Boise, Idaho 83270-0098

The Idaho Department of Fish and Game is requesting a change in the water right permit No.37-08331 to include a second well diversion (A0007943) to accommodate the original water request for 3 CFS from well (A0007942) which only produced 1.5 CFS. The additional water is needed to optimize fish rearing capability at the Hayspur Fish Hatchery near Bellevue, Idaho and is non-consumptive use. This request is for water use for a year round period but is understood to be used only in the event that the surface water is not sufficient for fish rearing.

Please initiate the Interagency Billing process for the applicable fee for this application. The PCA is 31812 and the ABC code is A1TC. Please send the billing documents to the IDFG Headquarters Office, Attention: Walton Poole, P.O. Box 25, Boise, ID 83707.

Thank you for your attention.
