Re: Water Right Permit No. 97-7453
Drilling Permit No. OLD: 971993N0011000
NEW: 761756

Dear Permit Holder:

I am in receipt of the Proof of Beneficial Use form you submitted in connection with the above referenced water right permit. During my review of your proof I found that the department's records in the Ground Water Protection section, showed that the drilling permit fee you previously paid is not sufficient for this right. The correct fee for a drilling permit for this type of right would have been \$200.00. According to our records, you paid \$35.00 for the drilling permit IN 1993. Therefore, I am requesting \$165.00 to complete the processing of the water right, and the drilling permit requirements.

I will put this matter on hold for **15-days** from the date of this mailing to wait for your payment. If you have paid this amount please send me a copy of the receipt. If you have any questions regarding the drilling permit fee amount, please contact Linda Tracy at (208) 287-4936 Ground Water Protection.

Also, be advised that Section 42-248, Idaho Code, requires water right owners to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions about the field examination, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Christine Roberts
