Re: Water Right Permit No. 22-13529
Drilling Permit No. D0037924

Dear Permit Holder:

I am in receipt of the Proof of Beneficial Use form you submitted in connection with the above referenced water right permit. During my review of your proof I found that the department's records in the Ground Water Protection section, showed that the drilling permit fee you previously paid is not sufficient for this right. The fee paid was for a "Domestic-Single Residence" (a copy of the permit is enclosed), and the water right permit is for Heating & Cooling. The correct fee for a drilling permit for this type of right would have been \$200.00. According to our records, you paid \$75.00 for the drilling permit. Therefore, I am requesting \$125.00 to complete the processing of the water right, and the drilling permit requirements.

I will put this matter on hold for **15-days** from the date of this mailing to wait for your payment. If you have paid this amount please send me a copy of the receipt. If you have any questions regarding the drilling permit fee amount, please contact Linda Tracy at (208) 287-4936 Ground Water Protection.

Also, be advised that Section 42-248, Idaho Code, requires water right owners to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions about the field examination, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Christine Roberts
