~. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

J. H. MITH, ~~A. F. ROBINSON,~~

Re Permit 11809.

Sept. 27th, 1917.

Mrs. Mary Vane,
Newport, Washington.
DEAR ~~Sir~~ Madam:-

Before your proof can be accepted, it will be necessary that an examination and report be made to this office concerning the same. This examination preferably should be made by an engineer, but in the event that one cannot be secured, the report of any other person competent to determine the capacity of the works, and the area irrigated, will be satisfactory.

Will you, therefore, advise this office whom you wish to be instructed to make this examination for you?

Very truly yours,

Re Permit 11809.

Mr. William Vane,
Newport, Washington.

Dear Sir:--

Am just in receipt of your letter enclosing affidavit of holder and check for fees for proof of completion of works under above permit, favor of Mary Vane. The affidavit is satisfactory hence certificate will be issued.

If the holder has the land under cultivation, or so much thereof as she intends to put under cultivation, she may proceed with her final proof in the following manner: fill out the enclosed blanks and return same to this office in time for the notice to be advertised four full weeks prior to the date of making such proof. Notice must be published in some paper printed in this State and in the county in which the land is situated. On the date set by her for proof, she will be required to appear before the notary public, or other officer taking the proof, with five disinterested witnesses, and fill out the deposition blanks which will be furnished said officer. This proof must be made in the State of Idaho, but can be made at any place in said State most convenient to holder and witnesses.

Very truly yours,

J. H. SMITH,

State Engineer .

NOV 2 1916

Cross Lake

Dr Sir. I beg to acknowledge your letter of
August 15/16. relation to Permit No. 11809. to
Mary Vane. said letter included a blank for
Proof of Completion of Work.

I would say that the work is complete and the dam
finished. however, in the application, I made out a map
or drawing showing the course of ditches, said
ditches all running into the dam or lake;

I in my letter stated that the lake could not be
used in any manner to store water for irrigation but
only for a private fish Pond; all the use for irrigation
is prior to the time the water enters the dam.
however, the land below the Pond can be irrigated from
the Pond by others if they wish to appropriate it.
- I would like information as to the last proof;

and would ask you to send me the amount of miles
applied for in the first application, as all the water in
Thompson creek has been diverted and the old channel

NEWPORT, WASHINGTON,

191

filled up, and crop. from this year. Therefore,
the amount of water now running in said ditch. Can't be
over. 12 miles wide. and 5 miles deep. or might be 6 miles deep
but it is a steady flow, and when spring comm. it will
reach. 12 miles wide by 8 miles. for a month or 6 weeks
if the blank is not filled up proper. And it back
with essential instructions.

I enclose you etc for \$500 as per request.

Yours very truly
William Vane

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mary Vane,
New Port Wn.

Boise, Idaho,

Dear Sir:

Under the terms of your Permit No. 11809, you are required to complete your diversion works on or before Nov 3 1916. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J.H. SMITH
