Re: Assignment of Water Permit No. 63-32134

Dear Permit Owners:

The Idaho Department of Water Resources (IDWR) received your assignment form regarding the above referenced matter on October 11, 2006.

A water permit is personal property of the permit holder(s) and is not considered appurtenant to the place of use described by the permit. The assignment of permit is the correct way to convey the permit to another owner. Several details need your attention as noted below.

1. The water right record in your name is Permit 63-32134, not Application 63-32133 that was listed on the assignment form.
2. The permit can be assigned in part or in whole by completing and returning the enclosed "assignment of permit" form.
3. A \$25 assignment fee is required.

IDWR forms and information are available on the Internet at www.idwr.idaho.gov. Please contact me at 334-2190 if you need more information or have any questions.

Sincerely,

Steve Lester
Water Rights Supervisor
