RE: App For Transfer 70893

Dear Bob;

Your letter of May 13 has been reviewed by our Boise office, and found to be insufficient with regard to mitigating for the increased evaporation losses that will occur due to this transfer. Some water use must be given up for this transfer to be approved. While you can, of course, propose any mitigation that you wish, the simplest would be for you to dry up one acre of land that is irrigated from Cedar Draw Creek.

I will be out of the office until Monday afternoon if you wish to discuss this. I know I will hear from you soon, but please respond by June 20.

Regards,

James E. Stanton
Sr. Water Resource Agent
