**RE: Permit No. 95-9042, in the name of Acme Materials &
Construction Co.**

Dear Mr. Smith:

I acknowledge your letter dated June 22, 2006, verifying Mark Murphy as Vice President of CPM Development. It is my understanding that CPM Development acquired or assumed the business of Acme Materials & Construction Company.

This letter is to inform you that the department requires proper notice and documentation verifying the change of ownership for Acme's water right(s). Therefore, I am enclosing an Assignment of Permit form and request that it be completed showing Acme Materials & Construction Co.'s corporate officer's notarized signature assigning the water right permit to CPM Development. Alternatively, please provide the department with a copy of a recorded Warranty Deed, conveying Acme's water rights to CPM Development Corp. Please return the form and copies of supporting documents with \$25.00 for the filing fee, to me at the above address. Upon the department's acceptance of the assignment of permit, I will authorize the extension of time for filing proof you have requested.

According to Section 42-248, Idaho Code, which requires you or the owner of this water right to maintain current ownership and address records on file with the department. If it becomes necessary in the future, please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

If you have questions, contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
